

Burden Statement: Commission staff analyzed the proposed and currently enforced standards and has concluded that while information collection requirements have been deleted, added, and/or changed, the overall paperwork burden and applicable respondent universe remains unchanged. To improve accounting of the burden, the Commission recognizes that in the transition from VAR-001-3 to VAR-001-4 (requirement R1) there is a decrease in documentation related to policies and procedures. However, the transmission operators are now required to have documentation related to system

voltage and reactive power schedules as well as documentation related to coordination with adjacent transmission operators and applicable reliability coordinators. The Commission estimates that this transition leads to a decrease of 160 hours as well as an increase of 160 hours, for a net change of zero. The Commission seeks comment on whether this estimate is accurate.

For the transition from VAR-002-2b to VAR-002-3, the Commission estimates that changes in requirement R1 lead to an increase of 80 hours for recordkeeping and changes in requirement R2 lead to an increase in 120 hours for documentation. However,

the Commission estimates a decrease of the same magnitude (200 hours) related to the changes in requirements R3 and R4. The remaining information collection requirements in the two standards remain essentially unchanged.

Based on the above estimates, the Commission intends to submit a total reduction of 204,240 hours from FERC-725A and a total increase of 204,240 hours into FERC-725X, a new collection FERC is using to account for burden related to VAR reliability standards. The following table summarizes the burden changes:

Changes	Number of respondents ⁴	Number of responses per respondent	Average burden hours per response	Total annual burden hours	Total annual cost ⁵
	(1)	(2)	(3)	(1)×(2)×(3)	
VAR-001-4 Requirement R1 Increase (FERC-725X)	184 (TOP)	1	160	29,440	\$1,766,400
VAR-001-4 Requirement R1 Decrease (FERC-725A)	184 (TOP)	1	-160	-29,440	-1,766,400
VAR-002-3 Requirement R1 Increase (FERC-725X)	874 (GOP)	1	80	69,920	4,195,200
VAR-002-3 Requirement R2 Increase (FERC-725X)	874 (GOP)	1	120	104,880	6,292,800
VAR-002-3 Requirements R3 and R4 Decrease (FERC-725A)	874 (GOP)	1	-200	-174,800	-10,488,000
