SUPPLEMENTARY INFORMATION:

Background

In 1890, Congress established Chickamauga and Chattanooga National Military Park (the park) to preserve the sites of some of the most remarkable maneuvers and brilliant fighting of the Civil War for historical and professional military study. In addition to the primary purpose for which it was established, the NPS manages the park to allow for recreational activity, which began to increase significantly in the late 1960s and early 1970s. In the 1980s, concerned about potential impacts from the use of mountain bicycles that were becoming very popular at the time, the NPS limited bicycles to (1) park roads open for motor vehicle use by the general public; and (2) a subset of administrative roads closed to motor vehicle use by the public, but open to motor vehicle use by the NPS for administrative purposes. This management framework continues today. Bicycles are allowed on park roads and on the following administrative roads:

- Dalton Ford Road
- Thedford Ford Road
- Vittetoe Road
- Mullis-Vittetoe Road
- the roads located within the South Post area
- the roads known as the Upper Truck Trail and the Lower Truck Trail.

In 2015, the NPS completed the Lookout Mountain Battlefield General Management Plan Amendment (GMPA). The GMPA establishes long-term goals for preserving the park's natural and
