

energy action" under that order because it is not a "significant regulatory action" under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. It has not been designated by the Administrator of the Office of Information and Regulatory Affairs as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

#### List of Subjects in 33 CFR Part 117

Bridges.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR Part 117 as follows:

#### PART 117—DRAWBRIDGE OPERATION REGULATIONS

1. The authority citation for part 117 continues to read as follows:

**Authority:** 33 U.S.C. 499; 49 CFR 1.46; 33 CFR 1.05–1(g); Section 117.255 also issued under authority of Pub. L. 102–587, 106 Stat. 5039.

2. In section § 117.319, revise paragraph (a) and add paragraph (c) to read as follows:

##### § 117.319 Oklawaha River.

(a) The draw of the Sharpes Ferry (SR 40) bridge, mile 55.1 shall open on signal if at least three hours notice is given.

\* \* \* \* \*

(c) The draw of the Muclan Farms bridge, mile 63.9, need not open for the passage of vessels.

Dated: July 19, 2002.

#### Regulated Navigation Area; Chesapeake Bay Entrance and Hampton Roads, VA and Adjacent Waters

**AGENCY:** Coast Guard, DOT.

**ACTION:** Direct final rule; confirmation of effective date.

**SUMMARY:** On January 28, 2002, we published a direct final rule. The rule notified the public of our excluding

warships or other vessels owned, leased, or operated by the U.S. Government from certain carriage requirements for navigational charts and publications by allowing the use of approved electronic systems for charting and navigation while operating in the Chesapeake Bay Regulated Navigation Area. We received no comments on the rule; therefore, this rule will go into effect as scheduled.

**DATES:** The effective date of this direct final rule was April 29, 2002.

**FOR FURTHER INFORMATION CONTACT:** LTjg Anne Grabins, Fifth Coast Guard District Aids to Navigation and Waterways Management Branch, at (757) 398–6559.

#### SUPPLEMENTARY INFORMATION:

On May 2, 2001, the Coast Guard published in the **Federal Register** a direct final rule that amended 33 CFR part 164, specifically § 164.01 paragraphs (a) and (c) (66 FR 21864). The amendment exempts public vessels equipped with electronic charting and navigation systems from paper chart carriage requirements. This geographically broad rule, which became effective July 31, 2001 (66 FR 42753, August 15, 2001), applies to public vessels operating in the navigable waters of the United States. A separate section of the CFR, however, still requires public vessels operating in the Chesapeake Bay Regulated Navigation Area (RNA) to carry paper charts (33 CFR 165.501(d)(7)). We amended the Chesapeake Bay RNA regulation to bring its navigation requirements for public vessels operating in this area in alignment with the requirements for all other U.S. waters.

The direct final rule (67 FR 3812, January 28, 2002) excludes public vessels from the corrected paper chart requirements contained in 33 CFR 165.501(d)(7), when operating in the Chesapeake Bay RNA. This exclusion only applies to public vessels equipped with an electronic charting and navigation systems that meet the standards approved by the Federal agency exercising operational control of the vessel.

Dated: July 19, 2002.

#### Safety Zone; Salem Heritage Days Fireworks, Salem, MA

**AGENCY:** Coast Guard, DOT.

**ACTION:** Temporary final rule.

**SUMMARY:** The Coast Guard is establishing a temporary safety zone for the Salem Heritage Days Fireworks, to be held on August 17, 2002, in Salem Harbor, Salem, MA. The safety zone will temporarily close all waters of Salem Harbor within a four hundred (400) yard radius of the fireworks barge. The possibility of firework debris entering the waterway necessitates the need for a safety zone to prevent any potential marine casualties. This rule prohibits entry into or movement within this portion of Salem Harbor and is needed to protect the maritime public from the hazards posed by a fireworks display.

**DATES:** This rule is effective from 9 p.m. until 10 p.m. on August 17, 2002.

**ADDRESSES:** Documents indicated in this preamble as being available in the docket, are part of docket (CGD01–02–094) and are available for inspection or copying at Marine Safety Office Boston, 455 Commercial Street, Boston, MA between the hours of 8 a.m. and 3 p.m., Monday through Friday, except Federal holidays.

#### FOR FURTHER INFORMATION CONTACT:

Chief Petty Officer Daniel Dugery, Marine Safety Office Boston, Waterways Management Division, at (617) 223–3000.

#### SUPPLEMENTARY INFORMATION:

##### Regulatory History

Pursuant to 5 U.S.C. 553, a notice of proposed rulemaking (NPRM) was not published for this regulation. Good cause exists for not publishing a NPRM and for making this regulation effective in less than 30 days after **Federal Register** publication. Information about this event was not provided to the Coast Guard until July 17, 2002, making it impossible to draft or publish a NPRM or a final rule 30 days in advance of its effective date. Any delay in implementing this rule would be contrary to the public interest, since immediate action is needed to prevent traffic from transiting a portion of Salem Harbor, Salem, Massachusetts, and provide for the safety of life on
