**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed rule.

**SUMMARY:** The Environmental Protection Agency (EPA) is proposing to authorize changes to Tennessee's hazardous waste program under the Resource Conservation and Recovery Act (RCRA). These changes were outlined in an application to the EPA and correspond to certain Federal rules promulgated between January 1, 1983 and June 30, 2021. The EPA reviewed Tennessee's application and has determined that these changes satisfy all requirements needed to qualify for final authorization. Therefore, in the "Rules and Regulations" section of this **Federal Register**, we are authorizing Tennessee for these changes as a direct final rule without a prior proposed rule. If we receive no adverse comment, we will not take further action on this proposed rule.

**DATES:** Comments must be received on or before August 12, 2022.

**ADDRESSES:** Submit your comments, identified by Docket ID No. EPA-R04-RCRA-2022-0395, at <https://www.regulations.gov>. Follow the online instructions for submitting comments. Once submitted, comments cannot be edited or removed from [www.regulations.gov](https://www.regulations.gov). The EPA may publish any comment received to its public docket. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Multimedia submissions (audio, video, etc.) must be accompanied by a written comment. The written comment is considered the official comment and should include discussion of all points you wish to make. The EPA will generally not consider comments or comment contents located outside of the primary submission (*i.e.*, on the web, cloud, or other file sharing system). **SUPPLEMENTARY INFORMATION:** This document proposes to take action on Tennessee's changes to its hazardous waste management program under the Resource Conservation and Recovery Act (RCRA), as amended. We have published a direct final rule authorizing these changes in the "Rules and Regulations" section of this **Federal Register** because we view this as a noncontroversial action and anticipate no adverse comment. We have explained our reasons for this action in the preamble to the direct final rule.

If we receive no adverse comment, we will not take further action on this proposed rule. If we receive an adverse comment, we will withdraw the direct final rule and it will not take effect. #### Endangered and Threatened Wildlife and Plants; Removal of the Puerto Rican Boa From the Federal List of Endangered and Threatened Wildlife

**AGENCY:** Fish and Wildlife Service, Interior.

**ACTION:** Proposed rule.

**SUMMARY:** We, the U.S. Fish and Wildlife Service (Service), propose to remove the Puerto Rican boa (*Chilabothrus inornatus*, but listed as *Epicrates inornatus*), an endemic snake from Puerto Rico, from the Federal List of Endangered and Threatened Wildlife (List). This determination is based on the best available scientific and commercial data, which indicate that the species has recovered and the threats to the species have been eliminated or reduced to the point that the species no longer meets the definition of an endangered species or threatened species under the Endangered Species Act of 1973, as amended (Act). If this proposal is finalized, the Puerto Rican boa will be removed from the List and the prohibitions and conservation measures provided by the Act, particularly through sections 7 and 9, would no longer apply to the species.

**DATES:** We will accept comments received or postmarked on or before September 12, 2022. Comments submitted electronically using the Federal eRulemaking Portal (see **ADDRESSES**, below) must be received by 11:59 p.m. Eastern Time on the closing date. We must receive requests for public hearings, in writing, at the address shown in **FOR FURTHER INFORMATION CONTACT** by August 29, 2022.

#### SUPPLEMENTARY INFORMATION:

##### Executive Summary

*Why we need to publish a rule.* Under the Act, a species warrants protection through listing if it is endangered or threatened. Conversely, a species may be removed from the List if the Act's protections are determined to be no longer required because the species is extinct, the species does not meet the definition of an endangered or a threatened species (because of, for example, recovery), or the listed entity does not meet the statutory definition of a species. We are proposing to remove the Puerto Rican boa from the List due to recovery. Removing a species from the List can be completed only by issuing a rule.

*What this document does.* This rule proposes to delist the Puerto Rican boa based on its recovery.
