

regulations in part 566 require manufacturers of motor vehicles or motor vehicle equipment, other than tires, to which a Federal motor vehicle safety standard (FMVSS) applies, to submit to NHTSA, on a one-time basis, identifying information on themselves and a description of the products that they manufacture to those standards.

The information that must be submitted includes: a) The full individual, partnership, or corporate name of the manufacturer; b) the residence address of the manufacturer and State of incorporation if applicable; and c) a description of each type of motor vehicle or of covered equipment manufactured by the manufacturer, including, for motor vehicles, the approximate ranges of gross vehicle weight ratings (GVWR) for each type. The regulations specify that the description may be of a general type, such as "passenger cars" or "brake fluid," but that in the case of multipurpose passenger vehicles, trucks, and trailers, the description shall be specific enough to indicate the types of use for which the vehicles are intended, such as "tank trailer," "motor home," or "cargo van." See 49 CFR 566.5(c)(1) and (2).

The regulations further specify that in the case of motor vehicles produced in two or more stages, if the manufacturer is an incomplete vehicle manufacturer, the description shall so state and include a description indicating the stage of completion of the vehicle and, where known, the types of use for which the vehicle is intended, such as "Incomplete vehicle manufacturer—Chassis-cab intended for completion as a van-type truck." See 49 CFR 566.5(c)(3). The regulations also specify that if the manufacturer is an intermediate manufacturer, or a final stage manufacturer of a vehicle manufactured in two or more stages, the description shall so state and include a brief description of the work performed, such as "Multipurpose passenger vehicles: Motor homes with GVWR from 8,000 to 12,000 pounds. Final-stage manufacturer—add body to bare chassis." Ibid.

The information must be submitted no later than 30 days after the manufacturer begins to manufacture motor vehicles or motor vehicle equipment subject to the FMVSS. No specific form need be used for the submission of this information. A suggested form that can be used to submit the required information is included on pages 35 and 36 of a handbook entitled *Requirements for Manufacturers of Motor Vehicles and Motor Vehicle Equipment* that can be

accessed on the agency's Web site at [www.nhtsa.gov/cars/rules/maninfo](http://www.nhtsa.gov/cars/rules/maninfo). A description of the reporting requirement is included on pages 8 and 9 of the handbook.

Manufacturers who have previously submitted identifying information must ensure that the information on file is accurate and complete by submitting revised information no later than 30 days after a change in the business that affects the validity of that information has occurred.

In 2010, NHTSA received submissions of manufacturer identifying information under 49 CFR part 566 from 487 manufacturers. In 2011, the agency received 585 such submissions. In 2012, the agency received 526. Based on this volume of submissions, the agency projects that it will receive approximately 533 part 566 submissions from manufacturers in each of the next three years. Assuming that it will take a manufacturer 15 minutes to prepare a letter containing the requested information or to complete the suggested form, the agency estimates that 133 hours will be expended on an annual basis by all manufacturers required to submit part 566 identifying information.

*Description of the Likely Respondents (Including Estimated Number and Proposed Frequency of Responses to the Collection of Information):* The agency estimates that it will receive new submissions of manufacturer identifying information under part 566 from approximately 533 manufacturers of motor vehicles and regulated items of motor vehicle equipment per year. The manufacturers need only submit the required information on a one-time basis, with the proviso that they notify the agency of any changes in the information on file within 30 days from the date that any change in that information occurs.

*Estimate of the Total Annual Reporting and Recordkeeping Burden of the Collection of Information:* 133 hours.

*Estimate of the Total Annual Costs of the Collection of Information:* Assuming that the letter or form that is used to submit part 566 information is completed by company officers or employees compensated at an average rate of \$30.00 per hour, the agency estimates that \$3,990 will be expended on an annual basis by all manufacturers required to submit that information.

Comments are invited on: Whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; the accuracy of

the Department's estimate of the burden of the proposed information collection; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

##### Background

On December 3, 1999, the Kingpin Act was signed into law by the President of the United States. The Kingpin Act provides a statutory framework for the President to impose

sanctions against significant foreign narcotics traffickers and their organizations on a worldwide basis, with the objective of denying their businesses and agents access to the U.S. financial system and to the benefits of trade and transactions involving U.S. persons and entities.

The Kingpin Act blocks all property and interests in property, subject to U.S. jurisdiction, owned or controlled by significant foreign narcotics traffickers as identified by the President. In addition, the Secretary of the Treasury consults with the Attorney General, the Director of the Central Intelligence Agency, the Director of the Federal Bureau of Investigation, the Administrator of the Drug Enforcement Administration, the Secretary of Defense, the Secretary of State, and the Secretary of Homeland Security when designating and blocking the property or interests in property, subject to U.S. jurisdiction, of persons or entities found to be: (1) Materially assisting in, or providing financial or technological support for or to, or providing goods or services in support of, the international narcotics trafficking activities of a person designated pursuant to the Kingpin Act; (2) owned, controlled, or directed by, or acting for or on behalf of, a person designated pursuant to the Kingpin Act; and/or (3) playing a significant role in international narcotics trafficking.
