Request for Nominations: The SAB Staff Office is requesting nominations of nationally recognized experts with expertise in the assessment of health effects for Methanol in one or more of the following areas: Metabolism, toxicokinetics, toxicology, mechanisms of toxicity and carcinogenicity, epidemiology, statistics, and risk assessment. In addition, the SAB is requesting nominations of experts in the areas of lymphoma pathology and rodent infectious diseases, including *Mycoplasma pulmonis.*

Process and Deadline for Submitting Nominations: Any interested person or organization may nominate qualified individuals for possible service on the Methanol Panel in the areas of expertise described above. Nominations should be submitted in electronic format (which is preferred over hard copy) following the instructions for ''Nominating Experts to Advisory Panels and Ad Hoc Committees Being Formed'' provided on the SAB Web site. The instructions can be accessed through the ''Nomination of Experts'' link on the blue navigational bar on the SAB Web site at *http://www.epa.gov/sab.* To receive full consideration, nominations should include all of the information requested.

EPA's SAB Staff Office requests: contact information about the person making the nomination; contact information about the nominee; the disciplinary and specific areas of expertise of the nominee; the nominee's curriculum vita; sources of recent grant and/or contract support; and a biographical sketch of the nominee indicating current position, educational background, research activities, and recent service on other national advisory committees or national professional organizations.

Persons having questions about the nomination procedures, or who are unable to submit nominations through the SAB Web site, should contact Mr. Edward Hanlon, DFO, as indicated above in this notice. Nominations should be submitted in time to arrive no later than November 10, 2009. EPA values and welcomes diversity. In an effort to obtain nominations of diverse candidates, EPA encourages nominations of women and men of all racial and ethnic groups.

The EPA SAB Staff Office will acknowledge receipt of nominations. The names and biosketches of qualified nominees identified by respondents to the **Federal Register** notice and additional experts identified by the SAB Staff will be posted on the SAB Web site at *http://www.epa.gov/sab.* Public comments on this ''Short List'' of candidates will be accepted for 21 calendar days. The public will be requested to provide relevant information or other documentation on nominees that the SAB Staff Office should consider in evaluating candidates.

For the EPA SAB Staff Office, a balanced subcommittee or review panel includes candidates who possess the necessary domains of knowledge, the relevant scientific perspectives (which, among other factors, can be influenced by work history and affiliation), and the collective breadth of experience to adequately address the charge. In establishing the Methanol Panel, the SAB Staff Office will consider public comments on the ''Short List'' of candidates, information provided by the candidates themselves, and background information independently gathered by the SAB Staff Office. Selection criteria to be used for Panel membership include: (a) Scientific and/or technical expertise, knowledge, and experience (primary factors); (b) availability and willingness to serve; (c) absence of financial conflicts of interest; (d) absence of an appearance of a lack of impartiality; and (e) skills working in committees, subcommittees and advisory panels; and, for the Panel as a whole, (f) diversity of, and balance among scientific expertise and viewpoints.

The SAB Staff Office's evaluation of an absence of financial conflicts of interest will include a review of the ''Confidential Financial Disclosure Form for Special Government Employees Serving on Federal Advisory Committees at the U.S. Environmental Protection Agency'' (EPA Form 3110–48). This confidential form allows Government officials to determine whether there is a statutory conflict between that person's public responsibilities (which includes membership on an EPA Federal advisory committee) and private interests and activities, or the appearance of a lack of impartiality, as defined by Federal regulation. The form may be viewed and downloaded from the following URL address: *http://www.epa.gov/sab/pdf/epaform3110–48.pdf.*

The approved policy under which the EPA SAB Office selects subcommittees and review panels is described in the following document: *Overview of the Panel Formation Process at the Environmental Protection Agency Science Advisory Board* (EPA–SAB–EC–02–010), which is posted on the SAB Web site at *http://www.epa.gov/sab/pdf/ec02010.pdf.*

Dated: October 13, 2009

Anthony F. Maciorowski,

Deputy Director, EPA Science Advisory Board Staff Office.
