Agenda

The Committee will discuss Framework 38—Review results of 2023 scallop surveys, and preliminary projections. The primary focus of this meeting will be to develop input on the range of potential specification alternatives for FY 2024 and FY 2025. The action will set ABC/ACLs, days-at-sea, access area allocations, total allowable landings for the Northern Gulf of Maine (NGOM) management area, targets for General Category incidental catch, General Category access area trips and trip accounting, and set-asides for the observer and research programs for

fishing year 2024 and default specifications for fishing year 2025. They also plan to discuss the Northern Edge Action—Review work in response to tasking. Discuss possible measures for development in a Northern Edge Habitat Scallop Framework. Also on the agenda is work priorities (Advisory Panel and Committee Only)—Receive updates on the progress toward 2023 work priorities and Committee tasking. Provide input on the range of possible 2024 scallop work priorities. Other business will be discussed, if necessary.

Although non-emergency issues not contained on the agenda may come before this Council for discussion, those issues may not be the subject of formal action during this meeting. Council action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Act, provided the public has been notified of the Council’s intent to take final action to address the emergency. The public also should be aware that the meeting will be recorded. Consistent with 16 U.S.C. 1852, a copy of the recording is available upon request.
