Western Area Power Administration

Interconnection of the Grande Prairie Wind Farm, Holt County, NE

AGENCY: Western Area Power Administration, Department of Energy.

ACTION: Notice of intent to prepare an environmental impact statement and conduct scoping meetings; Notice of potential floodplain and wetlands involvement.

SUMMARY: The Western Area Power Administration (Western), an agency of the Department of Energy (DOE), intends to prepare an environmental impact statement (EIS) on the proposed interconnection of the Grande Prairie Wind Farm (Project) in Holt County, near the city of O'Neill, Nebraska. Grande Prairie Wind, LLC (Grande Prairie Wind), a majority-owned subsidiary of Midwest Wind Energy, LLC, has applied to Western to interconnect their proposed wind energy generation project to Western's power transmission system. Western's Federal action would be to execute an interconnection agreement with Grande Prairie Wind and make any necessary

modifications to the transmission system to accommodate the interconnection at Grande Prairie Wind's expense. Western is issuing this notice to inform the public and interested parties about Western's intent to prepare an EIS, conduct a public scoping process, and invite the public to comment on the scope, proposed action, alternatives, and other issues to be addressed in the EIS.

Construction activities proposed by Grande Prairie Wind may affect floodplains and wetlands, so this Notice of Intent (NOI) also serves as a notice of proposed floodplain or wetland action in accordance with DOE floodplain and wetland environmental review requirements.

DATES: The public scoping period begins with the publication of this notice and closes on May 16, 2012. To provide the public an opportunity to review the proposal and project information, Western will hold one public meeting in O'Neill, Nebraska. Western will announce the date and location of the public scoping meeting through local news media, and posting on the Western Web site at <http://www.wapa.gov/ugp/Environment/default.htm> at least 15 days prior to the meeting. While comments will be accepted at any time during the EIS process, submission of comments by the end of the scoping comment period will ensure full consideration in the Draft EIS.

ADDRESSES: Written comments on the scope of the EIS should be addressed to Mr. Matt Marsh, Western Area Power Administration, P.O. Box 35800, 2900 4th Avenue, North, Billings, MT 59107, fax (406) 255-2900 or email at grandeprairie@wapa.gov.
