14. Environment

We have analyzed this proposed rule under Department of Homeland Security Management Directive 023-01 and Commandant Instruction M16475.ID, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321-4370f), and have made a preliminary determination that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This proposed rule involves establishing a temporary safety zone in the Lower Mississippi River, (MM) 745.0 to (MM) 736.0. This action is necessary to protect persons and property during the full-scale exercise. This rule is categorically excluded from further review under paragraph 34(g) of Figure 2-1 of the Commandant Instruction. A preliminary environmental analysis checklist supporting this determination and a Categorical Exclusion Determination are available in the docket where indicated under **ADDRESSES**. We seek any comments or information that may lead to the discovery of a significant environmental impact from this proposed rule.

BILLING CODE 9110-04-P

DEPARTMENT OF EDUCATION

34 CFR Part 75

Proposed Waiver and Extension of the Project Period for the Native Hawaiian Career and Technical Education Program

Catalog of Federal Domestic Assistance (CFDA) Number: 84.259A.

AGENCY: Office of Career, Technical, and Adult Education, Department of Education.

ACTION: Proposed waiver and extension of the project period.

SUMMARY: For the Native Hawaiian Career and Technical Education Program (NHCTEP), the Secretary proposes to waive the requirements that generally prohibit project period extensions involving the obligation of additional Federal funds and extend the project periods of the seven current NHCTEP grants for up to an additional 24 months. This proposed waiver and extension would allow the seven

current NHCTEP grantees to seek continuation awards annually through fiscal year (FY) 2016 and possibly through FY 2017.

DATES: We must receive your comments on or before March 12, 2015.

ADDRESSES: Address all comments regarding this proposed extension and waiver to Linda Mayo, U.S. Department of Education, 400 Maryland Avenue SW., Room 11075, Potomac Center Plaza (PCP), Washington, DC 20202-7241.

If you prefer to send your comments by email, use the following address: linda.mayo@ed.gov. You must include the term "Proposed Waiver and Extension for NHCTEP" in the subject line of your message.

FOR FURTHER INFORMATION CONTACT: Linda Mayo by telephone at (202) 245-7792 or by email at: linda.mayo@ed.gov.

If you use a telecommunications device for the deaf or a text telephone, call the Federal Relay Service, toll free, at 1-800-877-8339.

SUPPLEMENTARY INFORMATION:

Invitation to Comment: We invite you to submit comments regarding this proposed waiver and extension of the project period.

During and after the comment period, you may inspect all public comments about this proposed waiver and extension in Room 11075, PCP, 550 12th Street SW., Washington, DC, between the hours of 8:30 a.m. and 4 p.m., Washington, DC time, Monday through Friday of each week, except Federal holidays.

Assistance to Individuals with Disabilities in Reviewing the Rulemaking Record: On request, we will provide an appropriate accommodation or auxiliary aid to an individual with a disability who needs assistance to review the comments or other documents in the public rulemaking record for this notice. If you want to schedule an appointment for this type of aid, please contact the person listed under **FOR FURTHER INFORMATION CONTACT**.

Background

NHCTEP, authorized by section 116 of the Carl D. Perkins Career and Technical Education Act of 2006 (Act), supports grants to community-based organizations primarily serving and representing Native Hawaiians.¹ Under this program, grantees carry out projects that provide organized educational

¹ For purposes of NHCTEP, "community-based organization" means a public or private organization that provides career and technical education, or related services, to individuals in the Native Hawaiian community.

activities offering a sequence of courses that—

(a) Provides individuals with coherent and rigorous content aligned with challenging academic standards and relevant technical knowledge and skills needed to prepare for further education and careers in current or emerging professions;

(b) Provides technical skill proficiency, an industry-recognized credential, a certificate, or an associate degree; and

(c) Includes competency-based applied learning that contributes to the academic knowledge, higher-order reasoning and problem-solving skills, work attitudes, general employability skills, technical and occupation-specific skills, and knowledge of all aspects of an industry, including entrepreneurship, of an individual. Projects may include prerequisite courses (other than remedial courses) that meet the definitional requirements of section 3(5)(A) of the Act (20 U.S.C. 2302(5)(A)).

On June 14, 2013, we published in the **Federal Register** (78 FR 35877) a notice inviting applications for NHCTEP grants (2013 NIA). Although the Secretary invited applications with a proposed project period of five years in previous NHCTEP competitions, in 2013, in anticipation of congressional reauthorization of the Act, the Department invited applications with proposed project periods of 24 months. The project periods for the NHCTEP projects funded under the 2013 NIA are scheduled to end in 2015. Because there is the potential for changes in the authorizing legislation for NHCTEP beyond 2015, we do not believe it would be in the public interest to hold a new NHCTEP competition in FY 2015 for projects that may then operate for just one year or to announce a competition under which eligible entities would be expected to proceed through the application preparation and submission process while lacking critical information about the future of the program. Further, we do not think that it would be in the public interest to have a lapse in the services currently provided by the NHCTEP grantees.

For these reasons, the Secretary proposes to waive the requirements of 34 CFR 75.261(a) and (c)(2) that generally prohibit project period extensions involving the obligation of additional Federal funds. The Secretary also proposes to extend the NHCTEP project period for up to 24 months. The proposed waiver and extension would allow the current NHCTEP grantees to request and continue to receive Federal funding annually for project periods

through FY 2016 and possibly through FY 2017. We intend to fund the extended project period by using funds appropriated for FY 2015 or FY 2016, depending on whether the grants are extended for one or two years.

If the waiver of the requirements of 34 CFR 75.261(a) and (c)(2) that we propose in this notice is announced by a notice of final waiver and extension of the project period published in the **Federal Register**: (1) The requirements applicable to continuation awards for current NHCTEP grantees set forth in the 2013 NIA and the requirements in 34 CFR 75.253 would apply to any continuation awards sought by current NHCTEP grantees; (2) we will make decisions regarding annual continuation awards based on grantee program narratives, budgets and budget narratives, and performance reports and the requirements in 34 CFR 75.253; and (3) we will not announce a new competition or make new awards in FY 2015.

The proposed waiver and project period extension would not exempt the current NHCTEP grantees from the appropriation account closing provisions of 31 U.S.C. 1552(a), nor would they extend the availability of funds previously awarded to current NHCTEP grantees. As a result of 31 U.S.C. 1552(a), appropriations available for a limited period may be used for payment of valid obligations for only five years after the expiration of their period of availability for Federal obligation. After that time, the unexpended balance of those funds is canceled and returned to the U.S. Department of the Treasury and is unavailable for restoration for any purpose (31 U.S.C. 1552(b)).

Regulatory Flexibility Act Certification

The Secretary certifies that the proposed waiver and extension and the activities required to support additional years of funding would not have a significant economic impact on a substantial number of small entities. The small entities that would be affected by this proposed waiver and extension are the seven currently funded NHCTEP grantees and any other potential applicants.

The Secretary certifies that the proposed waiver and extension would not have a significant economic impact on these entities because the extension of an existing project imposes minimal compliance costs, and the activities required to support the additional years of funding would not impose additional regulatory burdens or require unnecessary Federal supervision.

Paperwork Reduction Act of 1995

This notice of proposed waiver and extension does not contain any information collection requirements.

Intergovernmental Review

The NHCTEP is not subject to Executive Order 12372 and the regulations in 34 CFR part 79.
