

evaluated the efficacy and implementation of different strategies and measures for mitigating bycatch. The workshop produced some key technical outputs, including an extensive review of techniques across different gear types and species, together with a summary table and a draft decision-making tool (decision tree) which could be used to support management decision-making processes. The workshop recommended that FAO develop technical guidelines on means and methods for prevention and reduction of marine mammal bycatch and mortality in fishing and aquaculture operations in support of FAO's Code of Conduct for Responsible Fisheries, which are currently under development.

### National Oceanic and Atmospheric Administration

#### Notice of Renewal of the Advisory Committee on Commercial Remote Sensing

**AGENCY:** National Oceanic and Atmospheric Administration, Commerce.

**ACTION:** Notice of renewal.

**SUMMARY:** In accordance with the provisions of the Federal Advisory Committee Act and the General Services Administration (GSA) rule on Federal Advisory Committee Management, and after consultation with GSA, the Secretary of Commerce has determined that the renewal of the Advisory Committee on Commercial Remote Sensing (ACCRES) is in the public interest in connection with the performance of duties imposed on the Department by law. ACCRES was last renewed on March 8, 2018.

**FOR FURTHER INFORMATION CONTACT:** Tashaun Pierre, Commercial Remote Sensing Regulatory Affairs Office, NOAA Satellite and Information Services, 1335 East West Highway, Room G101, Silver Spring, Maryland 20910; telephone (301) 713–7047, email [tashaun.pierre@noaa.gov](mailto:tashaun.pierre@noaa.gov).

**SUPPLEMENTARY INFORMATION:** The Committee was first established in May 2002, to advise the Under Secretary of Commerce for Oceans and Atmosphere on matters relating to the U.S. commercial remote-sensing industry and NOAA's activities to carry out the responsibilities of the Department of Commerce set forth in the National and Commercial Space Programs Act of 2010 (The Act) Title 51 U.S.C. 60101 *et seq* (formally the Land Remote Sensing Policy Act of 1992 15 U.S.C. Secs. 5621–5625).

ACCRES will have a fairly balanced membership consisting of approximately 9 to 20 members serving in a representative capacity. All members should have expertise in remote sensing, space commerce or a related field. Each candidate member shall be recommended by the Assistant

Administrator and shall be appointed by the Under Secretary for a term of two years at the discretion of the Under Secretary.

The Committee will function solely as an advisory body, and in compliance with provisions of the Federal Advisory Committee Act. Copies of the Committee's revised Charter have been filed with the appropriate committees of the Congress and with the Library of Congress.

**Stephen M. Volz,**

*Assistant Administrator, for Satellite and Information Services.*

#### New England Fishery Management Council; Public Meeting

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice; public meeting.

**SUMMARY:** The New England Fishery Management Council (Council) is scheduling a public meeting of its Groundfish Committee to consider actions affecting New England fisheries in the exclusive economic zone (EEZ). Recommendations from this group will be brought to the full Council for formal consideration and action, if appropriate.

**DATES:** This meeting will be held on Friday, April 3, 2020 at 9 a.m., however, due to the evolving coronavirus situation, the Council may decide to change this meeting to a webinar, possibly on short notice. The Council website and official Council communications are the best source for this information.

**ADDRESSES:** The meeting will be held at the DoubleTree by Hilton, 50 Ferncroft Road, Danvers, MA 01950; telephone: (978) 777–2500.

*Council address:* New England Fishery Management Council, 50 Water Street, Mill 2, Newburyport, MA 01950.

**FOR FURTHER INFORMATION CONTACT:** Thomas A. Nies, Executive Director, New England Fishery Management Council; telephone: (978) 465–0492.

#### SUPPLEMENTARY INFORMATION:

#### Agenda

The Committee will receive and discuss the Groundfish Catch Share

Program Review final report. Also on the agenda is the discussion of Council's priorities. Other business will be discussed as necessary.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during these meetings. Action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Act, provided the public has been notified of the Council's intent to take final action to address the emergency.

### Special Accommodations

This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Thomas A. Nies, Executive Director, at (978) 465-0492, at least 5 days prior to the meeting date. This meeting will be recorded. Consistent with 16 U.S.C. 1852, a copy of the recording is available upon request.

**Authority:** 16 U.S.C. 1801 *et seq.*

Dated: March 12, 2020.

**Tracey L. Thompson,**

*Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.*

#### Fisheries of the Atlantic; Southeast Data, Assessment, and Review (SEDAR); Public Meeting

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice of SEDAR 65 Assessment Webinar II for Highly Migratory Species Atlantic Blacktip Shark.

**SUMMARY:** The SEDAR 65 assessment of the Atlantic stock of Blacktip Shark will consist of a series of workshops and webinars: Data Workshop; Assessment Webinars; and a Review workshop.

**DATES:** The SEDAR 65 Assessment Webinar II has been scheduled for April 17, 2020, from 12 p.m. until 3 p.m., Eastern Standard Time.

**ADDRESSES:**

**Meeting address:** The meeting will be held via webinar. The webinar is open to members of the public. Registration is available online at: <https://attendee.gotowebinar.com/register/3734975434235325709>.

**SEDAR address:** South Atlantic Fishery Management Council, 4055 Faber Place Drive, Suite 201, N. Charleston, SC 29405; [www.sedarweb.org](http://www.sedarweb.org).

#### FOR FURTHER INFORMATION CONTACT:

Kathleen Howington, SEDAR Coordinator, 4055 Faber Place Drive, Suite 201, North Charleston, SC 29405; phone: (843) 571-4366; email: [Kathleen.Howington@safmc.net](mailto:Kathleen.Howington@safmc.net).

**SUPPLEMENTARY INFORMATION:** The Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils, in conjunction with NOAA Fisheries and the Atlantic and Gulf States Marine Fisheries Commissions, have implemented the Southeast Data, Assessment and Review (SEDAR) process, a multi-step method for determining the status of fish stocks in the Southeast Region. SEDAR is a three-step process including: (1) Data Workshop; (2) Assessment Process utilizing webinars; and (3) Review Workshop. The product of the Data Workshop is a data report which compiles and evaluates potential datasets and recommends which datasets are appropriate for assessment analyses. The product of the Assessment Process is a stock assessment report which describes the fisheries, evaluates the status of the stock, estimates biological benchmarks, projects future population conditions, and recommends research and monitoring needs. The assessment is independently peer reviewed at the Review Workshop. The product of the Review Workshop is a Summary, documenting panel opinions regarding the strengths and weaknesses of the stock assessment and input data. Participants for SEDAR Workshops are appointed by the Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils and NOAA Fisheries Southeast Regional Office, Highly Migratory Species Management Division, and Southeast Fisheries Science Center. Participants include: Data collectors and database managers; stock assessment scientists, biologists, and researchers; constituency representatives including fishermen, environmentalists, and non-governmental organizations (NGOs); international experts; and staff of Councils, Commissions, and state and federal agencies. The items of discussion at the Assessment Webinar II are as follows:

- Review alternative reference case catch streams (as alternate states of nature) which are robust to the major uncertainties identified in commercial bycatch discard estimation, recreational catch live discard estimation, and post-release live-discard mortality estimation. Review the base case model to develop reference case model run(s) (as alternate states of nature) which are robust to the major uncertainties identified in commercial bycatch discard estimation (and post-release mortality) as well as the major uncertainties identified in the indices of relative abundance.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically identified in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.

### Special Accommodations

This meeting is accessible to people with disabilities. Requests for auxiliary aids should be directed to the South Atlantic Fishery Management Council office (see **ADDRESSES**) at least 5 business days prior to the meeting.

**Note:** The times and sequence specified in this agenda are subject to change.

**Authority:** 16 U.S.C. 1801 *et seq.*

Dated: March 12, 2020.
