

the lower cost per acre-foot. Additional water rights would be acquired from the Reno-Sparks metropolitan area and from lands located within the Truckee River corridor from Vista downstream to Wadsworth, Nevada. Water associated with acquired rights would be stored, whenever possible, in Truckee River reservoirs owned and operated by the Bureau of Reclamation. Stored WQSA water would be released from storage to enhance Truckee River flow during periods of low flow (primarily June–September) according to a schedule prepared by the parties acquiring water rights under WQSA and the Pyramid Lake Tribe (Joint Program Parties).

Other alternatives considered in the FEIS evaluate strategies that would focus acquisition efforts in the Reno-Sparks metropolitan area or in the Truckee Division. Acquiring water rights exclusively from the Reno-Sparks metropolitan area would likely result in acquisition of the least amount of water rights due to the high cost per acre-foot. A strategy focused on water rights in the Truckee Division would result in the acquisition of the greatest amount of water rights.

The Draft EIS (DEIS) was released for public review on October 5, 2001. Public hearings were held on November 27, 28, 29, and 30, 2001, in Fernley, Nixon, Fallon, and Sparks, Nevada, respectively. At those public hearings, formal comments were received from seven individuals. The DEIS was available for public review from October 5 through December 5, 2001. Responses to comments received on the DEIS are addressed in the FEIS.

The land will be offered by method of competitive sale through sealed bid and at oral auction. All sealed bids must be received at the BLM Carson City Field Office, 5665 Morgan Mill Road, Carson City, NV 89701, no later than 4:15 p.m., PST, December 6, 2002. Sealed bid envelopes must be marked on the lower front left corner, "Bid for Land Sale N-75369, December 10, 2002". Bids must be for not less than the appraised FMV of \$6,500,000.00. Each sealed bid shall be accompanied by a certified check, money order, bank draft, or cashier's check made payable to the Bureau of Land Management, for not less than 10 percent of the amount bid. The highest qualified sealed bid will become the starting bid for oral bidding. If no sealed bids are received, oral bidding will begin at the appraised FMV. The land will be offered for competitive sale by oral auction beginning at 10:00 a.m., PST, December 10, 2002, at the Douglas County Administration Building, 1616 8th Street, Minden, Nevada 89423. Registration for oral bidding will begin at 8:30 a.m. the day of sale and will continue throughout the auction. All oral bidders are required to register. The remainder of the full bid price, whether sealed or oral, must be paid within 180 calendar days of the sale date. Failure to submit sufficient funds for the bid deposit or failure to pay the full price within the 180 days will disqualify the apparent high bidder and cause the entire bid deposit to be forfeited to the BLM. The land will then be offered to the next highest bidder that meets sale qualifications. If that offer is declined, the land may be offered for sale on the Internet at a later date. Contact the Carson City BLM Field Office for Internet auction procedures.

Federal law requires bidders to be U.S. citizens 18 years of age or older; a corporation subject to the laws of any State or of the United States; a State, State instrumentality, or political subdivision authorized to hold property; or an entity including, but not limited to, associations or partnerships capable of holding property or interests therein under the law of the State of Nevada. The BLM may not issue a patent or deed to a person other than the declared successful bidder and qualified conveyee or patentee in a disposal action.

In order to determine the fair market value of the subject public land through appraisal, certain assumptions have been made of the attributes and limitations of the land and potential effects of local regulations and policies on potential future land uses. Through publication of this notice, the Bureau of Land Management gives notice that these assumptions may not be endorsed or approved by units of local government. Furthermore, no warranty of any kind shall be given or implied by the United States as to the potential uses of the land offered for sale, and conveyance of the subject land will not be on a contingency basis. It is the buyers' responsibility to be aware of all applicable local government policies and regulations that would affect the subject land. It is also the buyers' responsibility to be aware of existing or projected use of nearby properties. The Bureau of Land Management may accept or reject any or all offers, or withdraw any land or interest in the land from sale, if, in the opinion of the authorized officer, consummation of the sale would not be fully consistent with FLPMA or other applicable laws or is determined to not be in the public interest. Bureau of Land Management

Notice of Intent To Prepare a Resource Management Plan (RMP) for the King Range National Conservation Area

AGENCY: Bureau of Land Management; Arcata Field Office.

ACTION: Notice of Intent to Prepare a Resource Management Plan (RMP) for the King Range National Conservation Area and associated Environmental Impact Statement (EIS).

SUMMARY: This document provides notice that the Bureau of Land Management (BLM) intends to prepare an RMP with an associated EIS for the King Range National Conservation Area (KRNCA), managed by the Arcata Field Office. The planning area is located in Humboldt and Mendocino Counties, California. This planning activity encompasses approximately 63,000 acres of land within the National Conservation Area (NCA) boundary. The plan will fulfill the obligations set forth by the National Environmental Policy Act (NEPA), the Federal Land Policy and Management Act (FLPMA), the King Range Act, and BLM management policies. The plan will serve to update the 1974 King Range Management Program (KRMP) and associated amendments. Decisions in the original plan and amendments that are still current will be carried forward in the new plan. The BLM will work collaboratively with interested parties to identify the management decisions that are best suited to local, regional, and national needs and concerns. The public scoping process will identify planning issues, develop planning criteria, and outline a vision for area management that reflects the needs and interests of the public and protection of the areas resource values as called for by the King Range Act.

DATES: This notice initiates the public scoping process. Comments on issues and planning criteria can be submitted in writing to the address listed below. All public meetings will be announced through the local news media, newsletters, and the BLM web site (www.ca.blm.gov/arcata/) at least 15 days prior to the event. The minutes and list of attendees for each meeting will be available to the public and open for 30 days to any participant who wishes to clarify the views they expressed.

PUBLIC PARTICIPATION: Public meetings will be held throughout the plan scoping and preparation period. Participation is encouraged and will help determine the future management

of the KRNCA public lands. In addition to the ongoing public participation process, formal opportunities for public input will be provided through comment on the alternatives and upon publication of the BLM draft RMP/EIS.

ADDRESSES: Written comments should be sent to, Bureau of Land Management, Arcata Field Office, 1695 Heindon Road, Arcata, CA 95521. Fax (707) 825-2301. Email comments to

CAweb330@ca.blm.gov. Documents pertinent to this proposal may be examined at the Arcata Field Office located in Arcata, California. Comments, including names and street addresses of respondents, will be available for public review at the Arcata Field Office located in Arcata, CA during regular business hours 7:45 a.m. to 4:30 p.m., Monday through Friday, except holidays, and may be published as part of the EIS. Individual respondents may request confidentiality. If you wish to withhold your name or street address from public review or from disclosure under the Freedom of Information Act, you must state this prominently at the beginning of your written comment. Such requests will be honored to the extent allowed by law. All submissions from organizations and businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be available for public inspection in their entirety.

FOR FURTHER INFORMATION CONTACT: For further information and/or to have your name added to our mailing list, call (707) 825-2300.

SUPPLEMENTARY INFORMATION: The creation of the KRNCA along with the changing needs and interests of the public necessitates a revision to the KRMP, which was completed in 1974. Various supplementary plans, amendments, and implementation of new laws have served to update the 27 year old plan. Decisions in these existing plans that are still current will be carried forward in the new plan. However, changing uses, public interests, and resource conditions indicate that it is timely to update the plan in a comprehensive manner.

Preliminary issues and management concerns have been identified by BLM personnel, other agencies, and in discussions with individuals and user groups. They represent the BLM's knowledge to date on the existing issues and concerns with current management. The major issue themes that will be addressed in the plan effort include: Management and protection of natural/cultural resources and primitive values; recreation/visitor use and safety; and
