**Temporary Regulations: OPSAIL 2000,
Port of New London, CT**

AGENCY: Coast Guard, DOT.

ACTION: Temporary final rule. —

SUMMARY: The Coast Guard is establishing temporary regulations in Niantic Bay, Long Island Sound, the Thames River, and New London Harbor for OPSAIL 2000 Connecticut activities. This action is necessary to provide for the safety of life on navigable waters during OPSAIL 2000 Connecticut. This action is intended to restrict vessel traffic in portions of Niantic Bay, Long Island Sound, the Thames River, and New London Harbor.

DATES: This temporary rule is effective from 6 a.m., on July 11, 2000 until 5 p.m., on July 12, 2000.

ADDRESSES: Comments and related material received from the public, as well as documents indicated in this

preamble as being available in the docket, are part of docket [CGD01-99-203] and are available for inspection or copying at Coast Guard Group/Marine Safety Office Long Island Sound, 120 Woodward Ave., New Haven, CT 06512-3698, in the Readiness/Support Department.

FOR FURTHER INFORMATION CONTACT: Master Chief Kenneth G. Dolan, Group/MSO Long Island Sound, New Haven, Connecticut, (203) 468-4429.

SUPPLEMENTARY INFORMATION:**Regulatory Information**

On March 28, 2000 we published a notice of proposed rulemaking (NPRM) entitled "Temporary Regulations:

OPSAIL 2000, Port of New London, CT" in the **Federal Register** (65 FR 16358). We received 1 letter commenting on the proposed rule. No public hearing was requested, and none was held.

Background and Purpose

The temporary regulations are for OPSAIL 2000 Connecticut events in Niantic Bay, Long Island Sound and New London Harbor. These events will be held on July 11–12, 2000. The rule will provide for the safety of life and property on navigable waters.

Discussion of Comments and Changes

Only one letter was received by Group/MSO Long Island Sound concerning the lack of a plan in the rulemaking and the Marine Permit Application Transmittal Form and the Connecticut Coastal Consistency Review Form for minimization of water pollution from litter and sanitary wastes. The issues raised in the comment are outside the scope of this rulemaking. However, the issue of water pollution is being addressed in the marine permit process and the coastal zone management consistency certification process. Participants and spectators are reminded that it is a violation of federal law to dump plastic, trash or sewage within three nautical miles of shore. Marine waste pump-out facilities are available in the Niantic Bay/New London Harbor area and are listed in the State of Connecticut "Boater's Guide".

Some minor adjustments in the coordinates of Anchorage Area J and Anchorage I/Safety Zone 1 have been made.

Discussion of Temporary Rule

Operation Sail, Inc. is sponsoring a Parade of Tall Ships into New London Harbor. The Tall Ships and participating vessels will be at anchorage in Niantic Bay on July 11, 2000. On July 12, 2000, the Tall Ships and participating vessels will transit from Niantic Bay via Long Island Sound and the Thames River Federal Channel to the Port of New London. The Coast Guard expects a minimum of 5,000 spectator craft for this event. The temporary regulations create vessel movement controls, safety zones and temporary anchorage regulations. The regulations will be in effect at various times in Niantic Bay, Long Island Sound and New London Harbor during July 11 and 12, 2000. The vessel congestion due to the large number of participating and spectator vessels poses a significant threat to the safety of life and property. This temporary rulemaking is necessary to ensure the safety of life and property on

the navigable waters of the United States.

Regulated Areas

The Coast Guard is establishing one temporary regulated area in Niantic Bay during July 11–12, 2000. This temporary Regulated Area A is needed to protect the maritime public and participating vessels from possible hazards to navigation associated with the overnight anchoring of a large number of Tall Ships and their departure prior to the beginning of the Parade of Tall Ships into New London Harbor on July 12, 2000.

Regulated Area A includes all waters of Niantic Bay located on Long Island Sound within the following boundaries: Beginning at a point 300 yards, bearing 203°(T from Wigwam Rock 41°18'53"N, 072°11'48" W (NAD 1983), then to 41°18'53" N, 072°10'38" W (NAD 1983), then to 41°16'40" N, 072°10'38" W (NAD 1983), then to 41°16'40" N, 072°11'48" W (NAD 1983). This proposed area will be used as an anchorage area for vessels participating in the Parade of Tall Ships on July 12, 2000. This proposed regulated area is effective from 6 a.m., July 11, 2000 until 5 p.m., on July 12, 2000. Vessels transiting Regulated Area A must do so at no wake speed or at speeds not to exceed 6 knots, whichever is less. Vessels transiting Regulated Area A must not maneuver within 100 yards of a Tall Ship or other vessel participating in OPSAIL 2000, unless authorized by the Captain of the Port or the Captain of the Port's on-scene representative.

Anchorage Regulations

The Coast Guard is establishing temporary Anchorage Regulations for participating OPSAIL 2000 vessels and spectator craft. Current Anchorage Regulations in 33 CFR 110.147 will be temporarily suspended by this regulation and other Anchorage Grounds will be temporarily established.

The temporary anchorage regulations designate selected current or temporarily established Anchorage Grounds for spectator or OPSAIL 2000 participant vessel use only. They restrict all other vessels from using these anchorage grounds during various portions of the OPSAIL 2000 event. The anchorage grounds are needed to provide viewing areas for spectator vessels while maintaining a clear parade route for the participating OPSAIL vessels and to protect boaters and spectator vessels from the hazards associated with the Parade of Tall Ships.

The Coast Guard will temporarily suspend Anchorage Area C (see 33 CFR

§ 110.147(3)), and redesignate it as Anchorage Area G, exclusively for spectator vessels exceeding 50 feet in length, carrying passengers for the viewing of the Tall Ships parade. Anchorage Area G will be established from 7:30 a.m., until 5 p.m., on July 12, 2000. The Coast Guard will temporarily establish Anchorage Area H in Niantic Bay exclusively for the vessels participating in the Parade of Tall Ships. Anchorage Area H in Niantic Bay will be established from 6 a.m., on July 11, 2000 until 5 p.m., on July 12, 2000. Anchorage Area H is the same area designated as Regulated Area A. Therefore, within this area, vessels other than those participating in OPSAIL 2000 may not anchor and must transit at reduced speeds staying at least 100 yards away from any OPSAIL 2000 vessel. The Coast Guard will temporarily establish Anchorage Area I in the Thames River in the vicinity of the State Pier exclusively for vessels who have participated in the Parade of Tall Ships. Anchorage Area I will be established from 7:30 a.m., on July 12, 2000 until 5 p.m., on July 12, 2000. The Coast Guard will temporarily establish Anchorage Area J exclusively for spectator vessels exceeding 50 feet in length carrying passengers for the viewing of the Tall Ships parade. Anchorage Area J includes all waters of the Thames River southward of New London Harbor, on the east side of the Federal Channel within the following boundaries: Beginning at a point bearing 245°T, 480 yards from Eastern Point 41°19'03"N, 072°04'48" W (NAD 1983), then to position 41°19'04" N, 072°04'33" W (NAD 1983), then to position 41°18'42" N, 072°04'30" W (NAD 1983), then to position 41°18'40" N, 072°04'45" W (NAD 1983). Anchorage Area J will be established from 7:30 a.m., until 5 p.m., on July 12, 2000.

Safety Zones

The Coast Guard will establish two safety zones in the waters of Long Island Sound and New London Harbor. Safety Zone 1 includes all waters of the Thames River in New London Harbor, in the vicinity of the State Pier within the following boundaries: Beginning at a point located on the west shore line of the Thames River 25 yards below the Thames River Railroad Bridge, position 41°21'46" N, 072°05'23" W (NAD 1983), then to position 41°21'46" N, 072°05'16" W (NAD 1983), then south along the western limit of the Federal Channel to position 41°20'37" N, 072°05'8.7" W (NAD 1983), then to position 41°20'37" N, 072°05'33" W (NAD 1983), then along the shoreline to position 41°21'46" N, 072°05'23" W (NAD 1983). This safety

zone will be used as a mooring and turning area for the Parade of Tall Ships at the conclusion of the parade and is effective from 7:30 a.m., on July 12, 2000, until 5 p.m., on July 12, 2000. Safety Zone 1 consists of the same area as Anchorage I.

Safety Zone 2 covers all waters of the Thames River within the following boundaries: Beginning at the east side of the Federal Channel at the Thames River Rail Road Bridge in the Port of New London, in position 41°21'47.0" N, 072°05'14.0" W (NAD 1983), then southward along the east side of the Federal Channel to the New London Harbor Channel Lighted Buoy "2" (LLNR 21790) in approximate position 41°17'38" N, 072°04'40" W (NAD 1983), then to Bartlett Reef Lighted Bell Buoy "4" (LLNR 21065) in approximate position 41°15'38" N, 072°08'22" W (NAD 1983), then south to Bartlett Reef Lighted Buoy "1" (LLNR 21065) in approximate position 41°16'28" N, 072°07'54" W (NAD 1983), then to an area located, bearing 192°T, approximately 325 yards from Rapid Rock Buoy "R" (LLNR 21770) 41°17'07" N, 072°06'09" W (NAD 1983), then to position 41°18'04" N, 072°04'50" W, (NAD 1983), which meets the west side of the Federal Channel, then along the west side of the Federal Channel to the Thames River Railroad Bridge in the Port of New London, in the position 41°21'46" N, 072°05'23" W (NAD 1983). This area will be used for the parade route of Tall Ships and is effective from 7:30 a.m., on July 12, 2000, until 5 p.m., on July 12, 2000. No vessel may transit within Safety Zones 1 or 2 unless authorized by the Coast Guard Captain of the Port, Long Island Sound, or his on-scene representative.

Regulatory Evaluation

This temporary rule is not a significant regulatory action under section 3(f) of Executive Order 12866 and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. It has not been reviewed by the Office of Management and Budget under that Order. It is not significant under the regulatory policies and procedures of the Department of Transportation (DOT) (44 FR 11040; February 26, 1979).

The Coast Guard expects the economic impact of this proposed rule to be so minimal that a full Regulatory Evaluation under paragraph 10e of the regulatory policies and procedures of DOT is unnecessary.

Although this regulation prevents traffic from transiting a portion of Long Island Sound, Niantic Bay, and the Thames River during the events, the

effect of this regulation will not be significant for the following reasons: The limited duration that the regulated areas will be in effect, mariners will be able to transit around these areas and the extensive advance notifications that will be made to the maritime community via the Local Notice to Mariners, facsimile, marine information broadcasts, local area committee meetings, and New London area newspapers. Mariners will be able to adjust their plans accordingly based on the extensive advance information. Additionally, these regulated areas have been narrowly tailored to impose the least impact on maritime interests yet provide the level of safety deemed necessary.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*), we considered whether this rule would have a significant economic impact on a substantial number of small entities. "Small entities" include small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

For the reasons stated in the Regulatory Evaluation section above, the Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities. This temporary rule will affect the following entities, some of which might be small entities: the owners or operators of vessels intending to transit through Niantic Bay, portions of Long Island Sound and New London Harbor during various times from July 11–12, 2000. Although these regulations apply to a substantial portion of Niantic Bay and New London Harbor, designated areas for viewing the Parade of Sail have been established to allow for maximum use of the waterways by commercial tour boats that usually operate in the affected areas. Vessels, including commercial traffic, will be able to transit around the designated areas. At no time will the Port of New London be closed to commercial traffic. Before the effective period, the Coast Guard will make notifications to the public via mailings, facsimiles, the Local Notice to Mariners and use of the sponsors Internet site. In addition, the sponsoring organization, OPSAIL, Inc., is planning to publish information of the event in local newspapers, pamphlets, and television and radio broadcasts.

Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we offered to assist small entities in understanding the rule so that they could better evaluate its effects on them and participate in the rulemaking process. No assistance was requested. Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247).

Collection of Information

This rule calls for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

Federalism

We have analyzed this temporary rule under E.O. 13132 and have determined that this rule does not have implications for federalism under that Order.

Unfunded Mandates

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) governs the issuance of Federal regulations that require unfunded mandates. An unfunded mandate is a regulation that requires a State, local, or tribal government or the private sector to incur direct costs without the Federal Government's having first provided the funds to pay those costs. This temporary rule will not impose an unfunded mandate.

Taking of Private Property

This rule will not effect a taking of private property or otherwise have taking implications under E.O. 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of E.O. 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this rule under E.O. 13405, Protection of Children from Environmental Health Risks and Safety

Risks. This rule is not an economically significant rule and does not concern an environmental risk to health or risk to safety that may disproportionately affect children.

Environment

The Coast Guard considered the environmental impact of this temporary rule and concluded that, under figure 2-1, paragraphs 34(f and h), of Commandant Instruction M16475.1C, this proposed rule is categorically excluded from further environmental documentation. A written Categorical Exclusion Determination is available in the docket for inspection or copying where indicated under **ADDRESSES**.

RIN 2115-AA97

Safety Zone: Lake Erie, Ottawa River, Washington Township, Ohio

AGENCY: Coast Guard, DOT.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone on the Ottawa River, in the state of Ohio. This zone restricts the entry of vessels into the area designated for the June 24, 2000 Summerfest fireworks display. This temporary safety zone is necessary to protect mariners in case of accidental misfire of fireworks mortar rounds.

DATES: This rule is effective from 2:30 P.M., to 11 P.M. June 24, 2000.

ADDRESSES: The U.S. Coast Guard Marine Safety Office in Toledo, Ohio maintains the public docket for this rule. Documents identified in this rule will be available for public copying and inspection between 9:30 A.M. and 2 P.M., Monday through Friday, except federal holidays. The Marine Safety Office is located at 420 Madison Ave, Suite 700, Toledo, Ohio 43604; (419) 259-6372.

FOR FURTHER INFORMATION CONTACT: Chief Marine Science Technician Michael Pearson, Asst. Chief of Port Operations, Marine Safety Office, 420 Madison Ave, Suite 700, Toledo, Ohio 43604; (419) 259-6372.

SUPPLEMENTARY INFORMATION: We did not publish a notice of proposed rulemaking (NPRM) for this regulation. Under 5 U.S.C. 553(b)(3)(B), the Coast Guard finds that good cause exists for not publishing an NPRM.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Publication of a notice of proposed rulemaking and delay of effective date would be contrary to public interest because immediate action is necessary to protect the maritime public and other persons from the hazards associated with fireworks displays.

Background and Purpose

This temporary rule is necessary to ensure the safety of the maritime community during setup, loading and firing operations of fireworks in conjunction with the City of Toledo Summerfest Fireworks. Entry into the safety zone without permission of the Captain of the port is prohibited. The Captain of the Port may be contacted via Coast Guard Station Toledo on VHF-FM Channel 16.

Regulatory Evaluation

This rule is not a "significant regulatory action" under section 3(f) of Executive Order 12866 and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed this rule under

that Order. It is not "significant" under the regulatory policies and procedures of the Department of Transportation (DOT) (44 FR 11040, February 26, 1979). This finding is based on the historical lack of vessel traffic at this time of year.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601-612), we considered whether this rule would have a significant economic impact on a substantial number of small entities. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

This safety zone will not have a significant economic impact on a substantial number of small entities for the following reasons. This rule will be in effect for less than one day when vessel traffic can pass safely around the safety zone.

Assistance for Small Entities

In accordance with the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104-121), assistance to small entities in understanding the rule so that they could better evaluate its effects on them and participate in the rulemaking process is available upon request. Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1-888-REG-FAIR (1-888-734-3247).

Collection of Information

This rule calls for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520).

Federalism

We have analyzed this rule under Executive Order 13132 and have determined that this rule does not have implications for federalism under that Order.
