

or wastes, as defined by Federal and State environmental laws are generated, released, stored, used, or otherwise disposed of on the patented real property, and any cleanup response, remedial action, or other actions related in any manner to said solid or hazardous substances or wastes; or (6) Natural resource damages as defined by Federal and State law. This covenant will run with the patented real property and may be enforced by the United States in a court of competent jurisdiction.

Pursuant to the requirements established by Section 120(h) of the Comprehensive Environmental Response, Compensation and Liability Act, 42 U.S.C. 9620(h) (CERCLA), as amended by the Superfund Amendments and Reauthorization Act of 1988 (100 Stat. 1670), notice is hereby given that the above-described lands have been examined and no evidence was found to indicate that any hazardous substances have been stored for 1 year or more, nor had any hazardous substances been disposed of or released on the subject property. To the extent required by law, all parcels are subject to the requirements of Section 120(h) of CERCLA.

No representation, warranty, or covenant of any kind, express or implied, will be given or made by the United States, its officers or employees as to access to or from the above-described parcel of land, the title to the land, whether or to what extent the land may be developed, its physical condition or its past, present or potential uses, and the conveyance of any such parcel will not be on a contingency basis. It is the responsibility of the buyer to be aware of all applicable Federal, State, and local government policies and regulations that would affect the subject lands. It is also the buyer's responsibility to be aware of existing or prospective uses of nearby properties. Lands without access from a public road or highway will be conveyed as such, and future access acquisition will be the responsibility of the buyer.

The BLM prepared a mineral potential report, dated January 6, 2014, which concluded that all minerals rights should be reserved to the United States Government. Mining claim holders Round Mountain Gold Corporation and A.U. Mines, Inc., would be required to amend a portion of the only active mining claims on the land identified for the proposed sale area prior to conveyance.

The purchaser will have 30 days from the date of receiving the sale offer to accept the offer and to submit a deposit

of 20 percent of the purchase price, appraisal, and payment of publication costs. The purchaser must remit the remainder of the purchase price within 180 days from the date of the sale offer. Payments must be by certified check, U.S. postal money order, bank draft, or cashier's check, and made payable to the U.S. Department of the Interior—BLM or conduct an electronic funds transfer. The balance is due 2 weeks prior to 180th day if the purchaser conducts an electronic funds transfer. Failure to meet conditions established for this sale will void the sale and forfeit any payment(s) received.
