

the state intends to operate the line itself, it will be considered a common carrier. However, if the state contracts with an operator to provide service over the line, only the operator incurs a common carrier obligation. *Id.*

Therefore, because MBTA has contracted with Bay Colony to provide service on the Dover Secondary Track and the Millis Industrial Track pursuant to the 1982 Modified Certificate and the 1987 Modified Certificate, and because there is no indication that MBTA intended to provide service itself, or has ever provided service itself, MBTA does not have a common carrier obligation on any part of the Line.

Expedited Consideration and Effective Date. As described above, in requesting expedited consideration, Bay Colony and Mass Coastal request that any Board authority granted to them be effective upon issuance of the Board's decision. This request is reasonable under the circumstances. Accordingly, the exemptions will be effective on the date that this decision is published in the **Federal Register**.

Relatedly, the Board's regulations require Bay Colony to provide appropriate parties with 60 days' notice of a planned termination of modified certificate operations. *See* 49 CFR 1150.24. Bay Colony shall provide notice of its termination of modified certificate operations on the Line to the appropriate parties, and to the Board in Docket No. FD 29963. The notice also shall indicate that Mass Coastal will now be providing common carrier service on the Line. To allow Mass Coastal to begin providing the common carrier service authorized in this decision, the Board will, on its own motion, waive the 60-day advance notice requirement under 49 CFR 1150.24, and will instead require only seven days' notice.

It is ordered:

1. In Docket No. FD 36746, under 49 U.S.C. 10502, the Board exempts Bay Colony's acquisition of the Easement and operation of the Millis Industrial Track from the prior approval requirements of 49 U.S.C. 10902, as explained above.

2. In Docket No. FD 36746, the Board confirms that the Remaining Dover Secondary Track, between milepost 7.2 and milepost 7.3, remains subject to the 1982 Modified Certificate, as explained above.

3. In Docket No. FD 36747, under 49 U.S.C. 10502, the Board exempts Mass Coastal's acquisition and operation of the Line from the prior approval requirements of 49 U.S.C. 10902, as explained above.

4. Bay Colony shall provide notice pursuant to 49 CFR 1150.24 of its termination of modified certificate operations on the Line to the appropriate parties, and to the Board in Docket No. FD 29963.

5. The 60-day advance notice requirement under 49 CFR 1150.24 is waived, as explained above. Instead, Bay Colony must provide the notice required by 49 CFR 1150.24 at least seven days in advance of the planned termination.

6. Notice of the exemptions will be published in the **Federal Register**.

7. The exemptions will be effective on June 21, 2024. Petitions for reconsideration must be filed by July 11, 2024.

Decided: June 14, 2024.

By the Board, Board Members Fuchs, Hedlund, Primus, and Schultz.

Brendetta Jones,
Clearance Clerk.
