## DEPARTMENT OF LABOR

### Notice of Initial Determination Revising the List of Products Requiring Federal Contractor Certification as to Forced or Indentured Child Labor Pursuant to Executive Order 13126

**AGENCY:** Bureau of International Labor Affairs (ILAB), Department of Labor.

**ACTION:** Request for comments.

**SUMMARY:** This initial determination proposes to revise the list (EO List) required by Executive Order No. 13126 ("Prohibition of Acquisition of Products Produced by Forced or Indentured Child Labor") in accordance with the Department of Labor's "Procedural Guidelines for the Maintenance of the List of Products Requiring Federal Contractor Certification as to Forced or Indentured Child Labor" (the Procedural Guidelines). The EO List identifies products, by their country of origin, that the Department of Labor (DOL), in consultation and cooperation with the Departments of State and Homeland Security (the three Departments), has a reasonable basis to believe might have been mined, produced, or manufactured by forced or indentured child labor. This notice proposes to add one new line item (carpets from India) to the EO List. DOL invites public comment on this initial determination. The three Departments will consider all public comments prior to publishing a final determination revising the EO List.

**DATES:** Information should be submitted to the Office of Child Labor, Forced Labor, and Human Trafficking (OCFT) via one of the methods described below by no later than 5 p.m., January 30, 2015.

### SUPPLEMENTARY INFORMATION:

#### I. Information Sought

DOL is requesting public comment on the revisions to the list proposed below, as well as any other issue related to the fair and effective implementation of Executive Order (EO) 13126. This notice is a general solicitation of comments from the public. All submitted comments will be made a part of the public record and will be available for inspection on <http://www.regulations.gov>.

In conducting research for this initial determination, DOL considered a wide variety of materials based on its own research and originating from other U.S. Government agencies, foreign governments, international organizations, non-governmental organizations, U.S. Government-funded technical assistance and field research projects, academic and other independent research, media, and other sources. The Department of State and U.S. embassies and consulates abroad also provide important information by gathering data from contacts, conducting site visits and reviewing local media sources. In developing the proposed revision to the EO List, DOL's review focused on information concerning the use of forced or indentured child labor that was available from the above sources.

As outlined in the Procedural Guidelines, several factors were weighed in determining whether or not a product should be placed on the revised EO List: The nature of the information describing the use of forced or indentured child labor; the source of the information; the date of the information; the extent of corroboration of the information by other sources; whether the information involved more
