

Immediately following the conclusion of the Commission Meeting, a press briefing will be held in the Commission Meeting Room. Members of the public may view this briefing in the designated overflow room. This statement is intended to notify the public that the press briefings that follow Commission meetings may now be viewed remotely at Commission headquarters but will not be telecast.

Issued: July 17, 2025.

Debbie-Anne A. Reese,
Secretary.

[Docket No. RM01–5–000]

Electronic Tariff Filings; Notice of Changes to the Establishment of Effective Dates for Filings Initially Accepted With Indeterminate Effective Dates (12/31/9998)

Take notice that effective July 28, 2025, the Commission is modifying its eTariff program as it applies to filings that establish effective dates in proceedings in which the Commission had previously accepted proposed tariff records with indeterminate effective dates (12/31/9998). The revised process is intended to improve the accuracy of the data in eTariff. Under the revision, filers need to use the same process to designate an accepted tariff record with a 12/31/9998 date as overtaken by events (OBE) as they currently use to designate a pending tariff record as OBE. Companies with outstanding obligations to make compliance or informational filings to establish effective dates for filings using 12/31/9998 dates should follow this procedure.

The following provides a more detailed description of how the process will work. The need for this procedure arises when an eTariff filer needs Commission acceptance of its filing before it can establish an effective date for the tariff record(s).¹ Under current procedures, the filer includes a 12/31/9998 placeholder date as its proposed record effective date in its initial filing (Filing 1). If the Commission accepts

that filing, the tariff record(s) are then designated as “accepted” in eTariff.

After this revision to eTariff, once the filer knows the effective date of the tariff record(s) previously accepted by the Commission, the filer will be required to make a compliance filing (Filing 2) to establish the actual effective date for the tariff record(s) and to designate the original accepted tariff record(s) in Filing 1 as OBE. Under this procedure, the filer must make a compliance filing in the same docket as Filing 1 by using the associated filing identifier (associated_filing_id) at the filing level. The filing must include a tariff record(s) with the actual effective date(s) for the previously-accepted tariff record(s) and that also includes, at the tariff record level, the associated filing identifier (associated_filing_id), associated record id (associated_record_id), and associated option code (associated_option_code) of each original tariff record accepted with a 12/31/9998 date. Filers should note that this process can be used only to designate as OBE an accepted tariff record with a 12/31/9998 date and cannot be used to designate as OBE other accepted or effective tariff records.

For more information, contact Michael.Goldenberg@ferc.gov, James.Sarikas@ferc.gov, or the eTariff Advisory Staff at 202–502–6501 or at etariffresponse@ferc.gov.

Dated: July 21, 2025.

Debbie-Anne A. Reese,
Secretary.

Federal Energy Regulatory Commission

[Docket No. CP25–519–000; Docket No. PF24–5–000]

Gulfstream LNG Development, LLC; Notice of Application and Establishing Intervention Deadline

Take notice that on July 7, 2025, Gulfstream LNG Development, LLC (Gulfstream LNG), 1000 N Post Oak Road, Suite 220, Houston, Texas 77055, filed an application under section 3(a) of the Natural Gas Act (NGA) and Part 153 of the Commission’s regulations requesting authorization for its Gulfstream LNG Project (Project). Specifically, Gulfstream LNG proposes to site, construct, and operate a liquefied natural gas export facility in Plaquemines Parish, Louisiana. The proposed Project consists of three

liquefaction trains with a total liquefaction capacity of four million metric tonnes per annum, a truck loading facility, two berths, a 200,000 cubic meter storage tank, and appurtenances, all as more fully set forth in the application which is on file with the Commission and open for public inspection.

In addition to publishing the full text of this document in the **Federal Register**, the Commission provides all interested persons an opportunity to view and/or print the contents of this document via the internet through the Commission’s Home Page (<http://www.ferc.gov>). From the Commission’s Home Page on the internet, this information is available on eLibrary. The full text of this document is available on eLibrary in PDF and Microsoft Word format for viewing, printing, and/or downloading. To access this document in eLibrary, type the docket number excluding the last three digits of this document in the docket number field.

User assistance is available for eLibrary and the Commission’s website during normal business hours from FERC Online Support at (202) 502–6652 (toll free at 1–866–208–3676) or email at ferconlinesupport@ferc.gov, or the Public Reference Room at (202) 502–8371, TTY (202) 502–8659. Email the Public Reference Room at public.referenceroom@ferc.gov.

Any questions regarding the proposed project should be directed to Howard L. Nelson, Attorney, Greenberg Traurig, LLP, 2101 L Street NW, Suite 1000, Washington, DC 20037, by phone at (202) 331–3163, or by email at nelsonh@gtlaw.com.

On May 16, 2024, the Commission granted Gulfstream LNG’s request to utilize the Pre-Filing Process and assigned Docket No. PF24–5–000 to staff activities involved in the Project. Now, as of the filing of the July 7, 2025 application, the Pre-Filing Process for this project has ended. From this time forward, this proceeding will be conducted in Docket No. CP25–519–000 as noted in the caption of this Notice.

Pursuant to section 157.9 of the Commission’s Rules of Practice and Procedure,¹ within 90 days of this Notice the Commission staff will either: complete its environmental review and place it into the Commission’s public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the

¹ A common example is when, a filer makes a proposal to establish a new service and does not know the effective date because it wants Commission acceptance of the filing before it makes the investment needed for implementation and does not know how long implementation will take.

¹ 18 CFR 157.9.

Commission staff's issuance of the final environmental impact statement (FEIS) or environmental assessment (EA) for this proposal. The filing of an EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

Water Quality Certification

Gulfstream LNG stated that a water quality certificate under section 401 of the Clean Water Act is required for the project from Louisiana Department of Environmental Quality. When available, Gulfstream LNG should submit to the Commission a copy of the request for certification for the Commission authorization, including the date the request was submitted to the certifying agency, and either (1) a copy of the certifying agency's decision or (2) evidence of waiver of water quality certification.

Public Participation

There are three ways to become involved in the Commission's review of this project: you can file comments on the project, you can protest the filing, and you can file a motion to intervene in the proceeding. There is no fee or cost for filing comments or intervening. The deadline for filing a motion to intervene is 5:00 p.m. Eastern Time on August 11, 2025. How to file protests, motions to intervene, and comments is explained below.

The Commission's Office of Public Participation (OPP) supports meaningful public engagement and participation in Commission proceedings. OPP can help members of the public, including landowners, community organizations, Tribal members and others, access publicly available information and navigate Commission processes. For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, the public is encouraged to contact OPP at (202) 502-6595 or OPP@ferc.gov.

Comments

Any person wishing to comment on the project may do so. Comments may include statements of support or objections, to the project as a whole or specific aspects of the project. The more specific your comments, the more useful they will be.

Protests

Pursuant to sections 157.10(a)(4)² and 385.211³ of the Commission's regulations under the NGA, any person⁴ may file a protest to the application. Protests must comply with the requirements specified in section 385.2001⁵ of the Commission's regulations. A protest may also serve as a motion to intervene so long as the protestor states it also seeks to be an intervenor.

To ensure that your comments or protests are timely and properly recorded, please submit your comments on or before August 11, 2025.

There are three methods you can use to submit your comments or protests to the Commission. In all instances, please reference the Project docket number CP25-519-000 in your submission.

(1) You may file your comments electronically by using the eComment feature, which is located on the Commission's website at www.ferc.gov under the link to Documents and Filings. Using eComment is an easy method for interested persons to submit brief, text-only comments on a project;

(2) You may file your comments or protests electronically by using the eFiling feature, which is located on the Commission's website (www.ferc.gov) under the link to Documents and Filings. With eFiling, you can provide comments in a variety of formats by attaching them as a file with your submission. New eFiling users must first create an account by clicking on "eRegister." You will be asked to select the type of filing you are making; first select "General" and then select "Comment on a Filing"; or

(3) You can file a paper copy of your comments or protests by mailing them to the following address below. Your written comments must reference the Project docket number (CP25-519-000).

To file via USPS: Debbie-Anne A. Reese, Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426.

To file via any other courier: Debbie-Anne A. Reese, Secretary, Federal Energy Regulatory Commission, 12225 Wilkins Avenue, Rockville, Maryland 20852.

The Commission encourages electronic filing of comments (options 1 and 2 above) and has eFiling staff available to assist you at (202) 502-8258 or FercOnlineSupport@ferc.gov.

² 18 CFR 157.10(a)(4).

³ 18 CFR 385.211.

⁴ Persons include individuals, organizations, businesses, municipalities, and other entities. 18 CFR 385.102(d).

⁵ 18 CFR 385.2001.

Persons who comment on the environmental review of this project will be placed on the Commission's environmental mailing list, and will receive notification when the environmental documents (EA or EIS) are issued for this project and will be notified of meetings associated with the Commission's environmental review process.

The Commission considers all comments received about the project in determining the appropriate action to be taken. However, the filing of a comment alone will not serve to make the filer a party to the proceeding. To become a party, you must intervene in the proceeding. For instructions on how to intervene, see below.

Interventions

Any person, which includes individuals, organizations, businesses, municipalities, and other entities,⁶ has the option to file a motion to intervene in this proceeding. Only intervenors have the right to request rehearing of Commission orders issued in this proceeding and to subsequently challenge the Commission's orders in the U.S. Circuit Courts of Appeal.

To intervene, you must submit a motion to intervene to the Commission in accordance with Rule 214 of the Commission's Rules of Practice and Procedure⁷ and the regulations under the NGA⁸ by the intervention deadline for the project, which is August 11, 2025. As described further in Rule 214, your motion to intervene must state, to the extent known, your position regarding the proceeding, as well as your interest in the proceeding. For an individual, this could include your status as a landowner, ratepayer, resident of an impacted community, or recreationist. You do not need to have property directly impacted by the project in order to intervene. For more information about motions to intervene, refer to the FERC website at <https://www.ferc.gov/resources/guides/how-to/intervene.asp>.

There are two ways to submit your motion to intervene. In both instances, please reference the Project docket number CP25-519-000 in your submission.

(1) You may file your motion to intervene by using the Commission's eFiling feature, which is located on the Commission's website (www.ferc.gov) under the link to Documents and Filings. New eFiling users must first create an account by clicking on

⁶ 18 CFR 385.102(d).

⁷ 18 CFR 385.214.

⁸ 18 CFR 157.10.

“eRegister.” You will be asked to select the type of filing you are making; first select “General” and then select “Intervention.” The eFiling feature includes a document-less intervention option; for more information, visit <https://www.ferc.gov/docs-filing/efiling/document-less-intervention.pdf>; or

(2) You can file a paper copy of your motion to intervene, along with three copies, by mailing the documents to the address below. Your motion to intervene must reference the Project docket number CP25–519–000.

To file via USPS: Debbie-Anne A. Reese, Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426.

To file via any other courier: Debbie-Anne A. Reese, Secretary, Federal Energy Regulatory Commission, 12225 Wilkins Avenue, Rockville, Maryland 20852.

The Commission encourages electronic filing of motions to intervene (option 1 above) and has eFiling staff available to assist you at (202) 502–8258 or FercOnlineSupport@ferc.gov.

Protests and motions to intervene must be served on the applicant either by mail or email at: Howard L. Nelson, Attorney, Greenberg Traurig, LLP, 2101 L Street NW, Suite 1000, Washington, DC 20037 or by email (with a link to the document) at nelsonh@gtlaw.com. Any subsequent submissions by an intervenor must be served on the applicant and all other parties to the proceeding. Contact information for parties can be downloaded from the service list at the eService link on FERC Online. Service can be via email with a link to the document.

All timely, unopposed⁹ motions to intervene are automatically granted by operation of Rule 214(c)(1).¹⁰ Motions to intervene that are filed after the intervention deadline are untimely, and may be denied. Any late-filed motion to intervene must show good cause for being late and must explain why the time limitation should be waived and provide justification by reference to factors set forth in Rule 214(d) of the Commission’s Rules and Regulations.¹¹ A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies (paper or electronic) of all documents filed by the applicant and by all other parties.

⁹ The applicant has 15 days from the submittal of a motion to intervene to file a written objection to the intervention.

¹⁰ 18 CFR 385.214(c)(1).

¹¹ 18 CFR 385.214(b)(3) and (d).

Tracking the Proceeding

Throughout the proceeding, additional information about the project will be available from the Commission’s Office of External Affairs, at (866) 208–FERC, or on the FERC website at www.ferc.gov using the “eLibrary” link as described above. The eLibrary link also provides access to the texts of all formal documents issued by the Commission, such as orders, notices, and rulemakings.

In addition, the Commission offers a free service called eSubscription which allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries, and direct links to the documents. For more information and to register, go to www.ferc.gov/docs-filing/esubscription.asp.

Intervention Deadline: 5:00 p.m. Eastern Time on August 11, 2025.

Dated: July 21, 2025.

Debbie-Anne A. Reese,
Secretary.
