SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-53247; File No. SR-Phlx-2006-01]

Self-Regulatory Organizations; Philadelphia Stock Exchange, Inc.; Notice of Filing and Order Granting Accelerated Approval of a Proposed Rule Change and Amendments No. 1 and 2 Thereto To Amend the Phlx's Rules Governing the Hours of Trading in Equity Options and Narrow-Based Index Options

February 7, 2006.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on January 4, 2006, the Philadelphia Stock Exchange, Inc. ("Phlx" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Phlx. On January 20, 2006, the Exchange filed Amendment No. 1 to the proposed rule change.³ The Exchange filed Amendment No. 2 to the proposed rule change on January 31, 2006.⁴ The Commission is publishing this notice to solicit comments on the proposed rule change, as amended, from interested persons and to approve the amended proposal on an accelerated basis.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Phlx proposes to amend Phlx Rules 101, 1012, 1047, 1047A and 1101A and Phlx Floor Procedure Advice ("OFPA") G-2 to indicate that equity options and narrow-based index options may trade until 4 p.m. and not 4:02 p.m. (e.s.t.). The Exchange proposes that these changes be implemented on February 13, 2006.⁵ The text of the proposed rule change, as amended, is available on the Phlx's Web site (<http://www.phlx.com>), at the principal office of the Phlx, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change, as amended, and discussed any comments it received on the proposed rule change, as amended. The text of these statements may be examined at the places specified in Item III below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

According to the Exchange, the purpose of the proposed rule change, as amended, is to amend Phlx Rules governing the hours of trading in equity options and narrow-based index options. Specifically, the Phlx proposes to amend its rules to change the close of normal trading hours in equity options and in narrow-based (industry) index options from 4:02 p.m. to 4 p.m. (e.s.t.). After the change, the time of the close of trading in these Phlx options will correspond to the normal time set for the close of trading on the primary exchanges listing the stocks underlying the Phlx options. The primary exchanges generally close at 4 p.m. (e.s.t.).

The Exchange notes that, in 1997, the closing time for equity options and narrow-based index options was changed from 4:10 p.m. to 4:02 p.m. (e.s.t.). The rationale to continue trading options for some limited period of time after the close of trading on the primary markets for the underlying securities

was that the extended period allowed options traders to respond to late reports of closing prices over the consolidated tape. If the price of a late reported trade on an underlying security was substantially different from the previous reported price, the extended trading session would give options traders the opportunity to bring options quotes in line with the closing price of the underlying security.

However, because of improvements in the processing and reporting of transactions, the Phlx believes that there are no longer significant delays in the reporting of closing prices, and, therefore, a two minute session is no longer needed to trade options after the underlying securities close trading. Additionally, the Exchange believes that pricing aberrations can occur if an option is traded when the underlying stock is no longer trading, since there is a close relationship in the price of the underlying stock and the overlying option. As a result, the Phlx believes that it is difficult for the market to price options accurately when the underlying security is not trading.

At this time, the Exchange is not proposing to change the closing time of 4:15 p.m. (e.s.t.) for broad-based (market) index options because it does not believe that a significant news announcement by the issuer of one component stock of a broad-based index is likely to have a significant effect on the price of that broad-based index.⁶ The Exchange recognizes, however, that indexes that are narrow-based may be subject to the same pricing problems as options on individual stocks⁷ and, as noted above, proposes to change the relevant closing time to 4:00 p.m. (e.s.t.). Accordingly, the Phlx proposes to amend Phlx Rules 101, 1012, 1047, 1047A and 1101A and OFPA G-2 to change the references to times from 4:02 p.m. to 4 p.m. (e.s.t.) for equity options and certain index based options as described above.⁸

The Exchange notes that, if it or some but not all options exchanges were to unilaterally modify its closing time, the existence of dissimilar closing times applicable to the different options exchanges would likely lead to

⁶ Nor is the Exchange proposing to change the closing time of 4:15 p.m. (e.s.t.) for Exchange-Traded Fund Share Options. However, the Exchange is proposing technical changes in the noted rules to clarify that options on Exchange-Traded Fund Shares and broad-based index options may trade until 4:15 p.m. (e.s.t.).

⁷ According to the Exchange, a significant news announcement on one component of such an index could have a significant effect on the index.

⁸ In addition, the Exchange notes that the reference to a 4:10 p.m. closing time in Phlx Rule 101 will similarly be changed to 4:00 p.m. (e.s.t.).

³ In Amendment No. 1, replacing the original filing in its entirety, the Exchange made clarifying changes to the proposed rule text and its discussion.

⁴ In Amendment No. 2, the Exchange requested that the implementation date for the new closing time be changed from February 1, 2006, as was originally proposed, to February 13, 2006.

confusion for options investors and broker-dealers. It is the Phlx's understanding that all of the options exchanges have determined to change their respective rules to revise the closing time in equity options and narrow-based index options from 4:02 p.m. to 4 p.m. (e.s.t.). The Phlx further understands that the options exchanges collectively have determined that they would implement this new closing time on February 13, 2006.⁹

2. Statutory Basis

The Exchange believes that the proposed rule change, as amended, is consistent with Section 6(b) of the Act¹⁰ in general, and furthers the objectives of Section 6(b)(5) of the Act¹¹ in particular, because it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Phlx does not believe that the proposed rule change, as amended, will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were solicited or received with respect to the proposed rule change, as amended.

IV. Commission's Findings and Order Granting Accelerated Approval of Proposed Rule Change

After careful review, the Commission finds that the proposed rule change, as amended, is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange.¹² In particular, the Commission finds that the proposal is consistent with Section 6(b)(5) of the Act,¹³ which requires, among other things, that the rules of a national securities exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in

general, to protect investors and the public interest.

The Commission notes that the Exchange believes that the need to continue trading options for some period of time after the close of trading in the underlying securities markets is no longer necessary because improvements in the processing and reporting of transactions have obviated the need to respond to late reports of closing prices over the consolidated tape in order to bring options quotes in line with the closing price of the underlying security. Moreover, the Exchange believes that allowing two additional minutes of options trading after trading on the underlying primary exchanges has ended may actually result in pricing aberrations. Because the two minute delay between the close of normal trading in equity options and narrow-based index options and the corresponding underlying equity markets is no longer necessary, the Commission believes that eliminating the delay is in the public interest and appropriate for the protection of investors and the maintenance of fair and orderly markets. Therefore, the Commission finds that it is consistent with the Act for the Exchange to amend its rules to change the close of normal trading hours in equity and narrow-based index options from 4:02 p.m. (e.s.t.) to 4 p.m. (e.s.t.).

The Commission finds good cause for approving this proposed rule change, as amended, before the thirtieth day after publication of notice thereof in the **Federal Register**. The Commission notes that all of the options exchanges have filed substantially similar proposals and seek to implement these industry-wide changes simultaneously on February 13, 2006.¹⁴ For example, on December 20, 2005, the Commission published for comment in the **Federal Register** a similar proposed rule change submitted by the Chicago Board Options Exchange, Incorporated ("CBOE").¹⁵ The Commission received no comments on the CBOE's proposed rule change. The Commission believes that the Phlx's proposed rule change, as amended, raises no new issues or novel regulatory questions. Accordingly, the Commission finds good cause, pursuant to Section 19(b)(2) of the Act,¹⁶ for approving the proposed rule change, as amended, prior to the thirtieth day after publication in the **Federal Register**. addition, because the existence of dissimilar closing times among the options exchanges could lead to confusion for options investors and broker-dealers, the Commission finds good cause to accelerate approval of the proposed rule change, as amended, to enable the six options exchanges to simultaneously amend their hours of trading on an industry-wide basis in a uniform manner.¹⁷

V. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,¹⁸ that the proposed rule change and Amendments No. 1 and 2 thereto (SR-Phlx-2006-01) be, and hereby are, approved on an accelerated basis.

The purpose of the DTAG is to provide the Bureau of Political-Military Affairs with a formal channel for regular consultation and coordination with U.S. private sector defense exporters and defense trade specialists on issues involving U.S. laws, policies, and regulations for munitions exports. The DTAG advises the Bureau on its support for and regulation of defense trade to help ensure that impediments to legitimate exports are reduced while the foreign policy and national security interests of the U.S. continue to be protected and advanced in accordance with the Arms Export Control Act (AECA), as amended. Major topics addressed by the DTAG include (a) Policy issues on commercial defense trade and technology transfer; (b) regulatory and licensing procedures applicable to defense articles, services, and technical data; (c) technical issues involving the U.S. Munitions List (USML); and (d) questions relating to actions designed to carry out the AECA and International Traffic in Arms Regulations (ITAR).

Members are appointed by the Assistant Secretary of State for Political-Military Affairs for the purpose of obtaining, from the point of view and perspective of industry and other non-governmental interest groups and stakeholders, substantive and technical expertise on defense trade and related issues.
