

DEPARTMENT OF DEFENSE**Department of the Army, Corps of Engineers****Notice of Availability for the Final Program Environmental Impact Statement/ Environmental Impact Report for the San Diego Creek Watershed Special Area Management Plan/Watershed Streambed Alteration Agreement Process, Orange County, CA****AGENCY:** Army Corps of Engineers, DoD.**ACTION:** Notice.

SUMMARY: Pursuant to section 102(2)(c) of the National Environmental Policy Act (NEPA) of 1969 (as amended), the U.S. Army Corps of Engineers, Los Angeles District, Regulatory Division (Corps), in coordination with the California Department of Fish and Game, Habitat Conservation Branch, South Coast Region (Department), has completed a Final Program Environmental Impact Statement/ Environmental Impact Report (EIS/EIR) (Volume III—Evaluation of and Response to Comments/Errata) for the Special Area Management Plan/ Watershed Streambed Alteration Agreement (SAMP/WSAA) Process for the San Diego Creek Watershed, Orange County, California. The SAMP/WSAA Process establishes alternative permitting procedures for projects within the San Diego Creek Watershed that would alter the bed, bank, or channel of rivers, streams, and lakes and associated riparian habitats under the Department's jurisdiction, and discharge dredged or fill material into waters of the United States subject to the Corps jurisdiction. The SAMP/WSAA Process permitting procedures will improve the Corps and the Department's ability to evaluate such projects, as compared to the process each agency would normally follow in permitting such projects on a case-by-case basis.

The SAMP is comprised of the following four elements: an Analytical Framework that characterizes aquatic resource conditions for the San Diego Creek Watershed; modified watershed-specific permitting processes, including watershed-specific and resource-based permitting protocols and a mitigation framework; a Strategic Mitigation Plan that is based upon a riparian ecosystem restoration plan for the Watershed; and a Mitigation Coordination Program to achieve implementation of the Strategic Mitigation Plan and foster a coordinated approach to aquatic resource management in the San Diego Creek Watershed.

Title: Competitive Loan Auction Pilot Program.

Abstract: The Department of Education is requesting emergency clearance of all documents associated with this clearance by March 2, 2009 to meet Congressional legislative mandates. This data collection is necessary to conduct an auction for the rights to originate PLUS loans to parent borrowers under the Federal PLUS Program authorized by Section 428B of Title IV of the Higher Education Act of 1965, as amended (HEA), for the period beginning on or after July 1, 2009 and ending June 30, 2011. The HEA, as amended by the Higher Education Opportunity Act of 2008 (HEOA), requires that the right to originate PLUS loans to new parent borrowers under the Federal PLUS Program be determined through a competitive sealed bid, one-round auction to be conducted for each State, the District of Columbia, and Puerto Rico (State). The information requested is necessary to determine whether the winning bidders will be able to make and service the PLUS loans made to parents as a result of the auction as well as to conduct the auction itself.

Additional Information: The U.S. Department of Education requests that OMB grant an emergency clearance by March 2, 2009 for all documents associated with the Competitive Loan Auction Pilot Program for PLUS loans, so that Congressional legislative mandates may be satisfied. The Competitive Loan Auction Pilot Program for PLUS loans is a new Federal Family Education Loan program. This pilot program was mandated by Congress in the College Cost Reduction and Access Act of 2007 (CCRAA) and in the Higher Education Act (HEA) of 1965, as amended, Title IV, Part I, Section 499, Competitive Loan Auction Pilot Program. We are requesting permission for an emergency clearance to allow eligible lenders to participate in the prequalification process. We must meet the deadline set by Congress to have the pilot program in place and running by July 1, 2009, so that lenders may process student aid applications.

The Department will conduct The Competitive Loan Auction Pilot Program in two parts. First, lenders must submit a prequalification form that collects specific information necessary

for the Department to determine if the lender has the financial and technological resources necessary to make loans to parents under the PLUS loan program in the state(s) in which the lender will bid. Secondly, once pre-qualified, lenders may submit a bid which is the lowest special allowance payment (SAP), as defined in Section 438 of the HEA, they are willing to accept for Federal PLUS Loans made pursuant to the auction. Only two eligible lenders (as defined in Section 435(d) of the HEA) meeting the pre-qualification requirements will be identified for each State and they will be the sole eligible lenders authorized to originate Federal PLUS loans to new parent borrowers. The Department must have clearance of the documents by March 2, 2009 so that the prequalification process can begin, the subsequent auction held, and winning bidders notified so they will have sufficient time to operationalize their business processes.

Strengthening Institutions Program

AGENCY: Office of Postsecondary Education, Department of Education.

ACTION: Notice of intent to fund down the fiscal year (FY) 2008 grant slate for the Strengthening Institutions Program.

SUMMARY: The Secretary intends to use the grant slate developed in FY 2008 for the Strengthening Institutions Program authorized by Title III, Part A of the Higher Education Act of 1965, as amended (HEA), to make new grant awards in FY 2009. The Secretary takes this action because a significant number of high-quality applications remain on last year's grant slate. We expect to use an estimated \$19,308,000 for new awards in FY 2009. The actual level of funding depends on final Congressional action.

SUPPLEMENTARY INFORMATION:

Background

On April 22, 2008, we published a notice in the **Federal Register** (73 FR 21614) inviting applications for new awards under the Strengthening Institutions Program.

In response to this notice, we received a significant number of high-quality applications for grants under the Strengthening Institutions Program and made 61 new grant awards. However, many applications that were awarded high scores by peer reviewers did not receive funding in FY 2008.

Limited funding may be available for new awards under this program in FY 2009. To conserve funding that would have been required for a peer review of new grant applications and to instead use those funds to support grant activities, we will select grantees in FY 2009 from the existing slate of applicants. This slate was developed during the FY 2008 competition using
