POLICY JUSTIFICATION

Poland—AGM-158B-2 Joint Air-to-Surface Standoff Missile with Extended Range All-Up-Rounds

The Government of Poland has requested to buy up to eight hundred twenty-one (821) AGM-158B-2 Joint Air-to-Surface Standoff Missiles with Extended Range (JASSM-ER) All-Up-Rounds. Also included are AGM-158 JASSM classified test equipment; weapon system support; integration and test support and equipment; classified software delivery and support; unclassified publications and technical documentation; transportation; U.S. Government and contractor engineering, technical, and logistics support services; and other related elements of logistics and program support. The estimated total cost is \$1.77 billion.

This proposed sale will support the foreign policy goals and national security objectives of the U.S. by improving the security of a NATO Ally that is a force for political stability and economic progress in Europe.

The proposed sale will improve Poland's capability to meet current and future threats by providing advanced,

long-range strike systems for employment from Polish Air Force air platforms. This sale will further advance the already high level of Polish Air Force interoperability with U.S. joint forces and other regional and NATO forces. Poland already has JASSM-ERs in its inventory and will have no difficulty absorbing these articles and services into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractor will be Lockheed Martin, Orlando, FL. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government or contractor representatives to the Government of Poland.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

Transmittal No. 24-33

Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act

Annex

Item No. vii

(vii) *Sensitivity of Technology:*

1. The AGM-158B-2 Joint Air-to-Surface Standoff Missile with Extended Range (JASSM-ER) All-Up-Rounds is a low-observable, highly-survivable, subsonic cruise missile designed to penetrate next-generation air defense systems enroute to target. The JASSM-ER is designed to kill hard, medium-hardened, soft, and area-type targets. The extended range was obtained by going from a turbo jet to a turbo-fan engine and by reconfiguring the fuel tanks for added capacity. This potential sale will include inert missiles with test instrumentation kits.

2. The AGM-158B-2 system capabilities include all the capabilities of the AGM-158B. The AGM-158B-2 configuration will have different internal components to address multiple obsolescence issues as well as subcomponent updates to position for M-Code and other potential upgrades.

3. The highest level of classification of defense articles, components, and services included in this potential sale is SECRET.

4. If a technologically advanced adversary were to obtain knowledge of the specific hardware and software elements, the information could be used to develop countermeasures that might reduce weapon system effectiveness or

be used in the development of a system with similar or advanced capabilities.

5. A determination has been made that Poland can provide substantially the same degree of protection for the sensitive technology being released as the U.S. Government. This sale is necessary in furtherance of the U.S. foreign policy and national security objectives outlined in the Policy Justification.

6. All defense articles and services listed in this transmittal have been authorized for release and export to Poland.

Revised Non-Foreign Overseas Per Diem Rates

AGENCY: Defense Human Resources Activity, Department of Defense (DoD).

ACTION: Notice of revised per diem rates in non-foreign areas outside the Continental U.S.

SUMMARY: Defense Human Resources Activity publishes this Civilian Personnel Per Diem Bulletin Number 328. Bulletin Number 328 lists current per diem rates prescribed for reimbursement of subsistence expenses while on official Government travel to Alaska, Hawaii, the Commonwealth of Puerto Rico, and the possessions of the United States. The Fiscal Year (FY) 2025 lodging rate review for Guam, American Samoa, Midway Islands, Northern Mariana Islands, and Wake Island resulted in rate changes for multiple locations. The meal rate for Wake Island was also updated during this review.

DATES: The updated rates take effect March 1, 2025.

FOR FURTHER INFORMATION CONTACT: Mr. John Kenney, 571-372-1300, john.p.kenney.civ@mail.mil.

SUPPLEMENTARY INFORMATION: This document notifies the public of revisions in per diem rates prescribed by the Per Diem, Travel, and Transportation Allowance Committee for travel to non-foreign areas outside the continental United States. The FY 2025 lodging rate review for Guam, American Samoa, Midway Islands, Northern Mariana Islands, and Wake Island resulted in lodging rate increases for three locations. The review also resulted in a meal rate increase for Wake Island. Bulletin Number 328 is published in the **Federal Register** to ensure that Government travelers

outside the DoD are notified of revisions to the current reimbursement rates.

If you believe the lodging, meal or incidental allowance rate for a locality listed in the following table is insufficient, you may request a rate

review for that location. For more information about how to request a review, please see the Defense Travel Management Office's Per Diem Rate Review Frequently Asked Questions (FAQ) page at [https://](https://www.travel.dod.mil/Travel-Transportation-Rates/Per-Diem/)

www.travel.dod.mil/Travel-Transportation-Rates/Per-Diem/.
