

Department of Fish and Wildlife (CDFW) is the lead agency under the California Environmental Quality Act and will decide whether to issue the applicant an Incidental Take Permit and/or a Lake and Streambed Alteration Agreement. The CDFW will release a Final Environmental Impact Report (EIR) independent of this EIS/Plan Amendment.

The Draft EIS/EIR/Plan Amendment was available for a 90-day public comment period on November 1, 2019 (84 FR 58738). The BLM held public meetings on December 2 and 3, 2019, in Palm Desert and Blythe, respectively. Twenty-one comments were received during the comment period. Responses to substantive comments are in Appendix W of the Final EIS/Plan Amendment (Responses to Comments). Public comments resulted in the addition of clarifying text but did not warrant changes to the analysis or conclusions.

In addition to the Proposed Action (Alternative A), the Final EIS/Plan Amendment considers a no action alternative and two action alternatives. Alternative B, Alternative Design, would include one or more of three design elements to reduce grading, trenching, and vegetation removal during construction. Alternative C, Reduced Acreage, would be the same as described under Alternative A in the number and size of project-related facilities and energy generation, but the project area would be reduced to 2,049 acres. All action alternatives would amend the CDCA plan to allow the project. The Agency Preferred Alternative combines Alternative B (reduced grading and reduced vegetation removal) and Alternative C (reduced acreage).

The BLM utilized and coordinated the NEPA process to help fulfill the public involvement process under the National Historic Preservation Act (54 U.S.C. 306108), as provided in 36 CFR 800.2(d)(3).

All protests must be in writing and submitted in accordance with the instructions outlined at: <https://www.blm.gov/programs/planning-and-nepa/public-participation/filing-a-plan-protest> and at 43 CFR 1610.5–2. A written decision will be rendered on each protest and mailed to each protesting party. This decision will be the final decision of the Department of the Interior on each protest. Responses to protest issues will be compiled in a Protest Resolution Report made available following issuance of the decisions. Upon resolution of all protests, a Record of Decision will be issued, which will include information

on any further opportunities for public involvement.

Before including your phone number, email address, or other personal identifying information in your protest, you should be aware that your entire protest—including your personal identifying information—may be made publicly available at any time. While you can ask us to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Authority: 40 CFR 1506.6; 40 CFR 1506.10; 43 CFR 1610.2; 43 CFR 1610.5; 42 U.S.C. 4370m–6(a)(1).
