

Estimated Cost: Cost to respondents is estimated at \$50.00 per hour, per respondent for a total of \$1,080,000 annually. The cost to the Federal Government is estimated to be \$2,500,000 annually.

Comments: Written comments are solicited to (a) evaluate whether the proposed data collection is necessary for the proper performance of the agency, including whether the information shall have practical utility; (b) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) enhance the quality, utility, and clarity of the information to be collected; and (d) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses. Submit comments by January 25, 2002.

ADDRESSES: Interested persons should submit written comments to Muriel B. Anderson, Chief, Records Management Section, Program Services and Systems Branch, Facilities Management and Division, Administration and Resource Planning Directorate, Federal Emergency Management Agency, 500 C Street, SW., Room 316, Washington, DC 20472. We encourage you to submit comments either by fax—(202) 646–3347—or by e-mail—muriel.anderson@fema.gov.

FOR FURTHER INFORMATION CONTACT: Contact Cecelia Lynch, Program Specialist, Federal Insurance and Mitigation Administration at (202) 646–7045 for additional information about this proposed collection of information. Contact Ms. Anderson at (202) 646–2625 for copies of the proposed OMB clearance package.

Dated: November 15, 2001.

Muriel B. Anderson,

Acting Branch Chief, Program Services and Systems Branch, Facilities Management and Services Division, Administration and Resource Planning Directorate.

BILLING CODE 6718–01–P

FEDERAL RESERVE SYSTEM

Formations of, Acquisitions by, and Mergers of Bank Holding Companies

The companies listed in this notice have applied to the Board for approval, pursuant to the Bank Holding Company

Act of 1956 (12 U.S.C. 1841 *et seq.*) (BHC Act), Regulation Y (12 CFR Part 225), and all other applicable statutes and regulations to become a bank holding company and/or to acquire the assets or the ownership of, control of, or the power to vote shares of a bank or bank holding company and all of the banks and nonbanking companies owned by the bank holding company, including the companies listed below.

The applications listed below, as well as other related filings required by the Board, are available for immediate inspection at the Federal Reserve Bank indicated. The application also will be available for inspection at the offices of the Board of Governors. Interested persons may express their views in writing on the standards enumerated in the BHC Act (12 U.S.C. 1842(c)). If the proposal also involves the acquisition of a nonbanking company, the review also includes whether the acquisition of the nonbanking company complies with the standards in section 4 of the BHC Act (12 U.S.C. 1843). Unless otherwise noted, nonbanking activities will be conducted throughout the United States. Additional information on all bank holding companies may be obtained from the National Information Center website at www.ffiec.gov/nic/.

Unless otherwise noted, comments regarding each of these applications must be received at the Reserve Bank indicated or the offices of the Board of Governors not later than December 19, 2001.

A. Federal Reserve Bank of Chicago (Phillip Jackson, Applications Officer) 230 South LaSalle Street, Chicago, Illinois 60690–1414:

1. *Spector Properties, Inc.*, Chicago, Illinois; to become a bank holding company by retaining 23.8 percent of the voting shares of Andalusia Community Bank, Andalusia, Illinois.

B. Federal Reserve Bank of Kansas City (Susan Zubradt, Assistant Vice President) 925 Grand Avenue, Kansas City, Missouri 64198–0001:

1. *Valley View Bancshares, Inc.*, Overland Park, Kansas; to acquire 100 percent of the voting shares of Guaranty Bancshares Corporation, Kansas City, Kansas, and thereby acquire Guaranty Bank and Trust, Kansas City, Kansas.

Board of Governors of the Federal Reserve System, November 19, 2001.

Robert deV. Frierson,

Deputy Secretary of the Board.

[60Day–02–10]

Proposed Data Collections Submitted for Public Comment and Recommendations

In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 for opportunity for public comment on proposed data collection projects, the Centers for Disease Control and Prevention (CDC) will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the data collection plans and instruments, call the CDC Reports Clearance Officer on (404) 639–7090.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Send comments to Anne O'Connor, CDC Assistant Reports Clearance Officer, 1600 Clifton Road, MS–D24, Atlanta, GA 30333. Written comments should be received within 60 days of this notice.

Proposed Project

National Assessment of Health Care Services Provided in Homeless Shelters/Soup Kitchens—New—Centers for Disease Control and Prevention (CDC), National Center for Infectious Diseases (NCID). This Proposed study will collect information for determining, on a national basis, what facilities homeless shelters or soup kitchens currently have and what services are currently offered that might be used to integrate hepatitis prevention activities.

There is one phase of data collection anticipated. This would occur in the Spring of 2002, and will consist of surveys of 200 centers of varying types. Telephone follow-up of initial respondents in the event clarification of responses is needed will be conducted. Respondents will be managers or designees of homeless shelters or soup kitchens. The total time involved to the

respondent is 60 minutes. There is no cost to respondents.

Respondents	No. of re- spondents	No. of re- sponses per respondent	Average bur- den per re- sponse (in hrs.)	Total burden (in hrs.)
Homeless Shelters	100	30	1	3000
Soup Kitchens	100	30	1	3000
Total				6000

Dated: November 19, 2001.

Nancy E. Cheal,

Acting Associate Director for Policy, Planning and Evaluation, Centers for Disease Control and Prevention.

Proposed Project

Radiation Dose Reconstruction—NEW—The National Institute for Occupational Safety and Health (NIOSH), Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (DHHS). On October 30, 2000, the Energy Employees Occupational Illness Compensation Program Act of 2000 (Public Law 106-398) was enacted. This Act established a federal compensation program for employees of the Department of Energy (DOE) or certain of its contractors, subcontractors and vendors, who have suffered cancers and other designated illnesses as a result of exposures sustained in the production and testing of nuclear weapons.

Executive Order 13179 was issued on December 7, 2000; it delegated authorities assigned to "the President" under the Act to the Departments of Labor, Health and Human Services, Energy, and Justice. The Department of Health and Human Services (DHHS) was delegated the responsibility of establishing methods for estimating radiation doses received by eligible claimants with cancer applying for compensation. NIOSH is to apply these methods to estimate the radiation doses of such individuals applying for compensation.

In performance of its dose reconstruction responsibilities under the Act, NIOSH will interview claimants (or their survivors) individually and provide them with the opportunity, through a structured interview, to assist NIOSH in documenting the work history of the employee (characterizing the actual work tasks performed), identifying incidents that may have resulted in undocumented radiation exposures, characterizing radiologic protection and monitoring practices, and identifying co-workers and other witnesses as may be necessary to

confirm undocumented information. In this process, NIOSH will use a computer assisted telephone interview (CATI) system, which will allow interviews to be conducted more efficiently and quickly than would be the case with a paper-based interview instrument.

NIOSH will use the data collected in this process to complete an individual dose reconstruction that accounts as fully as possible for all possible radiation dose incurred by the employee in the line of duty for DOE nuclear weapons production programs. After dose reconstruction, NIOSH will also perform a brief final interview with the claimant, to explain the results and to allow the claimant to confirm or question the record NIOSH has compiled. This will also be the final opportunity for the claimant to supplement the dose reconstruction record.

At the conclusion of the dose reconstruction process, the claimant will need to submit a form (OCAS-1) to confirm that all information available to the claimant has been provided. The form will notify the claimant that signing the form allows NIOSH to forward a dose reconstruction report to DOL and to the claimant, and closes the record on data used for the dose reconstruction. The dose reconstruction results will be supplied to the claimant and to the DOL, which will factor them into its determination whether the claimant is eligible for compensation under the Act.

On October 31, 2001, the Office of Management and Budget approved DHHS' request for emergency Paperwork Reduction Act clearance, so that NIOSH could begin its dose reconstruction duties under the Act. That emergency clearance expires on April 30, 2002. This notice pertains to DHHS' request for normal Paperwork Reduction Act clearance to permit NIOSH to continue conducting dose reconstruction activities after April 30, 2002. There is no cost to respondents.
