

domestic interested party group response to its notice of institution (89 FR 95230, December 2, 2024) of the subject five-year reviews was adequate and that the respondent interested party group response was inadequate. The Commission did not find any other circumstances that would warrant conducting full reviews.¹ Accordingly, the Commission determined that it would conduct expedited reviews pursuant to section 751(c)(3) of the Act (19 U.S.C. 1675(c)(3)).

For further information concerning the conduct of these reviews and rules of general application, consult the Commission's Rules of Practice and Procedure, part 201, subparts A and B (19 CFR part 201), and part 207, subparts A, D, E, and F (19 CFR part 207).

Staff report.—A staff report containing information concerning the subject matter of the reviews has been placed in the nonpublic record, and will be made available to persons on the Administrative Protective Order service list for these reviews on May 21, 2025. A public version will be issued thereafter, pursuant to § 207.62(d)(4) of the Commission's rules.

Written submissions.—As provided in § 207.62(d) of the Commission's rules, interested parties that are parties to the reviews and that have provided individually adequate responses to the notice of institution,² and any party other than an interested party to the reviews may file written comments with the Secretary on what determination the Commission should reach in the reviews. Comments are due on or before May 29, 2025 and may not contain new factual information. Any person that is neither a party to the five-year reviews nor an interested party may submit a brief written statement (which shall not contain any new factual information) pertinent to the reviews by May 29, 2025. However, should the Department of Commerce ("Commerce") extend the time limit for its completion of the final results of its reviews, the deadline for comments (which may not contain new factual information) on Commerce's final results is three business days after the issuance of Commerce's results. If comments contain business proprietary information (BPI), they must conform

¹ A record of the Commissioners' votes, the Commission's statement on adequacy, and any individual Commissioner's statements will be available from the Office of the Secretary and at the Commission's website.

² The Commission has found the responses submitted on behalf of Nan Ya Plastics Corp, America ("Nan Ya") and Unifi Manufacturing, Inc. ("Unifi") to be individually adequate. Comments from other interested parties will not be accepted (see 19 CFR 207.62(d)(2)).

with the requirements of §§ 201.6, 207.3, and 207.7 of the Commission's rules. The Commission's *Handbook on Filing Procedures*, available on the Commission's website at https://www.usitc.gov/documents/handbook_on_filing_procedures.pdf, elaborates upon the Commission's procedures with respect to filings.

In accordance with §§ 201.16(c) and 207.3 of the rules, each document filed by a party to the reviews must be served on all other parties to the reviews (as identified by either the public or BPI service list), and a certificate of service must be timely filed. The Secretary will not accept a document for filing without a certificate of service.

Determination.—The Commission has determined these reviews are extraordinarily complicated and therefore has determined to exercise its authority to extend the review period by up to 90 days pursuant to 19 U.S.C. 1675(c)(5)(B).

Authority: These reviews are being conducted under authority of title VII of the Act; this notice is published pursuant to § 207.62 of the Commission's rules.

By order of the Commission.

Issued: April 15, 2025.

Lisa Barton,

Secretary to the Commission.

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701-TA-707 and 731-TA-1668 (Final)]

Melamine From India

Determinations

On the basis of the record¹ developed in the subject investigations, the United States International Trade Commission ("Commission") determines, pursuant to the Tariff Act of 1930 ("the Act"), that an industry in the United States is materially injured by reason of imports of melamine from India, provided for in subheading 2933.61.00 of the Harmonized Tariff Schedule of the United States, that have been found by the U.S. Department of Commerce ("Commerce") to be sold in the United States at less than fair value ("LTFV") and subsidized by the government of India.^{2 3}

¹ The record is defined in § 207.2(f) of the Commission's Rules of Practice and Procedure (19 CFR 207.2(f)).

² 90 FR 9413 and 9415, February 12, 2025.

³ The Commission also finds that imports subject to Commerce's affirmative critical circumstances

Background

The Commission instituted these investigations effective February 14, 2024, following receipt of petitions filed with the Commission and Commerce by Cornerstone Chemical Company, Waggaman, Louisiana. The Commission scheduled the final phase of the investigations following notification of preliminary determinations by Commerce that imports of melamine are being subsidized by the governments of Germany, India, Qatar, and Trinidad and Tobago within the meaning of section 703(b) of the Act (19 U.S.C. 1671b(b)) and imports of melamine from Germany, India, Japan, Netherlands, Qatar, and Trinidad and Tobago are being sold at LTFV within the meaning of section 733(b) of the Act (19 U.S.C. 1673b(b)). Notice of the scheduling of the final phase of the Commission's investigations and of a public hearing to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **FEDERAL REGISTER** of September 30, 2024 (89 FR 79637). The Commission conducted its hearing on December 3, 2024. All persons who requested the opportunity were permitted to participate.

The investigation schedules became staggered when Commerce postponed the final determination for its antidumping duty investigation regarding India, and aligned the final determination for its countervailing duty investigation regarding India with the corresponding antidumping duty investigation, but did not postpone the final determinations in the remaining antidumping duty and countervailing duty investigations. Following notification of final determinations by Commerce that imports of melamine from India were being subsidized by the government of India within the meaning of section 703(b) of the Act (19 U.S.C. 1671b(b)) and sold at LTFV within the meaning of section 735(a) of the Act (19 U.S.C. 1673d(a)), notice of the supplemental scheduling of the final phase of the Commission's countervailing duty and antidumping duty investigations was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **FEDERAL REGISTER** of February 21, 2025 (90 FR 10083).

determinations are not likely to undermine seriously the remedial effect of the antidumping and countervailing duty orders on India.

The Commission made these determinations pursuant to § 735(b) of the Act (19 U.S.C. 1673d(b)). It completed and filed its determinations in these investigations on March 31, 2025. The views of the Commission are contained in USITC Publication 5603 (March 2025), entitled *Melamine from India: Investigation Nos. 701-TA-707 and 731-TA-1668 (Final)*.

By order of the Commission.

Issued: April 16, 2025.

Lisa Barton,

Secretary to the Commission.
