

**SUPPLEMENTARY INFORMATION:****I. Background**

FDA is announcing the availability of a draft guidance for industry entitled "Immunogenicity-Related Considerations for the Approval of Low Molecular Weight Heparin for NDAs and ANDAs." This draft guidance provides recommendations to applicants for new drug applications (NDAs) and abbreviated new drug applications (ANDAs) regarding impurities and their potential effect on immunogenicity for LMWH. The draft guidance also includes recommendations on meeting the requirement for active ingredient sameness for ANDAs. A demonstration of active ingredient sameness helps to address immunogenicity in the context of ANDAs.

This draft guidance is being issued consistent with FDA's good guidance practices regulation (21 CFR 10.115). The draft guidance, when finalized, will represent the Agency's current thinking on immunogenicity-related considerations for low molecular weight heparin for NDAs and ANDAs. It does not create or confer any rights for or on any person and does not operate to bind FDA or the public. An alternative approach may be used if such approach satisfies the requirements of the applicable statutes and regulations.

**II. The Paperwork Reduction Act of 1995**

This guidance refers to a previously approved collection of information that is subject to review by the Office of Management and Budget (OMB) under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520). The collection of information in 21 CFR part 314 has been approved under OMB control number 0910–0001.

**III. Comments**

Interested persons may submit either electronic comments regarding this document to <http://www.regulations.gov> or written comments to the Division of Dockets Management (see **ADDRESSES**). It is only necessary to send one set of comments. Identify comments with the docket number found in brackets in the heading of this document. Received comments may be seen in the Division of Dockets Management between 9 a.m. and 4 p.m., Monday through Friday, and will be posted to the docket at <http://www.regulations.gov>.

**IV. Electronic Access**

Persons with access to the Internet may obtain the document at either <http://www.fda.gov/Drugs/Guidance>

*ComplianceRegulatoryInformation/Guidances/default.htm* or <http://www.regulations.gov>.

Dated: April 3, 2014.

[Docket No. FDA–2013–D–1445]

**Blood Glucose Monitoring Test Systems for Prescription Point-of-Care Use; Draft Guidance for Industry and Food and Drug Administration Staff; Extension of Comment Period**

**AGENCY:** Food and Drug Administration, HHS.

**ACTION:** Notice; extension of comment period.

**SUMMARY:** The Food and Drug Administration (FDA) is extending to May 7, 2014, the comment period for the notice that appeared in the **Federal Register** of January 7, 2014 (79 FR 830). In the notice, FDA requested comments on a draft guidance document entitled "Blood Glucose Monitoring Test Systems for Prescription Point-of-Care Use." The Agency is taking this action in response to requests for an extension to allow interested persons additional time to submit comments.

**DATES:** FDA is extending the comment period on the draft guidance entitled "Blood Glucose Monitoring Test Systems for Prescription Point-of-Care Use." Submit either electronic or written comments by May 7, 2014.

**ADDRESSES:** Submit electronic comments on the draft guidance to <http://www.regulations.gov>. Submit written comments to the Division of Dockets Management (HFA–305), Food and Drug Administration, 5630 Fishers Lane, Rm. 1601, Rockville, MD 20852. Identify comments with the docket number found in brackets in the heading of this document.

**FOR FURTHER INFORMATION CONTACT:** Patricia Bernhardt, Center for Devices and Radiological Health, Food and Drug Administration, 10903 New Hampshire Ave., Bldg. 66, Rm. 5654, Silver Spring, MD 20993–0002.

**SUPPLEMENTARY INFORMATION:****I. Background**

In the **Federal Register** of January 7, 2014 (79 FR 830), FDA published a notice announcing the availability of the

draft guidance entitled "Blood Glucose Monitoring Test Systems for Prescription Point-of-Care Use."

Interested persons were invited to submit comments by April 7, 2014. At this time the Agency is extending the comment period until May 7, 2014, to continue to receive public comments. Comments submitted to the docket will assist in identifying issues to be addressed in the finalized guidance document.

**II. Request for Comments**

Interested persons may submit either electronic comments regarding this document to <http://www.regulations.gov> or written comments to the Division of Dockets Management (see **ADDRESSES**). It is only necessary to send one set of comments. Identify comments with the docket number found in brackets in the heading of this document. Received comments may be seen in the Division of Dockets Management between 9 a.m. and 4 p.m., Monday through Friday, and will be posted to the docket at <http://www.regulations.gov>.
