Regulations Governing Off-the-Record Communications; Public Notice

November 3, 2000.

This constitutes notice, in accordance with 18 CFR 385.2201(h), of the receipt of exempt and prohibited off-the-record communications.

Order No. 607 (64 FR 51222, September 22, 1999) requires Commission decisional employees, who make or receive an exempt or a prohibited off-the-record communication relevant to the merits of a contested on-the-record proceeding, to deliver a copy of the communication, if written, or a summary of the substance

of any oral communication, to the Secretary.

Prohibited communications will be included in a public, non-decisional file associated with, but not part of, the decisional record of the proceeding. Unless the Commission determines that the prohibited communication and any responses thereto should become part of the decisional record, the prohibited off-the-record communication will not be considered by the Commission in reaching its decision. Parties to a proceeding may seek the opportunity to respond to any facts or contentions

made in a prohibited off-the-record communication, and may request that the Commission place the prohibited communication and responses thereto in the decisional record. The Commission will grant such requests only when it determines that fairness so requires. Any person identified below as having made a prohibited off-the-record communication should serve the document on all parties listed on the official service list for the applicable proceeding in accordance with Rule 2010, 18 CFR 385.2010.

Exempt off-the-record communications will be included in the decisional record of the proceeding, unless the communication was with a cooperating agency as described by 40 CFR 1501.6, made under 18 CFR 385.2201(e)(1)(v).

The following is a list of exempt and prohibited off-the-record communications received in the Office of the Secretary within the preceding 14 days. The documents may be viewed on the Internet at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance).

ENVIRONMENTAL PROTECTION AGENCY

[AD-FRL-6899-8]

Standards of Performance for New Stationary Sources and Emission Guidelines for Existing Sources for Other Solid Waste Incinerator Units

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of revised schedule for promulgation.

SUMMARY: Section 129 of the Clean Air Act (CAA) directs us to develop new source performance standards (NSPS) and emission guidelines (EG) for municipal waste combustors (MWC), hospital/medical/infectious solid waste incinerators (HMIWI), commercial or industrial solid waste incinerators (CISWI), and other solid waste incinerators (OSWI). On November 2, 1993, we published a notice in the *Federal Register* (58 FR 58498) adopting a schedule for the promulgation of standards for OSWI and listing the types of incinerators to be included in that category. In that notice, we adopted a date of November 15, 2000 for promulgation of NSPS and EG for

OSWI. This notice revises that schedule and adopts a date of November 15, 2005 for promulgation of NSPS and EG for OSWI.

ADDRESSES: Docket No. A-93-11 contains the supporting information for development of NSPS and EG for OSWI and is available for public inspection and copying between 8:00 a.m. and 5:30 p.m., Monday through Friday, at the Air and Radiation Docket and Information Center, U.S. Environmental Protection Agency, 401 M Street, SW, Washington, DC 20460, telephone (202) 260-7548, fax (202) 260-4000. The docket is available at the above address in Room M-1500, Waterside Mall (ground floor). A reasonable fee may be charged for copying.

FOR FURTHER INFORMATION CONTACT: Mr. Fred Porter, Combustion Group, Emission Standards Division (MD-13), U.S. EPA, Research Triangle Park, North Carolina 27711, (919) 541-5251, electronic mail address: porter.fred@epa.gov.

SUPPLEMENTARY INFORMATION:

I. Introduction

Section 129 of the CAA requires us to develop NSPS and EG for several categories of solid waste incinerators: MWC, HMIWI, CISWI and OSWI. While the CAA specifies the schedule for promulgation of NSPS and EG for MWC, HMIWI, and CISWI, it does not specify a schedule for the promulgation of

NSPS and EG for OSWI. Instead, section 129 requires us to publish a schedule for promulgating NSPS and EG for OSWI.

On November 2, 1993, we published a notice in the *Federal Register* (58 FR 58498) stating that we believed the emissions reductions resulting from NSPS and EG for MWC, HMIWI, and CISWI were likely to outweigh those that could be achieved by NSPS and EG for OSWI. As a result, we announced that we would prioritize our resources and focus first on developing NSPS and EG for MWC, second on developing NSPS and EG for HMIWI, and third on developing NSPS and EG for CISWI. Based on that prioritization and the Administrator's judgement that OSWI are of substantially lesser significance than MWC, HMIWI, and CISWI, we adopted a date of November 15, 2000 for promulgation of NSPS and EG for OSWI.

II. List of Sources in the OSWI Category

In addition to adopting a date of November 15, 2000 for promulgation of NSPS and EG for the OSWI category, we also identified an initial list of incinerators within that category.

Small Incinerators Combusting Municipal Solid Waste are those with capacities of less than 35 tons per day burning municipal solid waste located at plants burning municipal solid waste. Small incinerators burning municipal solid waste are not covered under the NSPS and EG for MWC promulgated on
