DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

[Docket Number FRA-2008-0063]

Petition for Waiver of Compliance

Under part 211 of Title 49 Code of Federal Regulations (CFR), this document provides the public notice that on March 23, 2018, the Memphis Area Transit Authority (MATA) petitioned the Federal Railroad Administration (FRA) for a waiver of compliance from certain provisions of the Federal railroad safety regulations contained at Title 49 CFR. FRA assigned the petition Docket Number FRA-2008-0063.

In its petition, MATA seeks to extend the terms and conditions of its Shared Use waiver, originally granted by FRA's Railroad Safety Board (Board) on October 31, 2008, and extended in 2013. MATA seeks a permanent waiver of compliance from some sections of Title 49 of the CFR for operation of its vintage Riverfront Streetcar line, which features "limited connections" to the general railroad system, including a 1.5-mile shared corridor with the Canadian National Railway (CN) and Amtrak. This shared corridor includes a diamond at-grade rail crossing of the CN/Amtrak track by the Streetcar and 11 shared highway-rail grade crossings. All shared highway-rail at-grade crossings have signalized crossing protection. Also, the diamond at-grade rail crossing is fully interlocked and signaled. All maintenance of the right-of-way is performed by CN forces. MATA ceased operation of its streetcars in 2014 after two fires onboard its rolling stock. MATA hopes to reopen the Riverfront Streetcar line in summer 2018 with overhauled/rebuilt streetcars.

MATA again seeks partial relief from 49 CFR part 225, *Railroad Accidents/Incidents: Reports Classification and Investigations*, regarding employee injuries, because it already reports them to the Federal Transit Administration and the Occupational Safety and Health Administration.
