[I.D. 051002B]

Assessment Modeling Paper on Large Coastal Sharks

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of availability of large coastal shark assessment modeling paper; request for comments; announcement of large coastal shark stock assessment workshop.

SUMMARY: NMFS announces the availability of a paper that evaluates the range of sensitivity trials and alternative model structures recommended by independent peer reviews of the 1998 large coastal shark (LCS) stock assessment. The paper describes the sensitivity trial results obtained from using 1998 data to evaluate the recommended range of alternative model/data formulations. NMFS requests public comment on the paper and whether the recommendations of the independent peer reviews have been adequately addressed. NMFS also announces the 2002 LCS stock evaluation workshop (SEW) will be held June 24-28, 2002, in the NMFS Panama City Laboratory, 3500 Delwood Beach Road, Panama City, FL 32408.

DATES: Written comments must be received no later than 5 p.m., eastern standard time, on June 5, 2002.

ADDRESSES: Written comments on the modeling paper should be sent to Margo Schulze-Haugen, Highly Migratory Species Management Division (F/SF1), National Marine Fisheries Service (NMFS), 1315 East-West Highway, Silver Spring, MD 20910, or may be sent via facsimile (fax) to 301-713-1917. Written requests for copies of the

modeling paper should be sent to Margo Schulze-Haugen.

FOR FURTHER INFORMATION CONTACT:

Margo Schulze-Haugen or Karyl Brewster-Geisz, (301) 713-2347, fax (301) 713-1917; or Enric Cortes, (850) 234-6541.

SUPPLEMENTARY INFORMATION: The Atlantic shark fisheries are managed under the authority of the Magnuson-Stevens Fishery Conservation and Management Act. The Fishery Management Plan for Atlantic Tunas, Swordfish, and Sharks (HMS FMP) is implemented by regulations at 50 CFR part 635.

On November 21, 2000, Southern Offshore Fishing Association and other commercial fishermen and dealers (plaintiffs) and NMFS reached a settlement agreement that prescribed actions to be taken by both parties in order to resolve issues raised in two lawsuits brought against NMFS by the plaintiffs. On December 7, 2000, Judge Steven D. Merryday of the U.S. District Court for the Middle District of Florida entered an order approving the settlement agreement.

The settlement agreement, *inter alia*, required NMFS to obtain an independent review of the 1998 LCS stock assessment. In October 2001, NMFS received the complete peer reviews of the 1998 LCS stock assessment. The reviews contained various recommendations for future LCS stock assessments.

The modeling paper evaluates the range of sensitivity trials and alternative model structures recommended by the independent peer reviews of the 1998 LCS stock assessment. The paper describes the sensitivity trial results obtained from using 1998 data to evaluate the recommended range of alternative model/data formulations. NMFS requests public comment on the paper and whether the recommendations of the peer reviews have been adequately addressed. The paper is now available on the NMFS website (<http://www.nmfs.noaa.gov/sfa/hmspg.html>). Hard copies of the document are available upon request (see **ADDRESSES**).

NMFS also announces the 2002 LCS stock evaluation workshop (SEW) will be held June 24-28, 2002, in the NMFS Panama City Laboratory, 3500 Delwood Beach Road, Panama City, FL 32408. Past and prospective participants and observers will be contacted with the SEW details. Persons interested in participating or observing the SEW should contact Enric Cortes (see **FOR FURTHER INFORMATION CONTACT**).

COMMITTEE FOR THE IMPLEMENTATION OF TEXTILE AGREEMENTS

Designations under the Textile and Apparel Short Supply Provision of the United States-Caribbean Basin Trade Partnership Act (CBTPA)

May 22, 2002.

AGENCY: Committee for the Implementation of Textile Agreements (CITA).

ACTION: Determination.

SUMMARY: The Committee for the Implementation of Textile Agreements (Committee) has determined, under the CBTPA, that yarn of combed cashmere, combed cashmere blends, or combed camel hair, classified in subheading 5108.20.60 of the Harmonized Tariff Schedule of the United States (HTS) for use in fabric for apparel, cannot be supplied by the domestic industry in commercial quantities in a timely manner. The Committee hereby designates apparel articles that are both cut and sewn in an eligible country, from fabric woven in the United States containing yarn of combed cashmere, combed cashmere blend, or combed camel hair not formed in the United States, as eligible for quota-free and duty-free treatment under the textile and apparel short supply provisions of the CBTPA, and eligible under HTS subheading 9820.11.27 to enter free of quotas and duties, provided all other yarns are U.S. formed and all other fabrics are U.S. formed from yarns wholly formed in the U.S.

FOR FURTHER INFORMATION CONTACT: Martin J. Walsh, Office of Textiles and Apparel, U.S. Department of Commerce, (202) 482-3400.

SUPPLEMENTARY INFORMATION:

Authority: Section 211 of the CBTPA, amending Section 213(b)(2)(A)(v)(II) of the Caribbean Basin Economic Recovery Act (CBERA); Presidential Proclamation 7351 of October 2, 2000; Executive Order No. 13191 of January 17, 2001.

Background

The short supply provision of the CBTPA provides for duty-free and quota-free treatment for apparel articles that are both cut (or knit-to-shape) and

sewn or otherwise assembled in one or more beneficiary CBTPA country from fabric or yarn that is not formed in the United States or a beneficiary CBTPA country if it has been determined that such yarns or fabrics cannot be supplied by the domestic industry in commercial quantities in a timely manner and certain procedural requirements have been met. In Presidential Proclamation 7351, the President proclaimed that this treatment would apply to such apparel articles from fabrics or yarns designated by the appropriate U.S. government authority in the Federal Register. In Executive Order 13191, the President authorized the Committee to determine whether particular yarns or fabrics cannot be supplied by the domestic industry in commercial quantities in a timely manner.

On January 4, 2002, the Committee received a request alleging that yarn of combed cashmere, combed cashmere blends, or combed camel hair, classified in subheading 5108.20.60 of the HTS for use in fabric for apparel, cannot be supplied by the domestic industry in commercial quantities in a timely manner under the CBTPA and requesting that apparel articles from U.S. formed-fabric containing such yarns be eligible for preferential treatment under the CBTPA. On January 10, 2002, the Committee published a notice in the **Federal Register** requesting public comment on the request (67 FR 1330). On January 29, 2002, the Committee and the U.S. Trade Representative (USTR) sought the advice of the Industry Sector Advisory Committee for Wholesaling and Retailing and the Industry Sector Advisory Committee for Textiles and Apparel. On January 29, 2002, the Committee and USTR offered to hold consultations with the Committee on Ways and Means of the House of Representatives and the Committee on Finance of the Senate (collectively, the Congressional Committees). On February 15, 2002, the U.S. International Trade Commission provided advice on the request. Based on the information and advice received and its understanding of the industry, the Committee determined that the yarn set forth in the request cannot be supplied by the domestic industry in commercial quantities in a timely manner. On March 5, 2002, the Committee and USTR submitted a report to the Congressional Committees that set forth the action proposed, the reasons for such action, and advice obtained. A period of 60 calendar days since this report was submitted has expired, as required by the CBTPA.

The Committee hereby designates as eligible for preferential treatment under subheading 9820.11.27 of the HTS apparel articles that are both cut and sewn in one or more eligible CBTPA beneficiary countries from fabric woven in the United States containing yarn of combed cashmere, combed cashmere blends, or combed camel hair, classified in subheading 5108.20.60 in the HTS, not formed in the United States, provided that all other yarns are wholly formed in the United States and that all fabrics are wholly formed in the United States, that are imported directly into the customs territory of the United States from an eligible CBTPA beneficiary country. An article otherwise eligible for preferential treatment under this designation shall not be ineligible for such treatment because the article contains findings, trimmings, certain interlinings, or deminimus foreign yarn, as specified in Section 213(b)(2)(A)(vii)(I), (II), and (III) of the CBTPA.

An "eligible CBTPA beneficiary country" means a country which the President has designated as a CBTPA beneficiary country under section 213(b)(5)(B) of the CBERA (19 U.S.C. 2703(b)(5)(B)) and which has been the subject of a finding, published in the Federal Register, that the country has satisfied the requirements of section 213(b)(4)(A)(ii) of the CBERA (19 U.S.C. 2703(b)(4)(A)(ii)) and resulting in the enumeration of such country in U.S. note 1 to subchapter XX of chapter 98 of the HTS.

James C. Leonard III,
Chairman, Committee for the Implementation of Textile Agreements.
