Certain Magnesia Carbon Bricks From the People's Republic of China: Final Results of Antidumping Duty Administrative Review and Final Determination of No Shipments, In Part; 2017-2018

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) continues to determine that two companies under review had no shipments of subject merchandise during the period of review (POR), September 1, 2017 through August 31, 2018. Additionally, Commerce continues to determine that the remaining companies subject to this

review are part of the China-wide entity because they failed to file no shipment statements, separate rate applications, or separate rate certifications.

DATES: Applicable February 20, 2020.

FOR FURTHER INFORMATION CONTACT: Nathan James, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-5305.

SUPPLEMENTARY INFORMATION:

Background

On October 16, 2019, Commerce published the preliminary results of the administrative review of the antidumping duty order on certain magnesia carbon bricks from the People's Republic of China (China) for the period September 1, 2017 through August 31, 2018.¹ We invited parties to comment on the *Preliminary Results*. No party submitted comments. Accordingly, the final results remain unchanged from the *Preliminary Results*.

Scope of the Order

The scope of the *Order* covers certain magnesia carbon bricks.² For a complete description of the scope of the *Order*, see the Preliminary Decision Memorandum.

Final Determination of No Shipments and Status of the China-Wide Entity

Commerce preliminarily found that: (1) Fedmet Resources Corporation (Fedmet); and (2) Fengchi Imp. and Exp. Co., Ltd., Fengchi Imp. and Exp. Co., Ltd. of Haicheng City, Fengchi Mining Co., Ltd. of Haicheng City, and Fengchi Refractories Co., of Haicheng City (collectively, Fengchi) had no reviewable entries, shipments, or sales of subject merchandise to the United States during the POR. As noted in Preliminary Decision Memorandum, we received no shipment statements from Fedmet and Fengchi, and these statements were consistent with the information we received from U.S. Customs and Border Protection (CBP).³

¹ See *Certain Magnesia Carbon Bricks from the People's Republic of China: Preliminary Results of the Antidumping Duty Administrative Review; 2017-2018*, 84 FR 55287 (October 16, 2019) (*Preliminary Results*); and Memorandum, "Decision Memorandum for the Preliminary Results of the Administrative Review of the Antidumping Duty Order on Certain Magnesia Carbon Bricks from the People's Republic of China; 2017-2018," dated October 9, 2019 (Preliminary Decision Memorandum).

² See *Certain Magnesia Carbon Bricks from Mexico and the People's Republic of China: Antidumping Duty Orders*, 75 FR 57257 (September 20, 2010) (*Order*).

³ See Preliminary Decision Memorandum at 2.

No party commented on our preliminary no-shipment finding with respect to Fedmet and Fengchi, and no party submitted record evidence that calls this finding into question. Therefore, for these final results, we continue to find that Fedmet and Fengchi did not have any reviewable entries, shipments, or sales of subject merchandise to the United States during the POR.

With the exceptions of Fedmet and Fengchi, we find all other companies for which a review was requested to be part of the China-wide entity because they failed to file no-shipment statements, separate rate applications, or separate rate certifications. The following companies, accordingly, are part of the China-wide entity: Liaoning Zhongmei High Temperature Material Co., Ltd., Liaoning Zhongmei Holding Co., Ltd., RHI Refractories Liaoning Co., Ltd., Shenglong Refractories Co., Ltd., Yingkou Heping Samwha Minerals, Co., Ltd., and Yingkou Heping Sanhua Materials Co., Ltd.⁴ Because no party requested a review of the China-wide entity, and Commerce no longer considers the China-wide entity as an exporter conditionally subject to administrative reviews, we did not conduct a review of the China-wide entity. The rate previously established for the China-wide entity is 236.00 percent and is not subject to change as a result of this review.⁵

Assessment Rates

We have not calculated any assessment rates in this administrative review. Based on record evidence, we have determined that Fedmet and Fengchi had no shipments of subject merchandise and, therefore, pursuant to Commerce's assessment practice, any suspended entries that entered under their case numbers will be liquidated at the China-wide entity rate.⁶

For all remaining companies subject to this review, which are part of the China-wide entity, we will instruct CBP to liquidate their entries at the current rate for the China-wide entity (*i.e.*, 236.00 percent). Commerce intends to issue appropriate assessment instructions to CBP 15 days after the
