

allocated, up to the amount proposed to be invested by each.

(d) The acquisition of Follow-On Investments as permitted by this condition will be considered a Co-Investment Transaction for all purposes and subject to the other conditions set forth in this application.

9. The Non-Interested Directors of each Regulated Fund will be provided quarterly for review all information concerning Potential Co-Investment Transactions and Co-Investment Transactions, including investments made by other Regulated Funds or Future Affiliated Funds that the Regulated Fund considered but declined to participate in, so that the Non-Interested Directors may determine whether all investments made during the preceding quarter, including those investments that the Regulated Fund considered but declined to participate in, comply with the conditions of the Order. In addition, the Non-Interested Directors will consider at least annually the continued appropriateness for the Regulated Fund of participating in new and existing Co-Investment Transactions.

10. Each Regulated Fund will maintain the records required by Section 57(f)(3) of the Act as if each of the Regulated Funds were a BDC and each of the investments permitted under these conditions were approved by the Required Majority under Section 57(f) of the Act.

11. No Non-Interested Director of a Regulated Fund will also be a director, general partner, managing member or principal, or otherwise an "affiliated person" (as defined in the Act) of a Future Affiliated Fund.

12. The expenses, if any, associated with acquiring, holding or disposing of any securities acquired in a Co-Investment Transaction (including, without limitation, the expenses of the distribution of any such securities registered for sale under the Securities Act) will, to the extent not payable by the Advisers under their respective investment advisory agreements with Future Affiliated Funds and the Regulated Funds, be shared by the Regulated Funds and the Future Affiliated Funds in proportion to the relative amounts of the securities held or to be acquired or disposed of, as the case may be.

13. Any transaction fee (including break-up or commitment fees but excluding broker's fees contemplated Section 17(e) or 57(k) of the Act, as applicable), received in connection with a Co-Investment Transaction will be distributed to the participating Regulated Funds and Future Affiliated

Funds on a pro rata basis based on the amounts they invested or committed, as the case may be, in such Co-Investment Transaction. If any transaction fee is to be held by an Adviser pending consummation of the transaction, the fee will be deposited into an account maintained by such Adviser at a bank or banks having the qualifications prescribed in Section 26(a)(1) of the Act, and the account will earn a competitive rate of interest that will also be divided pro rata among the participating Regulated Funds and Future Affiliated Funds based on the amounts they invest in such Co-Investment Transaction. None of the Future Affiliated Funds, the Advisers, the other Regulated Funds or any affiliated person of the Regulated Funds or Future Affiliated Funds will receive additional compensation or remuneration of any kind as a result of or in connection with a Co-Investment Transaction (other than (a) in the case of the Regulated Funds and the Future Affiliated Funds, the pro rata transaction fees described above and fees or other compensation described in condition 2(c)(iii)(C); and (b) in the case of an Adviser, investment advisory fees paid in accordance with the agreement between the Adviser and the Regulated Fund or Future Affiliated Fund.

For the Commission, by the Division of Investment Management, under delegated authority.

Elizabeth M. Murphy,

Secretary.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-71218; File No. SR-CME-2013-24]

Self-Regulatory Organizations; Chicago Mercantile Exchange Inc.; Order Approving Proposed Rule Change Regarding the Designation of a Primary Backup Data Center

December 31, 2013.

I. Introduction

On November 15, 2013, Chicago Mercantile Exchange Inc. ("CME") filed with the Securities and Exchange Commission ("Commission") the proposed rule change (SR-CME-2013-24) pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder.² The proposed rule change was

published for comment in the **Federal Register** on November 27, 2013.³ The Commission received no comment letters regarding the proposal. For the reasons discussed below, the Commission is granting approval of the proposed rule change.

II. Description

CME is proposing to activate its New York Data Center ("1NE Data Center") as its primary backup data center. The 1NE Data Center currently operates in part as a tertiary data center for CME. CME has proposed that the 1NE Data Center will be redesigned and will become the primary backup data center in place of CME's current backup data center, the Remote Data Center ("RDC"). In addition to housing CME's New York trading floor and office staff systems, the 1NE Data Center will house CME's primary back-up for electronic trading, clearing, and regulatory infrastructures. CME has stated that because the 1NE Data Center will be located in a distinct geographic area from CME's primary facility, the proposal to relocate the primary backup data facility will mitigate risks associated with a large scale disruption associated with only one geographical area (for example, a weather event). Because the 1NE Data Center will feature single IP connectivity, CME's customers will not have to change their configurations or take any additional steps to connect to the 1NE Data Center and the risk of disruptions in connectivity will be decreased.

CME has stated that the proposal will help to ensure that CME has sufficient physical, technological and personnel resources to enable the timely recovery and resumption of operations following disruptions, resulting in an increase in reliability and security of its backup data facilities. The proposed change does not involve any changes to CME's rulebook.

III. Discussion and Commission Findings

Section 19(b)(2)(C) of the Act⁴ directs the Commission to approve a proposed rule change of a self-regulatory organization if the Commission finds that such proposed rule change is consistent with the requirements of the Act⁵ and the rules and regulations thereunder applicable to such self-regulatory organization. Section 17A(b)(3)(F) of the Act⁶ requires, among

other things, that the rules of a clearing agency are designed to promote the prompt and accurate clearance and settlement of securities transactions and, to the extent applicable, derivative agreements, contracts, and transactions, to assure the safeguarding of securities and funds which are in the custody or control of the clearing agency and for which it is responsible and, in general, to protect investors and the public interest. The Commission finds that the proposed rule change is designed to enhance CME's business continuity program and data reliability and security and thereby (1) promote the prompt and accurate clearance and settlement of securities transactions and, to the extent applicable, derivatives agreements, contracts, and transactions; (2) help to assure the safeguarding of securities and funds which are in the custody or control of CME; and (3) help to protect investors and the public interest, consistent with the requirements of Section 17A(b)(3)(F) of the Act.⁷

IV. Conclusion

On the basis of the foregoing, the Commission finds that the proposal is consistent with the requirements of the Act and in particular with the requirements of Section 17A of the Act⁸ and the rules and regulations thereunder.

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,⁹ that the proposed rule change (File No. SR-CME-2013-24) be, and hereby is, approved.¹⁰

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹¹
