

Estimated Time Per Response: 18 hours.

Frequency of Response: On occasion and one-time reporting requirements, recordkeeping requirement and third party disclosure requirement.

Obligation to Respond: Required to obtain or retain benefits.

Total Annual Burden: 101,790 hours.

Total Annual Cost: \$1,131,000.

Privacy Act Impact Assessment: N/A.

Nature and Extent of Confidentiality: Commission rules require equipment testing to determine performance and compliance with FCC rules and standards. This testing is typically done by independent testing laboratories whose measurement facility has been reviewed by the Commission, or by an accrediting organization recognized by the Commission. The Commission believes that the independent testing laboratories and accrediting organizations endeavor to protect any propriety, patents and/or trade secrets, related to RF equipment devices they test. The Commission, itself, may also provide a guarantee of confidentiality for information collected, if the request for confidentiality meets the requirements of 47 CFR 0.457(d) and a request for confidential treatment is submitted in accordance with 47 CFR 0.457.

Needs and Uses: The Commission will submit this information collection to the Office of Management and Budget (OMB) after this 60 day comment period in order to obtain the full three year clearance from them. The Commission is requesting an extension (no change in reporting, recordkeeping and/or third party disclosure requirements) and there is no change in the estimated annual hourly burden or the annual cost burden.

The Commission rules in 47 CFR parts 15 and 18 require manufacturers of radio frequency (RF) equipment devices to gather and retain technical data on their equipment to verify compliance with established technical standards for each device operated under the applicable rule part. Testing and verification aid in controlling potential harmful interference to radio communications. The information may be used to determine that the equipment marketed complies with the applicable Commission rules and that the operation of the equipment is consistent with the initially documented test results. The information collected and used is essential to controlling potential interference to radio communications.

OMB Control Number: 3060-1042.

Title: Request for Technical Support—Help Request Form.

Form No.: N/A—Electronic only.

Type of Review: Revision of a currently approved collection.

Respondents: Individuals or households, business or other for-profit; not-for-profit institutions, and state, local or tribal government.

Number of Respondents: 42,300 respondents; 42,300 responses.

Estimated Time Per Response: 8–10 minutes (.133 hours.)

Frequency of Response: On occasion reporting requirement and recordkeeping requirement.

Obligation to Respond: Voluntary. There is no statutory authority for this information collection. The Commission developed this information collection (IC) on its own motion to assist users of the Universal Licensing System (US) or other electronic FCC systems.

Total Annual Burden: 5,640 hours.

Total Annual Cost: \$569,640.

Privacy Act Impact Assessment: Yes. The FCC has a system of records notice, FCC/WTB-7, “Remedy Action Request System (RARS)” to cover personally identifiable information effected by these information collection requirements. At this time, the FCC is required to complete a Privacy Act Impact Assessment.

Nature and Extent of Confidentiality: Submission of the electronic form is voluntary. In general there is no need for confidentiality. On a case-by-case basis, the Commission may be required to withhold from disclosure certain information about the location, character, or ownership of a historic property, including traditional religious sites.

Needs and Uses: The Commission will submit this information collection to the Office of Management and Budget (OMB) after this 60 day comment period in order to obtain the full three year clearance from them. The Commission is requesting a revision; with an increase in the number of respondents/responses; burden hours and annual costs.

We are streamlining this collection to improve the quality of information provided by the respondents. The revised form uses a wizard design in which applicants select the type of inquiry they are submitting and then provide data relevant to that on-line system. The form is also being expanded to facilitate the collection of information regarding problems customers are having with the FCC Web site. This results in incomplete submissions and an additional burden is being placed on both the public customer and the FCC staff.

The FCC’s Wireless Telecommunications Bureau (WTB) maintains Internet software used by the

public to apply for licenses, participate in auctions for spectrum, and maintain license information. In this mission, FCC has created a “help desk” that answers questions/inquiries to these systems as well as resetting and/or issuing the Web site <https://esupport.fcc.gov/request.htm/> under this OMB control number (displayed above). This form will continue to substantially decrease public and FCC staff burden since all the information needed to a support request will be submitted in a standardized format but be available to a wider audience. This eliminates or at least minimizes the need to follow-up with public customers to obtain all the information necessary to respond to their request. This form also presorts requests into previously defined categories to appropriate FCC staff to respond in a timelier manner.

Federal Communications Commission.

Marlene H. Dortch,

Secretary.

BILLING CODE 6712-01-P

FEDERAL COMMUNICATIONS COMMISSION

Federal Advisory Committee Act; Advisory Committee on Diversity for Communications in the Digital Age

AGENCY: Federal Communications Commission.

ACTION: Notice of public meeting.

SUMMARY: In accordance with the Federal Advisory Committee Act, this notice advises interested persons that the Federal Communications Commission’s (FCC) Advisory Committee on Diversity for Communications in the Digital Age (“Diversity Committee”) will hold a meeting on October 28th, 2008, at 10:00 a.m. in the Commission Meeting Room of the Federal Communications Commission, Room TW–C305, 445 12th Street, SW., Washington, DC 20554. Reports from the subcommittees will be presented. Barbara Kreisman is the Diversity Committee’s Designated Federal Officer.

DATES: October 28th, 2008.

ADDRESSES: Federal Communications Commission, Room TW–C305 (Commission Meeting Room), 445 12th Street, SW., Washington, DC 20554.

FOR FURTHER INFORMATION CONTACT: Barbara Kreisman, Designated Federal Officer of the FCC’s Diversity Committee (202) 418–1600 or e-mail: Barbara.kreisman@fcc.gov

SUPPLEMENTARY INFORMATION: At this meeting, the Diversity Committee will discuss and consider possible areas in which to develop recommendations that will further enhance the ability of minorities and women to participate in the telecommunications and related industries.

Members of the general public may attend the meeting. The FCC will attempt to accommodate as many people as possible. However, admittance will be limited to seating availability. The public may submit written comments before the meeting to: Barbara Kreisman, the FCC's Designated Federal Officer for the Diversity Committee by e-mail: Barbara.Kreisman@fcc.gov or U.S. Postal Service Mail (Barbara Kreisman, Federal Communications Commission, Room 2-A665, 445 12th Street, SW., Washington, DC 20554).

Open captioning will be provided for this event. Other reasonable accommodations for people with disabilities are available upon request. Requests for such accommodations should be submitted via e-mail to fcc504@fcc.gov or by calling the Consumer & Governmental Affairs Bureau at (202) 418-0530 (voice), (202) 418-0432 (tty). Such requests should include a detailed description of the accommodation needed. In addition, please include a way we can contact you if we need more information. Please allow at least five days advance notice; last minute requests will be accepted, but may be impossible to fill.

Additional information regarding the Diversity Committee can be found at <http://www.fcc.gov/DiversityFAC>.
