* as defined in Section 47(6) of the Arms Export Control Act.

POLICY JUSTIFICATION**Kuwait - Technical/Logistics Support for F/A-18 Aircraft**

The Government of Kuwait has requested a possible sale of continuing logistics support, contractor maintenance, and technical services in support of the F/A-18 aircraft to include contractor engineering technical services, contractor maintenance support, avionics software, engine component improvement and spare parts, technical ground support equipment, spare and repair parts, supply support, publications and technical data, engineering change proposals, U.S. Government and contractor technical and logistics personnel services and other related elements of program support. The estimated cost is \$95 million.

This proposed sale will contribute to the foreign policy and national security of the United States by helping to improve the security of a friendly country which has been, and continues to be, an important force for political stability and economic progress in the Middle East.

The Government of Kuwait needs this logistics support, contractor maintenance, and technical services to maintain the operational capabilities of its aircraft.

The contractor maintenance and training technical services will not alter the basic military balance in the region.

The principal contractors will be The Boeing Company in St. Louis, Missouri; and General Dynamics in Fairfax, Virginia. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will not require the assignment of any U.S. Government or contractor representatives to Kuwait.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.
