

to the total value of those sales examined. The Department will issue appraisal instructions directly to the Customs Service.

Furthermore, the following deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of these final results of this new shipper review, as provided by section 751(a)(1) of the Act: (1) the cash deposit rate for the reviewed companies will be the rates indicated above; (2) for companies not covered in this review, but covered in previous reviews or the LTFV investigation (59 FR 66915, December 28, 1994), the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation, but the manufacturer is, the cash deposit rate will be the most recent rate established for the manufacturer of the merchandise; and (4) if neither the exporter nor the manufacturer is a firm covered in this review or any previous review or the original investigation, the cash deposit rate will be the "all others" rate of 12.45 percent established in the LTFV investigation.

These deposit requirements will remain in effect until publication of the final results of the next administrative review.

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This notice also serves as a reminder to parties subject to administrative protective orders ("APOs") of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This new shipper review and notice are in accordance with sections 751(a)(2)(B) and 777(i)(1) of the Act.

January 18, 2000.

Robert S. LaRussa,

Assistant Secretary for Import Administration.

Application for Duty-Free Entry of Scientific Instrument

Pursuant to Section 6(c) of the Educational, Scientific and Cultural Materials Importation Act of 1966 (Pub. L. 89-651; 80 Stat. 897; 15 CFR part 301), we invite comments on the question of an instrument of equivalent scientific value, for the purposes for which the instrument shown below is intended to be used, is being manufactured in the United States.

Comments must comply with 15 CFR 301.5(a)(3) and (4) of the regulations and be filed within 20 days with the Statutory Import Programs Staff, U.S. Department of Commerce, Washington, D.C. 20230. Application may be examined between 8:30 A.M. and 5:00 P.M. in Room 4211, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C.

Docket Number: 00-001. Applicant: USDA, Agricultural Research Service, 800 Buchanan Street, Albany, CA 94710. Instrument: Picking and Gridding Q-Bot System. Manufacturer: Genetix Ltd., United Kingdom. Intended Use: The instrument is intended to be used in experiments that will include: isolation, characterization and DNA sequencing of genes from organisms of agronomic importance; gridding of clone collections onto filters for gene isolation and genome characterization; construction of DNA microarrays; rearranging clones and samples into new matrix collections; replication of clones and clone library samples.

Application accepted by Commissioner of Customs: January 6, 2000.

Frank W. Creel,

Director, Statutory Import Programs Staff.

Boston University; Notice of Decision on Application for Duty-Free Entry of Electron Microscope

This is a decision pursuant to Section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Pub. L. 89-651, 80 Stat. 897; 15 CFR part 301). Related records can be viewed between 8:30 A.M. and 5:00 P.M. in Room 4211, U.S. Department of Commerce, 14th and Constitution Avenue, N.W., Washington, D.C.

Docket Number: 99-026. Applicant: Boston University, Boston, MA 02215. Instrument: Electron Microscope, Model JEM-2010. Manufacturer: JEOL Ltd., Japan. Intended Use: See notice at 64 FR 63788, November 22, 1999. Order Date: May 24, 1999.

Comments: None received. *Decision:* Approved. No instrument of equivalent scientific value to the foreign instrument, for such purposes as the instrument is intended to be used, was being manufactured in the United States at the time the instrument was ordered. *Reasons:* The foreign instrument is a conventional transmission electron microscope (CTEM) and is intended for research or scientific educational uses requiring a CTEM. We know of no CTEM, or any other instrument suited to these purposes, which was being manufactured in the United States at the time of order of the instrument.
