SUPPLEMENTARY INFORMATION:

Title of Collection: AmeriCorps NCCC Service Project Application.

OMB Control Number: 3045–0010.

Type of Review: Renewal.

Respondents/Affected Public:

Current/prospective AmeriCorps NCCC sponsors.

Total Estimated Number of Annual Responses: 1,800.

Total Estimated Number of Annual Burden Hours: 17,100.

Abstract: The AmeriCorps NCCC Service Project Application is completed by organizations interested in sponsoring an AmeriCorps NCCC team. Each year, AmeriCorps NCCC engages teams of members in service projects in communities across the United States. The service projects,

which typically last from six to eight weeks, address critical needs in natural and other disasters, infrastructure improvement, environmental stewardship and conservation, energy conservation, and urban and rural development. Members construct and rehabilitate low-income housing, respond to natural disasters, clean up streams, help communities develop emergency plans, and address other local needs. AmeriCorps also seeks to continue using the currently approved information collection until the revised information collection is approved by OMB. There have been several changes made in an effort to streamline the document for users. Based on feedback from stakeholders, the document now has additional project objective options for users to select and the radio buttons have been changed to check boxes to allow for users to select as many objectives as they would like. The NCCC Service Project Application was simplified by deleting the “Organizational Capacity” and “Needs” narrative pages. The currently approved information collection is due to expire on 10/31/22.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval. Comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency’s estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology; and (e) estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, disclose, or provide information to or for a Federal agency. This includes the time needed to review instructions; to develop, acquire, install, and utilize technology and systems for the purpose of collecting, validating and verifying information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information, to search data sources, to complete and review the collection of information; and to

transmit or otherwise disclose the information. All written comments will be available for public inspection on [regulations.gov](https://www.regulations.gov).

Dated: May 16, 2022.

Jacob Sgambati,
Deputy Director.

FOR FURTHER INFORMATION CONTACT: To request more information on this proposed information collection or to obtain a copy of the proposal and associated collection instruments, please write to U.S. Army Corps of Engineers, 441 G Street NW, Washington, DC 20314–1000, ATTN: Ms. Kathryn Nevins, or call 703–428–6440.

SUPPLEMENTARY INFORMATION:

Title; Associated Form; and OMB Number: Recreation Area and Visitor Center Visitor Comment Cards; OMB Control Number 0710–0019.

Needs and Uses: The information collection requirement is necessary to understand and determine the satisfaction of recreation visitors to U.S. Army Corps of Engineers managed recreation areas and visitor centers.

Affected Public: Individuals or households.

Annual Burden Hours: 3,750.

Number of Respondents: 45,000.

Responses per Respondent: 1.

Annual Responses: 45,000.

Average Burden per Response: 5 minutes.

Frequency: On occasion.

Respondents to this collection of information via comment cards are public visitors to U.S. Army Corps of Engineers Recreation Areas. Participation is voluntary. Comment cards are distributed via two methods. In a rack, for example at a visitor center or kiosk, resulting in visitor initiated response, or scheduled surveys where visitors are intercepted by a survey clerk. The respondent is selected from exiting visitors where one member of the party is asked to complete the card and return to the survey clerk. Recreation areas where comment cards are used, meet visitation and funding thresholds or a local administrative need. Survey Clerks are staff or U.S. Army Corps of Engineers trained volunteers. Visitors are asked questions in the following categories; previous visits, area information sources, fees charged, facilities used, facility rating, and demographics.
