

control of existing populations in a cost-effective and environmentally sound manner. In addition, this action will provide for restoration of native species and habitat in ecosystems that have been invaded. The proposed action would result in amendments to existing National Forest Land and Resource Management Plans, which earlier incorporated decisions made through the 1988 Record of Decision/FEIS for Managing Competing and Unwanted Vegetation, and the 1989 Mediated Agreement. This action would replace the portions of the Record of Decision and Mediated Agreement that addresses invasive species.

Proposed Scoping

Public participation is an important part of the analysis. The Forest Service is seeking information, comments, and assistance from Federal, State and local agencies, tribes, and other individuals or organizations who may be interested in or affected by the proposed action. Comments submitted during the scoping process should be in writing. They should be specific to the action being proposed and should describe as clearly and completely as possible any issues the commentor has with the proposal. This input will be used in preparation of the draft EIS.

In addition to this scoping, the public may visit Forest Service officials at any time during the analysis and prior to the decision. To facilitate public participation additional scoping opportunities will include: a scoping letter, public meetings (dates and locations yet to be determined), newsletters, and a Web site with address (<http://www.fs.fed.us/r6/invasiveplant-eis>).

Preliminary Issues Identified to Date

Preliminary issues that have been identified are:

- Invasive plant infestations are expanding and threatening the health and stability of native plant communities and ecosystems.
- The application of herbicides, as one potential treatment method, may pose risks to human health and the environment, including soil, water, native plants, fish, and wildlife resources.

Alternatives Considered

The No Action alternative will serve as a baseline for comparison of alternatives. This alternative will be no change from current management of the Forests and will be fully developed and analyzed. The proposed action, as described above will be considered as an alternative. Additional alternatives

may be developed around the proposed action to address issues identified in the scoping and public involvement process.

Estimated Dates for Draft and Final EIS

The draft EIS is expected to be filed with the Environmental Protection Agency (EPA) and to be available for public comment by July 2003. The comment period on the draft EIS will be 45 days from the date the EPA publishes the notice of availability in the **Federal Register**.

The Forest Service believes, at this early stage, it is important to give reviewers notice of several court rulings related to public participation in the environmental review process. First, reviewers of the draft EIS must structure their participation in the environmental review of the proposal so that it is meaningful and alerts an agency to the reviewer's position and contentions. *Vermont Yankee Nuclear Power Corp. v. NRDC*, 435 U.S. 519.553 (1978). Also, environmental objectives that could be raised at the draft EIS stage but that are not raised until after the completion of the final EIS may be waived or dismissed by the courts. *City of Angoon v. Hodel*, 803 F. 2d 1016, 1022 (9th Cir. 1986) and *Wisconsin Heritage, Inc. v. Harris*, 490 F. Supp. 1334 (E.D. Wis. 1980). Because of these court rulings, it is very important that those interested in this proposed action participate by the close of the 45-day comment period; so that substantive comments and objections are made available to the Forest Service at a time when it can meaningfully consider them and respond to them in the final EIS.

To assist the Forest Service in identifying and considering issues and concerns on the proposed action, comments on the draft EIS should be as specific as possible. It is also helpful if the comments refer to specific pages or chapters of the draft statement. Comments may also address the adequacy of the draft EIS or the merits of the alternatives formulated and discussed in the statement. Reviewers may wish to refer to the Council on Environmental Quality Regulations for implementing the procedural provision of the National Environmental Policy Act (40 CFR 1503.3) in addressing these points.

Comments received in response to this solicitation, including names and addresses of those who comment, will be considered part of the public record on this proposed action and will be available for public inspection. Comments submitted anonymously will be accepted and considered; however, those who submit anonymous

comments may not have standing to appeal the subsequent decision under 36 CFR part 215. Additionally, pursuant to 7 CFR 1.27(d), any person may request the agency to withhold a submission from the public record by showing how the Freedom of Information Act (FOIA) permits such confidentiality. Persons requesting such confidentiality should be aware that, under the FOIA, confidentiality may be granted in only very limited circumstances, such as to protect trade secrets. The Forest Service will inform the requester of the agency's decision regarding the request for confidentiality, and where the request is denied, the agency will return the submission and notify the requester that the comments may be resubmitted with or without name and address within a specified number of days.

Comments on the draft EIS will be analyzed, considered, and responded to by the Forest Service in preparing the final EIS. The final EIS is scheduled to be completed in December 2003. The Regional Forester for the Pacific Northwest Region is the responsible official and as such will consider comments, responses, environmental consequences discussed in the final EIS, and applicable laws, regulations, and policies in making a decision regarding this proposed action. The responsible official will document the decision and rationale for the decision in the Record of Decision. It will be subject to Forest Service Appeal Regulations (36 CFR part 215).

Richard W. Sowa,

Acting Deputy Regional Forester.

BROADCASTING BOARD OF GOVERNORS

Sunshine Act Meeting

DATE AND TIME: September 10, 2002; 2 p.m.-5 p.m.

PLACE: Cohen Building, Room 3321, 330 Independence Ave., SW., Washington, DC 20237.

CLOSED MEETING: The members of the Broadcasting Board of Governors (BBG) will meet in closed session to review and discuss a number of issues relating to U.S. Government-funded non-military international broadcasting. If necessary, the Board will reconvene the following day to conclude its business. They will address internal procedural, budgetary, and personnel issues, as well as sensitive foreign policy issues

relating to potential options in the U.S. international broadcasting field. This meeting is closed because if open it likely would either disclose matters that would be properly classified to be kept secret in the interest of foreign policy under the appropriate executive order (5 U.S.C. 552b.(c)(1)) or would disclose information the premature disclosure of which would be likely to significantly frustrate implementation of a proposed agency action. (5 U.S.C. 552b.(c)(9)(B)) In addition, part of the discussion will relate solely to the internal personnel and organizational issues of the BBG or the International Broadcasting Bureau. (5 U.S.C. 552b.(c)(2) and (6)).
