Federal Register

Vol. 67, No. 13

Friday, January 18, 2002

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

[Docket No. FV02-981-1 NC]

Notice of Request for Extension and Revision of a Currently Approved Information Collection

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), this notice announces the Agricultural Marketing Service's (AMS) intention to request an extension for and revision to a currently approved information collection for Almonds Grown in California, Marketing Order 981.

DATES: Comments on this notice must be received by March 19, 2002.

ADDITIONAL INFORMATION OR COMMENTS: Contact Valerie L. Emmer-Scott, Marketing Specialist, Marketing Order Administration Branch, Fruit and Vegetable Programs, AMS, USDA, 1400 Independence Avenue, SW., Stop 0237, Washington, DC 20250-0237; Tel: (202) 720-2491, Fax: (202) 720-8938, or e-mail: moab.docketclerk@usda.gov.

Small businesses may request information on this notice by contacting Jay Guerber, Regulatory Fairness Representative, Marketing Order Administration Branch, Fruit and Vegetable Programs, AMS, USDA, 1400 Independence Avenue, SW., Stop 0237, Washington, DC 20250-0237; telephone (202) 720-2491; Fax (202) 720-8938, or e-mail: Jay.Guerber@usda.gov.

SUPPLEMENTARY INFORMATION:

Title: Almonds Grown in California, Marketing Order 981.

OMB Number: 0581-0071.

Expiration Date of Approval: August 31, 2002.

Type of Request: Extension and revision of a currently approved information collection.

Abstract: Marketing order programs provide an opportunity for producers of fresh fruits, vegetables and specialty crops, in a specified production area, to work together to solve marketing problems that cannot be resolved individually. Order regulations help ensure adequate supplies of high quality product and adequate returns to producers. Under the Agricultural Marketing Agreement Act of 1937 (AMAA), as amended (7 U.S.C. 601-674), marketing order programs are established if favored in referendum among producers. The handling of the commodity is regulated. The Department of Agriculture (USDA) is authorized to oversee the order's operations and issue regulations recommended by a committee of representatives from each commodity industry. The Almond Board of California (Board) is responsible for locally administering the program.

The information collection requirements in this request are essential to carry out the intent of the AMAA, to provide the respondents the type of service they request, and to administer the California almond marketing order program (7 CFR part 981), which has been operating since 1950.

The California almond marketing order authorizes the issuance of quality and volume control regulations, as well as inspection requirements. Regulatory provisions apply to almonds shipped within and outside of the production area, except those specifically exempt. The order also has authority for production and marketing research and development projects, including paid advertising. Handlers who advertise may receive credit for their advertising expenses according to specific requirements.

The order, and rules and regulations issued thereunder, require handlers and growers to submit certain information. Much of this information is compiled by the Board in aggregate and provided to the industry to assist in marketing decisions.

The Board has developed forms as a means for persons to file required information with the Board relating to almond supplies, shipments, dispositions, and other information

needed to effectively carry out the purpose of the AMAA and order. As shipments of California almonds are normally year-round, these forms are utilized accordingly. A USDA form is used to allow growers to vote on amendments or continuance of the marketing order. In addition, almond growers and handlers who are nominated by their peers to serve as representatives on the Board must file nomination forms with the USDA.

The information collected is used only by authorized representatives of the USDA, including AMS, Fruit and Vegetable Programs' regional and headquarter's staff, and authorized employees of the Board. Authorized Board employees and the industry are the primary users of the information and AMS is the secondary user.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 0.33 hours per response.

Respondents: California almond growers, handlers and accepted users of inedible almonds.

Estimated Number of Respondents: 7,150.

Estimated Number of Responses per Respondent: 1.04.

Estimated Total Annual Burden on Respondents: 2,445 hours.

Comments are invited on: (1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments should reference OMB No. 0581-0071 and the California Almond Marketing Order No. 981, and be mailed to Docket Clerk, Fruit and Vegetable Programs, AMS, USDA, 1400 Independence Avenue, SW., Stop 0237, Washington, DC 20250-0237; Tel: (202) 720-2491, Fax: (202) 720-8938; Fax:

(202) 720-8938; or e-mail: moab.docketclerk@usda.gov. All comments received will be available for public inspection during regular business hours at the same address.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Dated: January 14, 2002.

Kenneth C. Clayton,

Associate Administrator, Agricultural Marketing Service.

DEPARTMENT OF AGRICULTURE

Animal and Plant Health Inspection Service

[Docket No. 01-113-1]

Notice of Request for Approval of an Information Collection

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: New information collection; comment request.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces the Animal and Plant Health Inspection Service's intention to initiate a new information collection activity for self-certification medical statements.

DATES: We will consider all comments we receive that are postmarked, delivered, or e-mailed by March 19, 2002.

ADDRESSES: You may submit comments by postal mail/commercial delivery or by e-mail. If you use postal mail/commercial delivery, please send four copies of your comment (an original and three copies) to: Docket No. 01-113-1, Regulatory Analysis and Development, PPD, APHIS, Station 3C71, 4700 River Road Unit 118, Riverdale, MD 20737-1238. Please state that your comment refers to Docket No. 01-113-1. If you use e-mail, address your comment to regulations@aphis.usda.gov. Your comment must be contained in the body of your message; do not send attached files. Please include your name and address in your message and "Docket No. 01-113-1" on the subject line.

You may read any comments that we receive on this docket in our reading room. The reading room is located in room 1141 of the USDA South Building, 14th Street and Independence Avenue SW., Washington, DC. Normal reading room hours are 8 a.m. to 4:30 p.m., Monday through Friday, except

holidays. To be sure someone is there to help you, please call (202) 690-2817 before coming.

APHIS documents published in the **Federal Register**, and related information, including the names of organizations and individuals who have commented on APHIS dockets, are available on the Internet at <http://www.aphis.usda.gov/ppd/rad/webrepor.html>.

FOR FURTHER INFORMATION CONTACT: For information on self-certification medical statements, contact Ms. Linda Lane, Personnel Management Specialist, Human Resources Division, MRPBS, room 1724, South Building, 14th Street and Independence Avenue SW., Washington, DC 20250; (202) 720-3519. For copies of more detailed information on the information collection, contact Mrs. Celeste Sickles, APHIS' Information Collection Coordinator, at (301) 734-7477.

SUPPLEMENTARY INFORMATION:

Title: Self-Certification Medical Statement.

OMB Number: 0579-XXXX.

Type of Request: Approval of a new information collection.

Abstract: The Marketing and Regulatory Programs (MRP) agencies of the U.S. Department of Agriculture facilitate the domestic and international marketing of U.S. agricultural products and protect the health of domestic animal and plant resources. The MRP agencies are the Agricultural Marketing Service (AMS), the Animal and Plant Health Inspection Service (APHIS), and the Grain Inspection, Packers and Stockyards Administration (GIPSA). Resource management and administrative services, including human resource management, for the three MRP agencies are provided by the MRP Business Services unit of APHIS, which is the lead agency in providing administrative support for MRP.

In accordance with 5 CFR part 339, Federal agencies are authorized to obtain medical information from applicants for and employees in positions that have approved medical standards. Medical standards may be established for positions for which the duties are arduous or hazardous or require a certain level of health status or fitness.

Certain positions in MRP agencies have medical standards. An example of such a position is the agricultural commodity grader position in AMS. Each year, AMS hires a number of agricultural commodity graders. These employees work under dusty conditions, around moving machinery and slippery surfaces, and in areas with

high noise levels. They have direct contact with meat and dairy products, fresh and processed fruits and vegetables, and poultry products intended for human consumption or cotton and tobacco products intended for human use. Medical standards have also been established for positions in APHIS that involve contact with wild animals.

The MRP agencies require a self-certification statement from applicants for these positions regarding their fitness for the positions. The MRP agencies need this information to determine whether the applicants can perform the duties of the positions. Inability to collect this information would adversely affect the MRP agencies' ability to recruit and hire qualified individuals and carry out their missions.

We are asking the Office of Management and Budget (OMB) to approve our use of this information collection activity.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

(1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of our estimate of the burden of the information collection, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the information collection on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies, e.g., permitting electronic submission of responses.

Estimate of burden: The public reporting burden for this collection of information is estimated to average 0.1666 hours per response.

Respondents: Applicants to MRP positions with approved medical standards.

Estimated annual number of respondents: 300.

Estimated annual number of responses per respondent: 1.

Estimated annual number of responses: 300.

Estimated total annual burden on respondents: 50 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual
