**SUPPLEMENTARY INFORMATION:**

**I. Abstract**

The Economic Development  
Administration (EDA) leads the Federal  
economic development agenda by  
promoting innovation and  
competitiveness, preparing American  
regions for growth and success in the  
worldwide economy. Guided by the

basic principle that sustainable  
economic development should be  
driven locally, EDA works directly with  
communities and regions to help them  
build the capacity for economic  
development based on local business  
conditions and needs. The Public Works  
and Economic Development Act of 1965  
(PWEDA) (42 U.S.C. 3121 *et seq.*) is  
EDA’s organic authority and is the  
primary legal authority under which  
EDA awards financial assistance. Under  
PWEDA, EDA provides financial  
assistance to both rural and urban  
distressed communities by fostering  
entrepreneurship, innovation, and  
productivity through investments in  
infrastructure development, capacity  
building, and business development to  
attract private capital investments and  
new and better jobs to regions  
experiencing economic distress. Further  
information on EDA programs and  
financial assistance opportunities can be  
found at [www.eda.gov](http://www.eda.gov).

To effectively administer and monitor  
its economic development assistance  
programs, EDA collects certain  
information from applicants for, and  
recipients of, EDA investment  
assistance. The purpose of this notice is  
to seek comments from the public and  
other Federal agencies on extending the  
information collection from recipients  
of awards under the EDA Good Jobs  
Challenge. This is aligned with ensuring  
that Federal workforce investments are  
evidence-based and data-driven, and  
accountable to participants and the  
public. The original data collection  
instrument was filed under OMB 0610-  
0109. This request is to extend the  
expiration of the survey from August  
2025 to December 2028 and increase the  
number of respondents who will  
respond to the data collection. The  
survey will collect data from recipients,  
training providers, and participants  
under the FY 2021 and FY 2024 Good  
Jobs Challenge (GJC) Notice of Funding  
Opportunities (NOFO).
