An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. SUPPLEMENTARY INFORMATION:

OMB Control No.: 3060-0942.

Title: Access Charge Reform, Price Cap Performance Review for Local Exchange Carriers, Low-Volume Long Distance Users, Federal-State Joint Board on Universal Service.

Form No.: N/A.

Type of Review: Revision of a currently approved collection.

Respondents: Business or other for-profit.

Number of Respondents: 27 respondents; 108 responses.

Frequency of Response: Recordkeeping requirement, third party disclosure requirement and quarterly and annual reporting requirements.

Total Annual Burden: 6,677 hours.

Needs and Uses: The Commission took action to further accelerate the development of competition in the local and long-distance telecommunications markets, and to further establish explicit universal service support that will be sustainable in an increasingly competitive marketplace, pursuant to the mandate of the 1996 Act. The

Commission requires tariff filings, quarterly and annual data filings and cost support information to be reported under the Coalition for Affordable Local and Long Distance Service (CALLS) proposal.

The burden for this information collection has been reduced by 6,081 hours due the completion of the October 15, 2000 supplemental filing. As noted in our previous submission to the Office of Management and Budget (OMB), carriers were required to make a one-time supplemental filing to update the state-approved unbundled network element (UNE)-zones.

OMB Control No.: 3060-0943.

Needs and Uses: Section 54.809, of the Commission's rules, requires each price cap or competitive LEC that wishes to receive universal service support to file an annual certification with the Universal Service Administrative Company (USAC) and the Commission. The certification must state that the carrier will use its interstate access universal service support only for the provision, maintenance, and upgrading of facilities and services for which the support is intended.

Federal Communications Commission.
