National Agricultural Statistics Service

Title: 2014 Tenure, Ownership, and Transition of Agricultural Land.

OMB Control Number: 0535–0240.

Summary of Collection: The 2014 Tenure, Ownership, and Transition of Agricultural Land (TOTAL) is an integral part of the 2012 Census of Agriculture and is conducted under the authority of the Census of Agriculture Act of 1997 (Pub. L. 105–113). This law requires the Secretary of Agriculture to conduct a census of agriculture in 1998 and every fifth year following 1998. The primary functions of the National Agricultural Statistics Service (NASS) are to prepare and issue state and national estimates of crop and livestock production, disposition, and prices and to collect information on related environmental and economic factors.

Need and Use of the Information: TOTAL will be conducted as a follow-on survey to the 2012 Census of Agriculture and will use two questionnaires, one for farm operators and one for landlords who do not farm. The survey will obtain data to accurately define the economic status of U.S. farm operations and households. Detailed, farm level, economic data are essential for making informed decisions relating to the farming industry. The combined data series will yield a complete picture of farm expenses and land ownership of American farmland.

This is a reinstatement of the previously approved Census of Agriculture follow-on survey titled Agricultural Economics and Land Ownership Survey (AELOS).

Description of Respondents: Business or other for-profit; Farms.

Number of Respondents: 90,000.

Forest Service

Title: Small Business Timber Set-Aside Program: Appeal Procedures on Recomputation of Shares.

OMB Control Number: 0596-0141.

Summary of Collection: The Conference Report accompanying the 1997 Omnibus Appropriation Act (Pub L. 104-208) requires that the Forest Service (FS) establish a process by which purchasers may appeal decisions concerning recomputations of Small Business Set-aside (SBA) shares or structural recomputations of SBA shares, or changes in policies impacting the Small Business Timber Sale Set-Aside Program. FS adopted the Small Business Timber Sale Set-Aside Program on July 26, 1990. FS administers the program in cooperation with the Small Business Administration under the authorities of the Small Business Act of 1988, the National Forest Management Act of 1976, and SBA's regulations at Part 121 of Title 13 of the Code of Federal Regulations. The program is designed to ensure that small business timber purchasers have the opportunity to purchase a fair proportion of National Forest System timber offered for sale.

Need and Use of the Information: Under the program, the FS must re-compute the shares of timber sales to be set aside for qualifying small businesses every five years based on the actual volume of saw timber purchased by small businesses. Re-computation of shares must occur if there is a change in manufacturing capability, if the purchaser size class changes, or if certain purchaser(s) discontinue operations. The appeal information is collected in writing and is possible, in most locations to be sent via email and attached documents to a Forest Service Officer. The collected information is reviewed by FS officials who use the information to render decisions related to re-computations of timber sale share to be set-aside for small business timber purchasers.

Description of Respondents: Business or other for-profit.

Number of Respondents: 40.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 360.
