In Phase I of a cable royalty distribution, royalties are distributed to certain categories of broadcast programming that have been retransmitted by cable systems. The categories have traditionally been movies and syndicated television series, sports programming, commercial and noncommercial broadcaster-owned programming, religious programming, music and Canadian programming. In Phase II of a cable royalty distribution, royalties are distributed to claimants within each of the Phase I categories. Any party submitting comments on the existence of a Phase II controversy must identify the category or categories in which there is a dispute, and the extent of the controversy or controversies.

The Board must be advised of the existence and extent of all Phase I and Phase II controversies by the end of the comment period. It will not consider any controversies that come to its attention after the close of that period.

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is proposing to approve revisions to the San Joaquin Valley Unified Air Pollution Control District (SJVUAPCD) portion of the California State Implementation Plan (SIP). These revisions concern volatile organic compound (VOC) emissions from facilities storing and processing organic liquids such as crude oil and petroleum by-products. AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA proposes to approve the State Implementation Plan (SIP) revision submitted by the state of Iowa for the purpose of establishing guidelines to identify stationary sources of air pollution potentially subject to Best Available Retrofit Technology (BART) emission control requirements. BART-eligibility information is to be submitted on Iowa Department of Natural Resources (IDNR) form 542-8125 that lists facility information and emission unit identification and description. Annual emission totals in tons-per-year (potential) for PM₁₀, NO_x, SO₂ and VOCs are also required.

DATES: Comments on this proposed action must be received in writing by October 13, 2005.

ADDRESSES: Comments may be mailed to Heather Hamilton, Environmental Protection Agency, Air Planning and Development Branch, 901 North 5th Street, Kansas City, Kansas 66101. SUPPLEMENTARY INFORMATION: In the final rules section of the **Federal Register**, EPA is approving the state's SIP revision as a direct final rule without prior proposal because the Agency views this as a noncontroversial revision amendment and anticipates no relevant adverse comments to this action. A detailed rationale for the approval is set forth in the direct final rule. If no relevant adverse comments are received in response to this action, no further activity is contemplated in relation to this action. If EPA receives relevant adverse comments, the direct

final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed action. EPA will not institute a second comment period on this action. Any parties interested in commenting on this action should do so at this time. I. The State's Submittal

A. What Regulations Did the State Submit?

The NDEP submitted a large revision to the applicable SIP on February 16, 2005. On August 18, 2005, the revision became complete by operation of law pursuant to 40 CFR part 51 Appendix V.

The primary purpose of this revision is to clarify and harmonize State and federally enforceable requirements. Because this revision incorporates so many changes from the 1970s and 1980s vintage SIP regulations, EPA has decided to review and act on the submittal in a series of separate actions. This Proposed rule is proposing to approve a few of the provisions contained in the February 2005 submittal. The remaining portions of the submittal will be acted on in future **Federal Register** actions.

Table 1 lists the provisions of the Nevada Administrative Code (NAC) addressed by this proposal with the dates that they were adopted and submitted by the Nevada Department of Conservation and Natural Resources, Division of Environmental Protection (NDEP). Some of these provisions were renumbered after their initial adoption.
