DEPARTMENT OF TRANSPORTATION**Federal Transit Administration****Preparation of a Supplemental Draft Environmental Impact Statement on East-West Corridor Transit Improvements in Miami-Dade County, FL**

AGENCIES: Federal Transit Administration (FTA), U.S. Department of Transportation (DOT).

ACTION: Notice of intent to prepare a supplemental draft environmental impact statement.

SUMMARY: The Federal Transit Administration (FTA) and Miami-Dade Transit (MDT) intend to prepare a Supplemental Draft Environmental Impact Statement (SDEIS) in accordance with the National Environmental Policy Act of 1969 (NEPA), for the proposed East-West Transit Corridor Study in Miami-Dade County, Florida, between Florida International University (FIU) and the Miami Intermodal Center (MIC) at Miami International Airport (MIA). The SDEIS will evaluate at least three alternatives: a No-Build Alternative; a Transportation System Management (TSM) Alternative; a Build Alternative; and any reasonable alternatives uncovered during the public scoping process. Scoping will be accomplished through meetings and correspondence with interested persons, organizations, the general public, Federal, State and local agencies. MDT will create a Coordination Plan to actively include

public and participating agency involvement and comment during the entire NEPA process. The Coordination Plan will be found on the East-West Corridor Web site at <http://www.miamidade.gov/transit>. The purpose of this Notice of Intent is to re-notify interested parties of the intent to prepare the SDEIS and invite participation in the Study. An Advance Notification for the original East-West Corridor Multimodal Project was issued in 1993. The study area being evaluated in this SDEIS traverses the western portion (*i.e.*, FIU to MIC) of the entire East-West Corridor between FIU and the Port of Miami that was studied in the East-West Multimodal Corridor Major Investment Study/Draft Environmental Impact Statement (MIS/DEIS) in 1995 and the East-West Multimodal Corridor Final Environmental Impact Statement (FEIS) in 1998. A Locally Preferred Alternative (LPA)/Minimum Operable Segment (MOS) emerged from this process and was the subject of a Record of Decision jointly issued by the Federal Highway Administration (FHWA) and FTA in 1998. With approval of the People's Transportation Plan (PTP) by Miami-Dade County voters in 2002, along with changes in growth and development along the western portion of the corridor, a redefinition of planned transit investments resulted in the locally proposed alternative. It is the intention of this action to improve mobility in the East-West Corridor.

DATES: *Comment Due Date:* Written comments on the scope of the alternatives and impacts to be considered should be sent to Ms. Maria C. Batista, Project Manager by June 30, 2006. See **ADDRESSES** below. *Scoping Meetings:* A Miami-Dade Transit agency coordination meeting will be held on Wednesday, June 7, 2006 from 2 p.m. to 5 p.m. at Florida International University, Miami, Florida.
