SURFACE TRANSPORTATION BOARD

[Docket No. AB 254 (Sub-No. 11X)]

Providence and Worcester Railroad Company—Discontinuance of Service Exemption—in Middlesex County, Conn.

On March 19, 2019, Providence and Worcester Railroad Company (P&W) filed with the Board a petition under 49 U.S.C. 10502 for exemption from the prior approval requirements of 49 U.S.C. 10903 to discontinue common carrier rail service over an approximately 0.74-mile rail line that extends between milepost 0.22 +/- and the end of the line segment at milepost 0.96 in Portland, Middlesex County, Conn. (the Line). The Line traverses U.S. Postal Service Zip Code 06480.

According to P&W, the Line is the stub end of a line of railroad known as the Portland Industrial Track that is owned by the Connecticut Department of Transportation (CDOT) and is subject to a lease originally entered between CDOT and P&W’s predecessor, the Connecticut Central Railroad Company. *See Conn. Cent. R.R.—Exemption Operation—Certain Lines of the State of Conn.*, FD 31045 (ICC served June 3, 1987). P&W explains that, since 2009, there has been one active rail customer on the Line, RED Technologies, LLC (REDTECH). P&W states that it seeks an exemption to discontinue service over the Line in order to facilitate the expansion of REDTECH’s business. According to P&W, REDTECH shipped/received 402 carloads of freight in 2018, and REDTECH anticipates that its traffic will increase if it can obtain additional track for its plant switching operations and would like to use the Line for that purpose.¹ Because there are no other customers on the Line, P&W states that it is willing to sublease the Line to REDTECH if P&W is permitted to discontinue its common carrier service over the Line. P&W further explains that

¹ The petition indicates that REDTECH also would build a side track on its property alongside the Line.
