

based mission planning system. FMPS is the Turkish-designed equivalent to the Joint Mission Planning System (JMPS).

15. The AIM-9X Block II Sidewinder Missile is a short-range air-to-air missile providing a high off-boresight seeker, enhanced countermeasure rejection capability, low drag/high angle of attack airframe, and the ability to integrate a Helmet Mounted Cueing System. This potential sale will include AIM-9X guidance section spares, Active Optical Target Detectors, Captive Air Training Missiles (CATM), and CATM guidance units.

16. The AIM-120C-8 Advanced Medium Range Air-to-Air Missile (AMRAAM) is a supersonic, air-launched, aerial intercept guided missile featuring digital technology and micro-miniature solid-state electronics. AMRAAM capabilities include look-down/shoot-down, multiple launches against multiple targets, resistance to electronic countermeasures, and interception of high- and low-flying and maneuvering targets. This potential sale will include Captive Air Training Missiles (CATM) as well as AMRAAM guidance section and control section spares.

17. The GBU-39 Small Diameter Bomb Increment 1 (SDB-I) is a 250-lb GPS-aided inertial navigation system with small autonomous, day or night, adverse weather, conventional, air-to-ground precision glide weapon capabilities able to strike fixed and stationary re-locatable non-hardened targets from standoff ranges. It is intended to provide aircraft with an ability to carry a high number of bombs. Aircraft are able to carry four SDBs in place of one 2,000-lb bomb. This potential sale includes SDB-I Guided Test Vehicles and GBU-39/B Tactical Training Rounds.

18. The AGM-88 High-Speed Anti-Radiation Missile (HARM) is a tactical air-to-surface missile designed to inhibit or destroy surface-to-air missile radars, early warning radars, and radar-directed air defense artillery systems. This potential sale includes HARM guidance section, control section, warhead, and rocket motor spares.

19. The AGM-88E Advanced Anti-Radiation Guided Missile (AARGM) weapon system is an air-to-ground missile intended for Suppression of Enemy Air Defenses (SEAD) and Destruction of Enemy Air Defenses (DEAD) missions. The AARGM provides suppression or destruction of enemy RADAR and denies the enemy the use of air defense systems, thereby improving the survivability of tactical aircraft. This potential sale will include

CATMs as well as guidance section, control section, propulsion section, GPS cards, and warhead spares.

20. Joint Direct-Air Attack Munitions (JDAM) consist of a bomb body paired with a warhead-specific tail kit containing an Inertial Navigation System (INS)/Global Positioning System (GPS) guidance capability that converts unguided free-fall bombs into accurate, adverse weather "smart" munitions. The JDAM weapon can be delivered from modest standoff ranges at high or low altitudes against a variety of land and surface targets during the day or night. The JDAM is capable of receiving target coordinates via preplanned mission data from the delivery aircraft, by onboard aircraft sensors (*i.e.*, FLIR, Radar, etc.) during captive carry, or from a third-party source via manual or automated aircrew cockpit entry.

(a) The GBU-31 is a 2,000-pound JDAM consisting of a KMU-556 tail kit and BLU-109 or MK-84 bomb body.

(b) The GBU-31v3 is a 2,000-pound JDAM consisting of a KMU-557 tail kit and BLU-109 bomb body.

(c) The GBU-32 is a 1,000-pound JDAM consisting of a KMU-559 tail kit and BLU-110 or MK-83 bomb body.

(d) The GBU-54 Laser Joint Direct Attack Munition (LJDAM) is a 500-pound JDAM which incorporates all the capabilities of the JDAM guidance tail kit and adds a precision laser guidance set. The LJDAM gives the weapon system an optional semi-active laser guidance in addition to the INS/GPS guidance. This provides the optional capability to strike moving targets. The GBU-54 consists of a DSU-38 laser guidance set, KMU-572 tail kit, and MK-82 or BLU-111 bomb body.

(e) This potential sale includes inert bombs, which have no explosive fill and are used for integration testing.

21. The FMU-152 or FMU-139 Joint Programmable Fuze (JPF) is a multi-delay, multi-arm, and proximity sensor compatible with general purpose blast, frag, and hardened-target penetrator weapons. The JPF settings are cockpit selectable in flight when used with numerous precision-guided weapons.

22. The Common Munitions Built-In-Test/Reprogramming Equipment (CMBRE) is support equipment used to interface with weapon systems to initiate and report BIT results and to upload and download flight software. CMBRE supports multiple munitions platforms with a range of applications that perform preflight checks, periodic maintenance checks, loading of Operational Flight Program (OFP) data, loading of munitions mission planning data, loading of Global Positioning

System (GPS) cryptographic keys, and declassification of munitions memory.

23. The Electronic Warfare Integrated Reprogramming Database (EWIRDB) is used by U.S. Government engineers in the reprogramming and creation of shareable Mission Data Files for the AN/ALQ-131 electronic countermeasures pod on the F-16 aircraft. The source product is not releasable to the customer.

24. The highest level of classification of defense articles, components, and services included in this potential sale is SECRET.

25. If a technologically advanced adversary were to obtain knowledge of the specific hardware and software elements, the information could be used to develop countermeasures that might reduce weapon system effectiveness or be used in the development of a system with similar or advanced capabilities.

26. A determination has been made that Türkiye can provide substantially the same degree of protection for the sensitive technology being released as the U.S. Government. This sale is necessary in furtherance of the U.S. foreign policy and national security objectives outlined in the Policy Justification.

27. All defense articles and services listed in this transmittal have been authorized for release and export to Türkiye.

BILLING CODE 6001-FR-P

DEPARTMENT OF DEFENSE

Office of the Secretary

[Docket ID: DOD-2024-OS-0151]

Proposed Collection; Comment Request

AGENCY: Office of the Under Secretary of Defense for Personnel and Readiness (OUSD (P&R)), Department of Defense (DoD).

ACTION: 60-Day information collection notice.

SUMMARY: In compliance with the *Paperwork Reduction Act of 1995*, the OUSD P&R announces a proposed public information collection and seeks public comment on the provisions thereof. Comments are invited on: whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; the accuracy of the agency's estimate of the burden of the proposed information collection; ways to enhance the quality,

utility, and clarity of the information to be collected; and ways to minimize the burden of the information collection on respondents, including through the use of automated collection techniques or other forms of information technology.

DATES: Consideration will be given to all comments received by March 7, 2025.

ADDRESSES: You may submit comments, identified by docket number and title, by any of the following methods:

Federal eRulemaking Portal: <http://www.regulations.gov>. Follow the instructions for submitting comments.

Mail: Department of Defense, Office of the Assistant to the Secretary of Defense for Privacy, Civil Liberties, and Transparency, Regulatory Directorate, 4800 Mark Center Drive, Mailbox #24 Suite 05F16, Alexandria, VA 22350–1700.

Instructions: All submissions received must include the agency name, docket number and title for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing at <http://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

FOR FURTHER INFORMATION CONTACT: To request more information on this proposed information collection or to obtain a copy of the proposal and associated collection instruments, please write to Office of the Under Secretary of Defense, Military Personnel Policy, 1500 Defense Pentagon, Washington, DC 20301–4000, Ronald Garner (703) 693–1059.

SUPPLEMENTARY INFORMATION:

Title; Associated Form; and OMB Number: Combat Related Special Compensation and Reconsideration Forms; DD 2860, DD3210; OMB Control Number 0704–CRSC.

Needs and Uses: This information collection requirement is necessary for both the initial review of information and determination of eligibility benefits for the CRSC Program, and to obtain and record additional information for reconsideration into the CRSC Program if the Service Member has been previously denied entry due to failure to meet program criteria. The reconsideration form is used to gain and collect new and substantive documentation that supports the request of the Service Members qualifications for the CRSC Program.

Affected Public: Individuals or households.

Annual Burden Hours: 5,625.

Number of Respondents: 22,500.

Responses per Respondent: 1.

Annual Responses: 22,500.

Average Burden per Response: 15 minutes.

Frequency: As required.

Dated: December 30, 2024.

Stephanie J. Bost,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

BILLING CODE 6001–FR–P

DEPARTMENT OF DEFENSE

Office of the Secretary

[Docket ID: DoD–2024–OS–0107]

Submission for OMB Review; Comment Request

AGENCY: Office of the Under Secretary of Defense for Personnel and Readiness (OUSD (P&R)), Department of Defense (DoD).

ACTION: 30-Day information collection notice.

SUMMARY: The DoD has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act.

DATES: Consideration will be given to all comments received by February 5, 2025.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

FOR FURTHER INFORMATION CONTACT:

Reginald Lucas, whs.mc-alex.esd.mbx.dd-dod-information-collections@mail.mil or (571) 372–7574.

SUPPLEMENTARY INFORMATION:

Title; Associated Form; and OMB

Number: Defense Sexual Assault Incident Reporting; DD Form 2965, 2910, 2910–1, 2910–2, 2910–3, 2910–4; OMB Control Number 0704–0482.

Type of Request: Extension.

Number of Respondents: 8,247.

Responses per Respondent: 1.

Annual Responses: 8,247.

Average Burden per Response: 2.1 hours.

Annual Burden Hours: 17,318.

Needs and Uses: Section 563 of Public Law (Pub. L.) 110–417, the National Defense Authorization Act (NDAA) for Fiscal Year (FY) 2009, directs the Secretary of Defense to implement a centralized case-level database for the

collection and maintenance of information regarding sexual assaults involving members of the armed forces.

This includes information, if available, about the nature of the assault, victim, alleged offender, investigative information, case outcomes in connection with the assault, and other information necessary to fulfill reporting requirements. Section 543 of Public Law 114–328, the NDAA for FY 2017, further directed the Secretary of Defense to include information on each claim of retaliation in connection with a report of sexual assault in the Armed Force made by or against a member of such Armed Force in the Annual Report on Sexual Assault in the Military. This includes the narrative description and nature of each complaint, information on the complainant and alleged retaliator, and summary and determination of the investigation. Section 536 of Public Law 116–92 of the NDAA for FY 2020 directs the Secretary to prescribe procedures under which a victim who files a restricted report on an incident of sexual assault may request, at any time, the return of any personal property of the victim obtained as part of the sexual assault forensic examination.

Affected Public: Individuals or households.

Frequency: On occasion.

Respondent's Obligation: Voluntary.

DoD Clearance Officer: Mr. Reginald Lucas.

Dated: December 30, 2024.

Stephanie J. Bost,

Alternate OSD Federal Register Liaison Officer, Department of Defense.
