

Protective Technology program research agenda.

Day 1, March 25th, 2013 (4 a.m.–6 p.m.) is optional. This first day includes informal introductions and discussions of partnering opportunities and on-going collaborations.

Day 2, March 26, 2013 (8 a.m.–6 p.m.) will include formal sessions on potential health effects of pesticide exposure, work safety culture, and the use and limitations of storytelling to motivate safer and healthier work practices. Pesticide handlers and pesticide workers will share their personal stories. The afternoon session will include an update from the U.S. Environmental Protection Agency (EPA).

This meeting will also include interactive sessions involving an expert panel in which stakeholders will brainstorm ways to collaboratively promote wide-spread adoption of best practices.

Status: The meeting is open to the public, limited only by the space available. The meeting room accommodates 33 people. This meeting will also be available to participants at 100 locations via Live Meeting. Live Meeting participants can simultaneously listen, speak, and view presentations via a telephone call and Internet connection.

Registration will be accepted on a first come first served basis. Registration to participate in person is available on the NIOSH NPPTL Web site: www.cdc.gov/niosh/npptl.

Registration to participate via Live Meeting is available at: <https://www.live.meeting.com/lrs/1100003614/Registration.aspx?pageName=lx5wbfv03v192kzj>. Preregistration is required for both remote and in-person attendees.

An email confirming registration will be sent from NIOSH and will include details needed to participate. A government-issued photo ID will be required to obtain entrance to Patriots Plaza for those who will attend in-person. Non-US citizens must be cleared in advance. This clearance takes a minimum of 30 days.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

Submission for OMB Review; Comment Request

Title: Tracking of the Early Head Start Research and Evaluation Project (EHSRET) Sample.

OMB No.: 0970–0388.

Description: The EHSREP is a longitudinal study originally designed to meet the 1994 requirement for a national evaluation of the Early Head Start program. Child and family assessments were conducted when children were 14 months old, 24 months old, 36 months old, in the spring prior to kindergarten entry, and again in the spring of the sixth year of formal schooling (5th grade for most children). Today, children of the EHSREP are approximately 14–17 years of age (depending on their age at the time of enrollment in the study).

The Administration for Children and Families (ACF) within the Department of Health and Human Services (HHS) is proposing to track the children/families who participated in the Early Head Start Research and Evaluation Project (EHSREP) until the children reach 18 years of age. The purpose of tracking these participants is to maintain up-to-date contact information for the children/families in the event that the ACF determines that a future follow-up to the EHSREP will take place.

Respondents: Participants in the Early Head Start Research and Evaluation Project.
