BILLING CODE 4191-02-P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 117

[CGD01-05-023]

Drawbridge Operation Regulations: Housatonic River, CT

AGENCY: Coast Guard, DHS.

ACTION: Notice of temporary deviation from regulations.

SUMMARY: The Commander, First Coast Guard District, has issued a temporary deviation from the drawbridge operation regulations for the U.S. 1 Bridge, mile

3.5, across the Housatonic River at Stratford, Connecticut. Under this temporary deviation only one of the two-bascule leafs at the bridge need open for the passage of vessel traffic from April 1, 2005 through May 27, 2005. Two-leaf, full bridge openings, will be provided upon three days advance notice. This temporary deviation is necessary to facilitate rehabilitation repairs at the bridge.

DATES: This deviation is effective from April 1, 2005 through May 27, 2005.

FOR FURTHER INFORMATION CONTACT: Judy Leung-Yee, Project Officer, First Coast Guard District, at (212) 668-7195.

SUPPLEMENTARY INFORMATION: The U.S. 1 Bridge has a vertical clearance in the closed position of 32 feet at mean high water and 37 feet at mean low water. The existing drawbridge operation regulations are listed at 33 CFR 117.207.

The bridge owner, Connecticut Department of Transportation, requested a temporary deviation from the drawbridge operation regulations to facilitate scheduled rehabilitation maintenance at the bridge.

Under this temporary deviation only one of the two-bascule leafs need open for the passage of vessel traffic from April 1, 2005 through May 27, 2005. Two-leaf, full bridge openings, shall be provided after at least a three-day advance notice is given by calling the number posted at the bridge.

This deviation from the operating regulations is authorized under 33 CFR 117.35, and will be performed with all due speed in order to return the bridge to normal operation as soon as possible.

Dated: March 23, 2005.

Gary Kassof,

Bridge Program Manager, First Coast Guard District.

BILLING CODE 4910-15-P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 165

[CGD05-05-021]

RIN 1625-AA00

Safety Zone; National Cherry Blossom Festival Fireworks Display, Potomac River, Washington, DC

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone on

the Upper Potomac River in the Washington Channel, Washington, DC. This safety zone is necessary to provide for the safety of life and property during a fireworks display being held during the annual National Cherry Blossom Festival in Washington, DC. This safety zone will restrict the movement of vessel traffic in the immediate area of the fireworks discharge site.

DATES: This rule is effective from 7 p.m. to 9 p.m. eastern standard time on April 2, 2005, with a rain date of April 3, 2005.

ADDRESSES: Documents indicated in this preamble as being available in the docket are part of docket CGD05-05-021 and are available for inspection or copying at Commander, Coast Guard Sector Baltimore, 2401 Hawkins Point Road, Baltimore, Maryland 21226-1791, between 8 a.m. and 3 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: Mr. Ronald L. Houck, Coast Guard Sector Baltimore, at (410) 576-2674.

SUPPLEMENTARY INFORMATION:

Regulatory Information

We did not publish a notice of proposed rulemaking (NPRM) for this regulation. Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing an NPRM. Publishing an NPRM and delaying its effective date would be contrary to the public interest, since there is not sufficient time to publish a proposed rule in advance of the event and immediate action is needed to protect persons and vessels against the hazards associated with a fireworks display from a barge, such as premature detonation or falling burning debris.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. This safety zone of short duration is needed to provide for the safety of persons and vessels on the Potomac River and the public at large. Advance notification of the security zone and the fireworks display will be provided to the public via marine information broadcasts and by local media.

Background and Purpose

On April 2, 2005, the National Cherry Blossom Festival will sponsor a fireworks display from a barge on the Washington Channel, in Washington, DC, in approximate position latitude 38°52'08.5" N, longitude 077°01'13.0" W. The event will consist of an aerial fireworks display of short duration. A fleet of spectator vessels is anticipated.

Due to the need for vessel control on the waters of the Washington Channel during the event, vessel traffic will be temporarily restricted to provide for the safety of spectators, participants and transiting vessels.

Discussion of Rule

The Coast Guard is establishing a temporary safety zone on specified waters of the Washington Channel. The temporary safety zone will be enforced from 7 p.m. to 9 p.m. eastern standard time on April 2, 2005, with a rain date of April 3, 2005. The effect will be to restrict general navigation in the regulated area during the event. No person or vessel may enter or remain in the safety zone. Vessels will be allowed to transit the waters of the Washington Channel outside the safety zone. This safety zone is needed to control vessel traffic during the event to enhance the safety of participants, spectators and transiting vessels.

Regulatory Evaluation

This rule is not a “significant regulatory action” under section 3(f) of Executive Order 12866 and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order. It is not significant under the regulatory policies and procedures of the Department of Homeland Security (DHS).

Although this rule prevents traffic from transiting a portion of the Washington Channel during the event, the effect of this rule will not be significant due to the limited duration of the regulation, limited size of the regulated area, and the extensive notifications that will be made to the maritime community via marine information broadcasts and local media, so mariners can adjust their plans accordingly. We expect the economic impact of this rule to be so minimal that a full Regulatory Evaluation under the regulatory policies and procedures of DHS is unnecessary.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601–612), we considered whether this rule would have a significant economic impact on a substantial number of small entities. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

This rule will affect the following entities, some of which may be small entities: The owners or operators of vessels intending to transit or anchor in the effected portions of the Washington Channel from 7 p.m. to 9 p.m. Eastern Standard Time on April 2, 2005 or April 3, 2005 if the rain date becomes necessary.

Although this rule prevents traffic from transiting or anchoring in a portion of the Washington Channel during the event, the effect of this rule will not be significant because of its limited duration, limited area, and the advance notifications that will be made to the maritime community via marine information broadcasts and local media, so mariners can adjust their plans accordingly.

Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule so that they can better evaluate its effects on them and participate in the rulemaking process.

Small businesses may send comments on the actions of Federal employees who enforce or otherwise determine compliance with Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small business. If you wish to comment on actions by employees of the Coast Guards, call 1–888–REG–FAIR (1–888–743–3247).

Collection of Information

This rule calls for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on State or local governments and would either preempt State law or impose a substantial direct cost of compliance on them. We have analyzed this rule under that Order and have determined that this rule does not have implications for federalism.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires

Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local or tribal government, in the aggregate, or by the private sector of \$100,000,000 or more in any one year. Though this rule does not result in such expenditure, we do discuss the effects of this rule elsewhere in this preamble.

Taking of Private Property

This rule does not effect a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not concern an environmental risk to health or risk to safety that may disproportionately affect children.

Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

Energy Effects

We have analyzed this rule under Executive Order 12211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a “significant energy action” under that order because it is not a “significant regulatory action” under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. It has not been designated by the Administrator of the Office of Information and Regulatory Affairs as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Technical Standards

The National Technology Transfer and Advancement Act (NTTAA) (15 U.S.C. 272 note) directs agencies to use voluntary consensus standards in their regulatory activities unless the agency provides Congress, through the Office of Management and Budget, with an explanation of why using these standards would be inconsistent with applicable law or otherwise impractical. Voluntary consensus standards are technical standards (e.g., specifications of materials, performance, design, or operation; test methods; sampling procedures; and related management systems practices) that are developed or adopted by voluntary consensus standards bodies. This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

Environment

We have considered the environmental impact of this rule and concluded that, under figure 2-1, paragraph (34)(g), of Commandant Instruction M16475.1D, this rule is categorically excluded from further environmental documentation. This regulation establishes a temporary safety zone. A "Categorical Exclusion Determination" is available in the docket where indicated under

ADDRESSES.

List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, Waterways.

■ For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

■ 1. The authority citation for part 165 continues to read as follows:

Authority: 33 U.S.C. 1226, 1231; 46 U.S.C. Chapter 701; 50 U.S.C. 191, 195; 33 CFR 1.05-1(g), 6.04-1, 6.04-6, and 160.5; Pub. L. 107-295, 116 Stat. 2064; Department of Homeland Security Delegation No. 0170.1

■ 2. From 7 p.m. until 9 p.m. on April 2, 2005, add temporary § 165.T05-021 to read as follows:

§ 165.T05-021 Safety zone; National Cherry Blossom Festival Fireworks Display, Potomac River, Washington, DC.

(a) *Location.* The following area is a safety zone: All waters located on the Upper Potomac River in the Washington Channel, Washington, DC, within a 350-foot diameter of a fireworks discharge barge located in approximate position

latitude 38°52'08.5" N, longitude 077°01'13.0" W.

(b) *Regulations.* All persons are required to comply with the general regulations governing safety zones in 33 CFR 165.23 of this part.

(1) All vessels and persons are prohibited from entering this zone, except as authorized by the Coast Guard Captain of the Port, Baltimore, Maryland.

(2) Persons or vessels requiring entry into or passage within the zone must request authorization from the Captain of the Port or his designated representative by telephone at (410) 576-2693 or by radio on VHF-FM channel 16.

(3) All Coast Guard assets enforcing this safety zone can be contacted on VHF marine band radio, channels 13 and 16.

(4) The operator of any vessel within or in the immediate vicinity of this safety zone shall:

(i) Stop the vessel immediately upon being directed to do so by any commissioned, warrant or petty officer on board a vessel displaying a Coast Guard Ensign, and

(ii) Proceed as directed by any commissioned, warrant or petty officer on board a vessel displaying a Coast Guard Ensign.

(c) *Definitions.* The Captain of the Port means the Commander, Coast Guard Sector Baltimore or any Coast Guard commissioned, warrant or petty officer who has been authorized by the Captain of the Port to act on his behalf.

(d) *Effective period.* This section is effective from 7 p.m. to 9 p.m. Eastern Standard Time on April 2, 2005, with a rain date of April 3, 2005.

Dated: March 22, 2005.

Curtis A. Springer,

Captain, U.S. Coast Guard, Captain of the Port, Baltimore, Maryland.

BILLING CODE 4910-15-P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[R03-OAR-2005-PA-0011; FRL-7891-5]

Approval and Promulgation of Air Quality Implementation Plans; Pennsylvania; VOC and NO_x RACT Determinations for Five Individual Sources

AGENCY: Environmental Protection Agency (EPA).

ACTION: Direct final rule.

SUMMARY: EPA is taking direct final action to approve revisions to the Commonwealth of Pennsylvania's State Implementation Plan (SIP). The revisions were submitted by the Pennsylvania Department of Environmental Protection (PADEP) to establish and require reasonably available control technology (RACT) for five major sources of volatile organic compounds (VOC) and nitrogen oxides (NO_x). These sources are located in Pennsylvania. EPA is approving these revisions to establish RACT requirements in the SIP in accordance with the Clean Air Act (CAA).

DATES: This rule is effective on May 31, 2005, without further notice, unless EPA receives adverse written comment by April 29, 2005. If EPA receives such comments, it will publish a timely withdrawal of the direct final rule in the **Federal Register** and inform the public that the rule will not take effect.

ADDRESSES: Submit your comments, identified by Regional Material in EDocket (RME) ID Number R03-OAR-2005-PA-0011 by one of the following methods:

A. Federal eRulemaking Portal: <http://www.regulations.gov>. Follow the on-line instructions for submitting comments.

B. Agency Web site: <http://www.docket.epa.gov/rmepub/>. RME, EPA's electronic public docket and comment system, is EPA's preferred method for receiving comments. Follow the on-line instructions for submitting comments.

C. E-mail: morris.makeba@epa.gov.

D. Mail: R03-OAR-2005-PA-0011, Makeba Morris, Chief, Air Quality Planning Branch, Mailcode 3AP21, U.S. Environmental Protection Agency, Region III, 1650 Arch Street, Philadelphia, Pennsylvania 19103.

E. Hand Delivery: At the previously-listed EPA Region III address. Such deliveries are only accepted during the Docket's normal hours of operation, and special arrangements should be made for deliveries of boxed information.

Instructions: Direct your comments to RME ID No. R03-OAR-2005-PA-0011. EPA's policy is that all comments received will be included in the public docket without change, and may be made available online at <http://www.docket.epa.gov/rmepub/>, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through RME,
