[Project No. 14066-002]

Inside Passage Electric Cooperative; Alaska; Notice of Availability of Environmental Assessment

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission's or FERC's) regulations, 18 CFR Part 380 (Order No. 486 52 FR 47,897), the Office of Energy Projects has reviewed the application for an original license to construct the Gartina Falls Hydropower Project, and has prepared an environmental assessment (EA). The proposed 450-kilowatt project would be located on Gartina Creek, near the Town of

Hoonah, Alaska. The project would not occupy any federal lands.

The EA includes staff's analysis of the potential environmental impacts of the project and concludes that licensing the project, with appropriate environmental measures, would not constitute a major federal action that would significantly affect the quality of the human environment.

A copy of the EA is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov>, using the "eLibrary" link.
