

securities exchange.²⁸ In particular, the Commission finds that the proposal is consistent with section 6(b)(1) of the Act,²⁹ which requires a national securities exchange to be so organized and have the capacity to be able to carry out the purposes of the Act and to enforce compliance by its members and persons associated with its members with the provisions of the Act, the rules or regulations thereunder, and the rules of the exchange. The Commission also finds that the proposal is consistent with section 6(b)(5) of the Act,³⁰ which requires, among other things, that the rules of an exchange be designed to promote just and equitable principles of trade, to facilitate transactions in securities, to remove impediments to and perfect the mechanisms of a free and open market and a national market system, and, in general, to protect investors and the public interest.

Pursuant to section 19(b)(2) of the Act,³¹ the Commission may not approve any proposed rule change, or amendment thereto, prior to the thirtieth day after the date of publication of the notice thereof, unless the Commission find good cause for so doing. The Commission hereby finds good cause for approving the proposed rule change prior to the thirtieth day after publishing notice thereof in the **Federal Register** pursuant to section 19(b)(2) of the Act.³² The Commission believes that the requested extensions are consistent with the terms and conditions set forth in the Order Approving SR-PCX-2005-90, and notes that in its filing, PCX represented that accelerated effectiveness of the proposed rule change before the expiration of the pilot approvals would provide continuity of Archipelago's operation of the ATS OTC Function and DOT Function. The Commission also notes that the proposed changes are extensions of exceptions that the Commission approved on a pilot basis in the Order Approving SR-PCX-2005-90 and, as such, do not raise any new or novel issues. The pilots are both currently set to expire on November 25, 2005. Permitting PCX to extend the pilots will permit Archipelago to avoid disruption of its operation of the ATS OTC Function and the DOT Function. Furthermore, the Commission notes that after the publication of the pilot approvals in the **Federal Register**, the

Commission did not receive any comment with respect to Archipelago's ownership and operation of the ATS OTC Function of Arca Trading and the DOT Function of Archipelago Securities.

For the foregoing reasons, the Commission finds that the proposed rule change is consistent with the requirements of the Act the rules and regulations thereunder, and finds that good cause exists to accelerate approval of the proposed rule change, pursuant to section 19(b)(2) of the Act.³³

V. Conclusion

It Is Therefore Ordered, pursuant to section 19(b)(2) of the Act,³⁴ that the proposed rule change (SR-PCX-2005-125) is approved on an accelerated basis. Specifically, a permanent exception for the ATS OTC Function of Arca Trading is approved; and the exception for the DOT Function of Archipelago Securities is approved on a pilot basis until the closing date of the Proposed Archipelago NYSE Merger.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.³⁵

Secretary.
