Joselyd Garcia-Reyes or Kristy Beard,  
(301)427-8401.

**SUPPLEMENTARY INFORMATION:** On June 20, 2012, notice was published in the **Federal Register** (77 FR 36999) that a request for an amendment to Permit No. 16160 to conduct research on marine mammals had been submitted by the above-named organization. The requested permit amendment has been issued under the authority of the Marine Mammal Protection Act of 1972, as amended (16 U.S.C. 1361 *et seq.*), the regulations governing the taking and importing of marine mammals (50 CFR part 216), the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*), and the regulations governing the taking, importing, and exporting of endangered and threatened species (50 CFR parts 222-226).

The permit has been amended to increase Southern Resident killer whale takes to 200 per year. The amended permit is valid through the expiration date of the original permit, June 6, 2017.

An environmental assessment (EA) analyzing the effects of the permitted activities on the human environment was prepared in compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*). Based on the analyses in the EA, NMFS determined that issuance of the permit amendment would not significantly impact the quality of the human environment and that preparation of an environmental impact statement was not required. That determination is documented in a Finding of No Significant Impact (FONSI), signed on June 4, 2012.

As required by the ESA, issuance of this permit amendment was based on a finding that such permit: (1) Was applied for in good faith; (2) will not operate to the disadvantage of such endangered species; and (3) is consistent with the purposes and policies set forth in section 2 of the ESA.

Dated: August 13, 2012.

**SUPPLEMENTARY INFORMATION:** On June 5, 2012, notice was published in the **Federal Register** (77 FR 33198) that a request for an amendment to Permit No. 16109 to conduct research on marine mammals and sea turtles had been submitted by the above-named organization. The requested permit amendment has been issued under the authority of the Marine Mammal Protection Act of 1972, as amended (16 U.S.C. 1361 *et seq.*), the regulations governing the taking and importing of marine mammals (50 CFR part 216), the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*), and the regulations governing the taking, importing, and exporting of endangered and threatened species (50 CFR parts 222-226).

The permit has been amended to increase sei whale takes to 50 per year. The amended permit is valid through the expiration date of the original permit, May 15, 2017.

An environmental assessment (EA) analyzing the effects of the permitted activities on the human environment was prepared in compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*). Based on the analyses in the EA, NMFS determined that issuance of the permit amendment would not significantly impact the quality of the human environment and that preparation of an environmental impact statement was not required. That determination is documented in a Finding of No Significant Impact (FONSI), signed on May 1, 2012.

As required by the ESA, issuance of this permit amendment was based on a finding that such permit: (1) Was applied for in good faith; (2) will not operate to the disadvantage of such endangered species; and (3) is consistent with the purposes and policies set forth in section 2 of the ESA.

**ACTION:** Notice; affirmative finding renewal.

**SUMMARY:** The Assistant Administrator for Fisheries, NMFS, (Assistant Administrator) has renewed the affirmative finding for the Government of Spain under the Marine Mammal Protection Act (MMPA). This affirmative finding will allow yellowfin tuna harvested in the eastern tropical Pacific Ocean (ETP) in compliance with the International Dolphin Conservation Program (IDCP) by Spanish-flag purse seine vessels or purse seine vessels operating under Spanish jurisdiction to be imported into the United States. The affirmative finding was based on review of documentary evidence submitted by the Government of Spain and obtained from the Inter-American Tropical Tuna Commission (IATTC).
