

trading on BX for all BX Participants. While the current listing rules permit BX to list a number of weekly strikes on its market, in an effort to encourage Market Makers to deploy capital more efficiently, as well as improve displayed market quality, BX's Strike Interval Proposal seeks to reduce the number of weekly options that would be listed on its market in later weeks, without reducing the number of series or classes of options available for trading on BX. As BX's Strike Interval Proposal seeks to reduce the number of weekly options that would be listed on its market in later weeks, Market Makers would be required to quote in fewer weekly strikes as a result of the Strike Interval Proposal.

The Exchange's Strike Interval Proposal, which is intended to decrease the overall number of strikes listed on BX, does not impose an undue burden on intra-market competition as all Participants may only transact options in the strike intervals listed for trading on BX. While limiting the intervals of strikes listed on BX is the goal of this Strike Interval Proposal, the goal continues to balance the needs of market participants by continuing to offer a number of strikes to meet a market participant's investment objective.

The Exchange's Strike Interval Proposal does not impose an undue burden on inter-market competition as this Strike Interval Proposal does not impact the listings available at another self-regulatory organization. In fact, BX is proposing to list a smaller amount of weekly equity options in an effort to curtail the increasing number of strikes that are required to be quoted by market makers in the options industry. Other options markets may choose to replicate the Exchange's Strike Interval Proposal and, thereby, further decrease the overall number of strikes within the options industry.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 45 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the Exchange consents,

the Commission shall: (a) By order approve or disapprove such proposed rule change, or (b) institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include File Number SR-BX-2020-032 on the subject line.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-90382; File No. SR-NYSE-2020-90]

Self-Regulatory Organizations; New York Stock Exchange LLC; Notice of Filing of Proposed Rule Change To Amend the Requirement Applicable to Special Purpose Acquisition Companies Upon Consummation of a Business Combination Concerning Compliance With the Round Lot Shareholder Requirement

November 9, 2020.

Pursuant to Section 19(b)(1) ¹ of the Securities Exchange Act of 1934 ("Act") ² and Rule 19b-4 thereunder, ³ notice is hereby given that, on October 27, 2020, New York Stock Exchange LLC ("NYSE" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend certain of the requirements of the NYSE Listed Company Manual ("Manual") that are applicable to special purpose acquisition companies upon consummation of a business combination. The proposed rule change is available on the Exchange's website at www.nyse.com, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change

³¹ 17 CFR 200.30-3(a)(12).

¹ 15 U.S.C. 78s(b)(1).

² 15 U.S.C. 78a.

³ 17 CFR 240.19b-4.

and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

Section 102.06 of the Manual sets forth initial listing requirements applicable to a company whose business plan is to complete an initial public offering and engage in a merger or acquisition with one or more unidentified companies within a specific period of time (an "Acquisition Company" or "AC").⁴ Section 102.06 requires, in part, that an Acquisition Company: (i) Deposit into and retain in an escrow account at least 90% of the proceeds of its initial public offering, together with the proceeds of any other concurrent sales of the AC's equity securities, through the date of its Business Combination; (ii) complete the Business Combination within 36 months of the effectiveness of the IPO registration statement; and (iii) provide the public shareholders who object to the Business Combination with the right to convert their common stock into a pro rata share of the funds held in escrow.⁵

Section 802.01B of the Manual currently states that: After consummation of its Business Combination, a company that had originally listed as an AC will be subject to Section 801 and Section 802.01 in its entirety and will be required immediately upon consummation of the Business Combination to meet the following requirements:

- (i) A price per share of at least \$4.00;
- (ii) a global market capitalization of at least \$150,000,000;
- (iii) an aggregate market value of publicly-held shares of at least \$40,000,000;⁶ and
- (iv) the requirements with respect to shareholders and publicly-held shares

set forth in Section 102.01A for companies listing in connection with an initial public offering.⁷

Section 802.01B also provides that an Acquisition Company failing to meet these requirements will be promptly subject to suspension and delisting proceedings. However, while it is clear that an Acquisition Company must satisfy all initial listing requirements immediately upon consummation of its Business Combination, Section 802.01B does not provide a timetable for the company to demonstrate that it satisfies those requirements. Accordingly, the Exchange proposes to modify the rule to specify that if the Acquisition Company demonstrates that it will satisfy all requirements except the applicable round lot shareholder requirement, then the company will receive 15 calendar days following the closing to demonstrate that it satisfied the applicable round lot shareholder requirement immediately following the transaction's closing.

When a listed AC consummates its Business Combination, the Exchange will also consider whether the Business Combination gives rise to a "back door listing" as described in Section 703.08(E). If the resulting company would not qualify for original listing (including by meeting the applicable distribution standards), the Exchange will promptly initiate suspension and delisting of the AC. The Exchange proposes to modify the rule in relation to Business Combinations that give rise to a "back door listing" to specify that if the Acquisition Company demonstrates that it will satisfy all requirements except the applicable round lot shareholder requirement, then the company will receive 15 calendar days following the closing to demonstrate that it satisfied the applicable round lot shareholder requirement immediately following the transaction's closing.

In determining compliance with the round lot shareholder requirement at the time of a Business Combination, the Exchange will review a company's public disclosures and information provided by the company about the transaction. For example, the merger agreement may result in the Acquisition Company issuing a round lot of shares to more than 400 holders of the target of the Business Combination at closing. If public information is not available that enables the Exchange to determine compliance, the Exchange will typically request that the company provide additional information such as

registered shareholder lists from the company's transfer agent, data from Cede & Co. about shares held in street name, or data from broker-dealers and from third parties that distribute information such as proxy materials for the broker-dealers. If the company can provide information demonstrating compliance before the Business Combination closes, no further information would be required.⁸

However, the Exchange has observed that in some cases it can be difficult for a company to obtain evidence demonstrating the number of shareholders that it has or will have following a Business Combination. As noted above, shareholders of an Acquisition Company may redeem or tender their shares until just before the time of the Business Combination, and the company may not know how many shareholders will choose to redeem until very close to the consummation of the business combination. In cases where the number of round lot shareholders is close to the applicable requirement, this could affect the ability for the Exchange to determine compliance before the Business Combination closes. Accordingly, for a company that has demonstrated that it will satisfy all initial listing requirements except for the round lot shareholder requirement (including the initial listing standards that are applicable in the event that the Business Combination gives rise to a "back door listing") before consummating the Business Combination, the Exchange will allow the company 15 calendar days after the closing of the Business Combination to demonstrate that it also complied with the round lot requirement at the time of the business combination. To be clear, the company must still demonstrate that it satisfied the round lot shareholder requirement immediately following the Business Combination; the proposal is merely giving the company 15 calendar days to provide evidence that it did.

The Exchange believes that this proposal balances the burden placed on the Acquisition Company to obtain accurate shareholder information for the new entity and the need to ensure that a company that does not satisfy the initial listing requirements following a Business Combination enters the delisting process promptly. If the company does not evidence compliance within the proposed time period, Exchange staff would immediately

⁴ Section 102.06 provides that an Acquisition Company must complete one or more business combinations having an aggregate fair market value of at least 80% of the value of the deposit account (the "Business Combination") within 36 months of the effectiveness of its IPO registration statement.

⁵ Section 102.06 also requires that each proposed business combination be approved by a majority of the company's independent directors.

⁶ Shares held by directors, officers, or their immediate families and other concentrated holding of 10 percent or more are excluded in calculating the number of publicly-held shares.

⁷ The applicable requirement is 400 holders of round lots (*i.e.*, 100 shares).

⁸ Companies must seek this information from third parties because many accounts are held in street name and shareholders may object to being identified to the company.

commence suspension and delisting proceedings with respect to the company.

2. Statutory Basis

The proposed rule change is consistent with Section 6(b) of the Act,⁹ in general, and furthers the objectives of Section 6(b)(5) of the Act,¹⁰ in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect the public interest and the interests of investors, by imposing a specific timeline for Acquisition Companies to demonstrate that they will comply with the initial listing requirements following a Business Combination and allowing a reasonable period of time for the company to provide evidence that it complied with the round lot shareholder requirement at the time of the business combination.

The proposed rule would specify the time when an Acquisition Company must demonstrate compliance with the initial listing standards following the completion of a Business Combination, thereby enhancing investor protection. Specifically, it would require an Acquisition Company to provide evidence before completing the Business Combination that it will satisfy all requirements for initial listing, except for the round lot shareholder requirement. While the proposed rule would allow Acquisition Companies 15 calendar days, if needed, to provide evidence that they also complied with the round lot shareholder requirement at the time of the Business Combination, that additional time is a reasonable accommodation given both the difficulty companies face in identifying their shareholders and the ability for the Acquisition Company's shareholders to redeem their shares when the Business Combination is consummated. In that regard, Acquisition Companies are unlike other newly listing companies, which do not face redemptions and are not already listed and trading at the time they must demonstrate compliance. Importantly, the company must still demonstrate that it satisfied the round lot shareholder requirement immediately following the Business Combination. As such, the Exchange

believes that the proposed rule change appropriately balances the protection of prospective investors with the protection of shareholders of the Acquisition Company, the latter of whom would be harmed if the Exchange issued a delisting determination at a time when the company did, in fact, satisfy all initial listing requirements but could not yet provide proof.

The proposed rule change is also consistent with Section 6(b)(7) of the Act in that it provides a fair procedure for the prohibition or limitation by the Exchange of any person with respect to access to services offered. The proposed rule change accounts for the particular difficulties encountered by Acquisition Companies when attempting to determine their total number of shareholders due to the ability of shareholders to redeem their shares. Acquisition Companies will still be required to demonstrate compliance with all initial listing standards immediately following the Business Combination, which is the initial listing of the combined company. This is no different from the requirements imposed on other newly listing companies.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule would clarify that a company listing in connection with a merger with an Acquisition Company must provide evidence before completing the Business Combination that it will satisfy all requirements for initial listing, although a reasonable accommodation would be made to allow the company to demonstrate compliance with the round lot shareholder requirement before the immediate commencement of suspension and delisting procedures if that is the only requirement that the company cannot demonstrate compliance with before completing the Business Combination. This change is not expected to have any impact on competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 45 days of the date of publication of this notice in the **Federal Register** or up to 90 days (i) as the Commission may designate if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

(A) By order approve or disapprove the proposed rule change, or

(B) institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:
