

confidentially or flight reduction targets specific to that carrier, which information will not be given to any other carrier or carriers.

The Administrator will develop and approve a proposed flight reduction plan and schedule reduction, which will be published in the Federal Register as a final order. A transcript of the meeting will not be available until three business days after the Administrator formally adjourns the flight reduction meeting.

Importantly, the procedures do not provide for any meetings among the carriers without the FAA present. The procedures will not allow any discussion or negotiation among carriers about flight reductions, prices charged, or markets served. During the course of the meetings, carriers will not be told schedule reductions or modifications other carriers are offering or being asked to offer.

For these reasons, the Department has no current intention to initiate antitrust enforcement action against any carrier that participates in the FAA's flight reduction meeting and conducts itself in the manner described in your letter. This expresses the Department's current enforcement intention regarding the carriers' participation in the flight reduction meeting. The Department reserves the right to bring an enforcement action against any conduct that violates the antitrust laws.

Yours sincerely,  
R. Hewitt Pate

Issued in Washington, DC, on July 28, 2004.

Marion C. Blakey,  
Administrator.
