Do not submit to www.regulations.gov information for which disclosure is restricted by statute, such as trade secrets and commercial or financial information (hereinafter referred to as Confidential Business Information (“CBI”). Comments submitted through www.regulations.gov cannot be claimed as CBI. Comments received through the website will waive any CBI claims for the information submitted. For information on submitting CBI, see the Confidential Business Information section.

DOE processes submissions made through www.regulations.gov before posting. Normally, comments will be posted within a few days of being submitted. However, if large volumes of comments are being processed simultaneously, your comment may not be viewable for up to several weeks. Please keep the comment tracking number that www.regulations.gov provides after you have successfully uploaded your comment.

Submitting comments via email, hand delivery/courier, or postal mail.

Comments and documents submitted via email, hand delivery/courier, or postal mail also will be posted to www.regulations.gov. If you do not want your personal contact information to be publicly viewable, do not include it in your comment or any accompanying documents. Instead, provide your contact information in a cover letter. Include your first and last names, email address, telephone number, and optional mailing address. The cover letter will not be publicly viewable as long as it does not include any comments.

SUPPLEMENTARY INFORMATION: On January 20, 2025, President Trump issued the "Regulatory Freeze Pending Review" memorandum to executive departments and agencies, published in the **Federal Register** on January 28, 2025 (90 FR 8249). This presidential action ordered all executive departments and agencies to consider

postponing for 60 days the effective date of certain rules published in the **Federal Register** for the purpose of reviewing any questions of fact, law, and policy that the rules may raise. Additionally, executive departments and agencies were to consider opening a comment period to allow interested parties to provide comments about issues of fact, law, and policy raised by the rules postponed under the memorandum.

In implementation of one of the measures directed by that memorandum, the United States Department of Energy (DOE) hereby temporarily postpones the effective date of its final rule adopting new and amended energy conservation standards for commercial refrigerators, freezers, and refrigerator-freezers published in the **Federal Register** on January 21, 2025 (90 FR 7464). Consistent with the January 20, 2025, Presidential Memorandum, DOE is temporarily postponing the effective date of the final rule to May 20, 2025. The temporary delay in effective date is necessary to give DOE officials the opportunity for further review and consideration of new regulations, consistent with the Presidential Memorandum of January 20, 2025.

To the extent that 5 U.S.C. 553 applies to this action, it is exempt from notice and comment because it constitutes a rule of procedure under 5 U.S.C. 553(b)(A) and for which no notice of hearing is required by statute. The delay of the effective date to May 20, 2025, does not affect the compliance date for this rule, which remains January 22, 2029. DOE is, however, seeking comment on any further delay of the effective date, including the impacts of such delay, as well as comment on the legal, factual, or policy issues raised by the rule.
