

pesticide manufacturer. The following list of North American Industrial Classification System (NAICS) codes is not intended to be exhaustive, but rather provides a guide to help readers determine whether this document applies to them. Potentially affected entities may include:

- Crop production (NAICS code 111).
- Animal production (NAICS code 112).
- Food manufacturing (NAICS code 311).

B. What should I consider as I prepare my comments for EPA?

1. *Submitting CBI.* Do not submit this information to EPA through [regulations.gov](https://www.epa.gov/regulations.gov) or email. Clearly mark the part or all of the information that you claim to be CBI. For CBI information in a disk or CD-ROM that you mail to EPA, mark the outside of the disk or CD-ROM as CBI and then identify electronically within the disk or CD-ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

2. *Tips for preparing your comments.* When preparing and submitting your comments, see the commenting tips at <https://www.epa.gov/dockets/commenting-epa-dockets>.

II. Registration Applications

EPA has received applications to register new uses for pesticide products containing currently registered active ingredients. Pursuant to the provisions of FIFRA section 3(c)(4) (7 U.S.C. 136a(c)(4)), EPA is hereby providing notice of receipt and opportunity to comment on these applications. Notice of receipt of these applications does not imply a decision by the Agency on these applications.

Notice of Receipt—New Uses

1. *EPA Registration Numbers:* 241–245 and 241–418. *Docket ID number:* EPA–HQ–OPP–2023–0308. *Applicant:* BASF Corporation, 26 Davis Drive, Research Triangle Park, NC 27709. *Active ingredient:* Pendimethalin. *Product type:* Herbicide. *Proposed use:* Fresh and dried fig. *Contact:* RD.

2. *File Symbols:* 70506–AGN and 70506–AGR. *Docket ID number:* EPA–HQ–OPP–2023–0459. *Applicant:* UPL NA, Inc., 630 Freedom Business Center, Suite 402, King of Prussia, PA 19406.

Product names: UPL Glufosinate-P-ammonium Technical and KFD–581–01 Herbicide Product. *Active ingredient:* Herbicide—L-Glufosinate Ammonium at 92.46% (UPL Glufosinate-P-ammonium Technical) and 23.86% (KFD–581–01 Herbicide Product) *Proposed uses:* Almond, hulls; beet, sugar, molasses; beet, sugar, roots; bushberry subgroup 13B; canola, meal; canola, seed; cattle, fat; cattle, meat; cattle, meat byproducts; corn, field forage; corn, field, grain; corn, field, stover; corn, sweet, forage; corn, sweet, kernels plus cob with husks removed; corn, sweet, stover; cotton, gin byproducts; cotton, undelinted seed; egg; citrus fruit, crop group 10–10; pome fruit, crop group 11–10; stone fruit, crop group 12–12; goat, fat; goat, meat; goat, meat byproducts; grain aspirated fractions; grape; hog, fat; hog, meat; hog, meat byproducts; horse, fat; horse, meat; horse, meat byproducts; milk; tree nut, crop group 14–12; olive; potato; potato, chips; potato granules/flakes; poultry, fat; poultry, meat; poultry, meat byproducts; sheep, fat; sheep, meat; sheep, meat byproducts; soybean; soybean, hulls. *Contact:* RD.

Authority: 7 U.S.C. 136 *et seq.*

Dated: November 14, 2023.

Delores Barber,

Director, Information Technology and Resources Management Division, Office of Program Support.

BILLING CODE 6560–50–P

ENVIRONMENTAL PROTECTION AGENCY

[FRL–11568–01–OW]

Request for Nominations for the Environmental Financial Advisory Board (EFAB)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Request for nominations of candidates to the Environmental Financial Advisory Board.

SUMMARY: The U.S. Environmental Protection Agency (EPA) invites nominations of qualified candidates to be considered for appointment to the Environmental Financial Advisory Board (the Board or EFAB). The Board provides advice to EPA on ways to lower the costs of, and increase investments in, environmental and public health protection. Appointments will be made by the Administrator and will be announced in June 2024.

DATES: Nominations should be submitted in time to arrive no later than December 31, 2023.

ADDRESSES: Nominations should be sent via email to efab@epa.gov.

FOR FURTHER INFORMATION CONTACT: Any member of the public who wants further information concerning the nomination process may contact Tara Johnson via telephone/voicemail at (202) 809–7368 or email to efab@epa.gov. General information concerning the EFAB is available at www.epa.gov/waterfinancecenter/efab.

SUPPLEMENTARY INFORMATION:

Background: The EFAB is an EPA advisory committee chartered under the Federal Advisory Committee Act (FACA), 5 U.S.C., app. 2, to provide advice and recommendations to EPA on innovative approaches to financing environmental programs, projects, and activities. The Board was established in 1989 to provide advice and recommendations to EPA. Since inception, the Board has advised the EPA on a wide-ranging set of issues including but not limited to the following:

- Creating incentives to increase private investment in the provision of environmental services and removing or reducing constraints on private involvement wherever possible;
- Developing new and innovative environmental financing approaches and supporting and encouraging the use of cost-effective existing approaches;
- Identifying approaches specifically targeted to small community financing;
- Assessing government strategies for implementing public-private partnerships, including privatization, operations and maintenance issues, and other alternative financing mechanisms;
- Improving governmental principles of accounting and disclosure standards to help improve the sustainability of environmental programs;
- Increasing the capacity of state and local governments to carry out their respective environmental programs under current Federal laws;
- Increasing the total investment in environmental protection and stewardship of public and private environmental resources to help ease the environmental financing challenge facing our nation; and
- Developing innovative investment models and market-based approaches that increase the long-term resiliency of infrastructure.

The Board's recent work has included:

- Options for the development of the Greenhouse Gas Reduction Fund authorized under the Inflation Reduction Act; and
- Recommendations for catalyzing pollution prevention finance, enhancing

the agency's approach to encourage increased Opportunity Zone funds investment alongside existing EPA funding tools, and improving the availability of public and private sources of funding for stormwater infrastructure.

The Board meets either in-person or virtually two times each calendar year (two days per meeting) at different locations within the continental United States. In addition to the bi-annual meetings, additional virtual meetings may be held during the year to ensure timely completion of the Board's work. Board members typically contribute approximately 3 to 8 hours per month to the activities of the Board. This includes participation on one or more of the Board's active workgroups. Members serve on the Board without compensation; however, Board members may receive travel and per diem allowances where appropriate and in accordance with Federal travel regulations.

Members are appointed to represent the perspective of specific organizations, associations, or groups of persons (Representative members), or to provide their individual expertise (Special Government Employee, or SGE, members). Candidates invited to serve as SGE members will be asked to submit the "Confidential Financial Disclosure Form for Special Government Employees Serving on Federal Advisory Committees at the U.S. Environmental Protection Agency" (EPA Form 3110-48). This confidential form allows EPA to determine whether there is a statutory conflict between that person's public responsibilities as an SGE member and private interests and activities, or the appearance of a loss of impartiality as defined by Federal regulation. The form may be viewed at <https://www.epa.gov/waterfinancecenter/efab>, but this form should not be submitted as part of a nomination.

Experience and Expertise Sought for the EFAB: The Board seeks to maintain diverse representation across all workforce sectors (state/local/tribal government, business (industry and finance), and nonprofit organizations) and geographic regions of the United States. Nominees should demonstrate experience in environmental finance and/or reducing the cost of financing environmental protection in various environmental media (e.g., air, energy, land, and water). Experience and expertise sought include, but are not limited to, the following areas: commercial banking; environmental and financial resiliency; environmental financing including sector-specific experience; environmental justice;

environmental, social, and corporate governance; environmental equity financing; Federal investments in environmental financing; green banking; infrastructure financing; insurance markets; local utility management and finance; public-public and public-private partnerships; regulators; resource conservation; sustainable community partnerships; and sustainable economies.

In accordance with Executive Order 14035 (June 25, 2021) and consistent with law, EPA values and welcomes opportunities to increase diversity, equity, inclusion, and accessibility on its Federal advisory committees. EPA's Federal advisory committees strive to have a workforce that reflects the diversity of the American people. Nominee qualifications will be assessed under the mandates of the FACA, which requires that committees be balanced in terms of the points of view represented and the functions to be performed; for the Board, this balance includes diversity across a broad range of constituencies, sectors, and groups. In addition to this notice, other sources may be utilized in the solicitation of nominees.

How to Submit Nominations: Any interested person or organization may nominate qualified person(s) to be considered for appointment to the EFAB. Individuals may self-nominate. Nominations should be submitted via email to efab@epa.gov. Nominations should include the following information: Contact information for the person making the nomination; contact information for the nominee (if different), including full name and title, business mailing address, telephone, and email address; the specific areas of experience or expertise of the nominee; the nominee's curriculum vitae or resume; and a biographical sketch of the nominee indicating current position and recent service on other Federal advisory committees or national professional organizations. A supporting letter of endorsement is encouraged, but not required.

Evaluation Criteria: The following criteria will be used to evaluate nominees: Residence in the United States; professional knowledge of, and experience with, environmental financing activities; senior-level experience that fills a gap in Board representation or brings a new and relevant dimension to its deliberations; demonstrated ability to work in a consensus-building process with a wide range of representatives from diverse constituencies; and willingness to serve a two or three-year term as an active and

contributing member, with possible reappointment to a second term.

Andrew D. Sawyers,

Director, Office of Wastewater Management, Office of Water.

BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OW-2023-0268; FRL [10613-01-OW]

Draft National Pollutant Discharge Elimination System (NPDES) Pesticide General Permit for Point Source Discharges From the Application of Pesticides; Reissuance

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of draft permit and request for public comment.

SUMMARY: All ten Environmental Protection Agency (EPA) Regions are proposing for public comment the draft 2026 National Pollutant Discharge Elimination System (NPDES) Pesticide General Permit (PGP)—the draft 2026 PGP. The draft 2026 PGP covers point source discharges from the application of pesticides to waters of the United States. Once finalized, the draft 2026 PGP will replace the existing permit, the 2021 PGP, which was issued for a five-year term in the **Federal Register** on October 31, 2021, and expires October 31, 2026, at midnight. The draft 2026 PGP largely has the same conditions and requirements as EPA's previously issued PGPs, and would authorize certain point source discharges from the application of pesticides to waters of the United States in accordance with the terms and conditions described therein. EPA proposes to issue this permit for five (5) years in all areas of the country where EPA is the NPDES permitting authority. EPA solicits public comment on all aspects of the draft 2026 PGP. This **Federal Register** document describes the draft 2026 PGP in general and seeks comment as described in Section III.C of this document. The Fact Sheet accompanying the permit contains supporting documentation. EPA encourages the public to read the Fact Sheet to better understand the draft 2026 PGP.

DATES: Written comments on the draft 2026 PGP must be received by January 12, 2024.

ADDRESSES: You may send comments, identified by Docket ID No. EPA-HQ-OW-2023-0268, by any of the following methods:
